On motion duly made and seconded it was voted that the salary of the Highway Surveyor be increased to \$1.25 per hour while working, including car.

The vote count as taken by a show of hands was:

134 Affirmative                      63 Negative

The following committees to serve without pay as in the past:

Sewer Commissioners, Park Commissioners, Library Trustees.

Article 7. Voted unanimously: To authorize the Tree Warden to hire himself and designate the per diem wage.

On motion duly made and seconded it was voted to increase the salary of the Tree Warden to one dollar per hour while working.

Article 8. To see if the Town will vote to raise and appropriate a sum of money for the Reserve Fund to be administered during the 1947 fiscal year by the Finance Committee and that to meet said appropriation that a transfer of funds from the Overlay Surplus be authorized.

Voted unanimously: To raise and appropriate the sum of five thousand dollars (\$5,000.00) for the Reserve Fund to be administered during the 1947 fiscal year by the Finance Committee and that to meet said appropriation the transfer the sum of five thousand dollars from the Overlay Surplus Account is authorized.

Article 9. To see if the Town will vote to raise and appropriate a sum of money not exceeding one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture, and choose a Town Director as provided in Sections 41 and 45 of Chapter 128, General Laws.

Voted unanimously: To raise and appropriate the sum of one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture and named Robert A. Leland, Town Director.

Appropriation in the budget.

Article 10. To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury, a sum of money for Chapter 90, Highway construction on Oak Street, or take any action relative thereto.

Voted unanimously: To raise and appropriate the sum of three thousand dollars (\$3,000.00) to meet the Town's share of the cost of Chapter 90 Highway construction on Oak Street and that in addition the sum of nine thousand dollars (\$9,000.00) be transferred from available funds in the treasury to meet the State's and the County's share of the cost of the work, the reimbursement from the State and the County to be restored upon their receipt to the available funds in the treasury.

Article 11. To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury, a sum of money for Chapter 90, Highway Maintenance, or take any action relative thereto.

Voted unanimously: To raise and appropriate the sum of one thousand dollars (\$1,000.00) to meet the Town's share of the cost of Chapter 90 Highway Maintenance on Plymouth Street and that in addition the sum of two thousand dollars (\$2,000.00) be transferred from the available funds in the treasury to meet the State's and County's share of the cost of the work, the reimbursement from the State and County to be restored upon their receipt to the available funds in the treasury.

Article 12. Voted unanimously: To raise and appropriate the sum of one hundred dollars (\$100.00) for the purchase of supplies and care of the Service Roll of residents of the Town who served in the Armed Forces in World War II and to authorize that the appropriation be expended under the direction of the Trustees of the Public Library.

Article 13. Moved: That the Town vote to raise and appropriate the sum of twenty-one thousand four hundred and sixteen dollars (\$21,416.00) to extend the water sys-

tem on Washington Street from Pond Street to Murray Road, Murray Road to Hillcrest Road, Hillcrest Road from Murray Road to Metzler Road, Metzler Road from Washington Street to Bixby Drive, Hubbard Road from Hillcrest Road to Bixby Drive and Davenport Road from Hillcrest Road to Bixby Drive or take any action relative thereto.

The following amendment was made:

That the sum of twenty-one thousand four hundred and sixteen dollars (\$21,416.00) be raised and appropriated for the purpose of laying water main of not less than six inches in diameter on Washington Street from Pond Street to Murray Road, Murray Road to Hillcrest Road, Hillcrest Road from Murray Road to Metzler Road, Metzler Road from Washington Street to Bixby Drive, Hubbard Road from Hillcrest Road to Bixby Drive, and Davenport Road from Hillcrest Road to Bixby Drive and to meet said appropriation that the sum of one thousand four hundred and sixteen dollars (\$1,416.00) be appropriated by transfer from available funds in the treasury, and that the treasurer, with the approval of the selectmen, be authorized to borrow the sum of twenty thousand dollars (\$20,000.00) and to issue notes of the town therefor, said notes to be payable in accordance with the provisions of chapter forty-four of the General Laws, so that the whole loan shall be paid in not more than ten years from the date of issue of the first note, or at such earlier times as the treasurer and selectmen may determine.

Voted: That the sum of twenty one thousand four hundred and sixteen dollars (\$21,416.00) be raised and appropriated for the purpose of laying water main of not less than six inches in diameter on Washington Street from Pond Street to Murray Road, Murray Road to Hillcrest Road, Hillcrest Road from Murray Road to Metzler Road, Metzler Road from Washington Street to Bixby Drive, Hubbard Road from Hillcrest Road to Bixby Drive, and Davenport Road from Hillcrest Road to Bixby Drive and to meet said appropriation that the sum of one thousand four hundred and sixteen dollars (\$1,416.00) be appropriated by

transfer from available funds in the treasury, and that the Treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of twenty thousand dollars (\$20,000.00) and to issue notes of the town therefor, said notes to be payable in accordance with the provisions of chapter forty-four of the General Laws, so that the whole loan shall be paid in not more than ten years from the date of issue of the first note, or at such earlier times as the treasurer and selectmen may determine.

The vote count as taken by a show of hands was  
 Affirmative 184                      Negative 12

Article 14. To see if the Town will vote to raise and appropriate the sum of eleven thousand and ninety-one dollars (\$11,091.00) to extend the six inch water main on Spring Street to the junction of Spring Street and West Street.

No action taken.

Article 15. Voted unanimously: To raise and appropriate the sum of eleven hundred dollars (\$1,100.00) to extend the six inch water main on Washington Street, a distance of 400 feet to connect with the Whitman water system.

Article 16. To see if the Town will vote to raise and appropriate the sum of nineteen hundred and sixty dollars (\$1,960.00) to extend the four inch water main on Pleasant Avenue.

No action taken.

Article 17. To see what action the Town will take in raising the Water Rates.

Voted unanimously: To raise the Water Rate from the sum of ten dollars (\$10.00) to fourteen dollars (\$14.00) per year.

Article 18. Voted unanimously: To raise and appropriate the sum of eighteen hundred dollars (\$1,800.00) for

Hydrant Service, this amount of money to be transferred to the Water Revenue Account.

Article 19. To see if the Town will vote to raise and appropriate money for a survey of the water system by an engineering firm, or take any action relative thereto.

No action taken.

Article 20. Moved that the Town raise and appropriate the sum of one thousand dollars (\$1,000.00) this amount of money to be transferred from available funds in the treasury, for the establishment of the Retirement System of Town Employees.

Voted unanimously: To raise and appropriate the sum of one thousand dollars (\$1,000.00) this amount of money to be transferred from available funds in the treasury, for the establishment of the Retirement System of Town Employees.

Articles 21 to 25 were taken in conjunction. Voted unanimously: To raise and appropriate the sum of two hundred eighty-nine dollars (\$289.00) for the purpose of installing lights on the following streets:

Seven lights on Plymouth and Pond Streets; four lights on East Street; two lights on Chestnut Street; two lights on Walnut Street; and two lights on Church Street.

Article 26. Moved: That the Selectmen be and hereby are instructed to petition the General Court for legislation authorizing the Town to borrow outside the debt limit a sum not exceeding two hundred thousand dollars (\$200,000.00)

Voted unanimously: That the Selectmen be and hereby are instructed to petition the General Court for legislation authorizing the Town to borrow outside the debt limit, a sum not exceeding two hundred thousand dollars

(\$200,000.00) for the purpose of erecting and equipping a school building.

Article 27. To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury, a sum not exceeding nine thousand dollars (\$9,000.00) to be placed in the Stabilization Fund in accordance with the provisions of Chapter 124 of the Acts of 1945. Said fund to be available for appropriation in the future for the erection of a Grade School building.

No action taken.

Article 28. Voted unanimously: To raise and appropriate the sum of three hundred sixty-eight dollars (\$368.00) to pay a bill of the Central Garage Service Station for hire of a car for the Police Department from January 19 to March 7, 1945.

Article 29. To see if the Town will vote to improve an existing drain on West Street near the residence of Anna Hill and to raise and appropriate a sum of money therefor, or take any action relative thereto.

No action taken.

Article 30. To see if the Town will vote to improve an existing drain under Pleasant Street near the home of George Malouin and raise and appropriate a sum of money therefor, or take any action relative thereto.

No action taken.

Article 31. To see if the Town will vote to accept as a public way, a certain private way known as Stevens Court, in accordance with a layout prepared by the Board of Selectmen.

Moved: That the report of the Selectmen relative to the laying out, locating, and construction of Stevens Court as a Town Way be and the same hereby is accepted, ap-

proved, and adopted and that the said laying out and locating of Stevens Court, as aforesaid, with the several boundaries, measurements, and grades thereof, as shown by the report and plan on file in the Office of the Town Clerk, as read and exhibited at this meeting, be and hereby is accepted and allowed and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out.

Voted unanimously: To accept the report of the Selectmen relative to the laying out, locating, and construction of Stevens Court as a Town Way be and the same hereby is accepted, approved, and adopted and that the said laying out and locating of Stevens Court, as aforesaid, with the several boundaries, measurements, and grades thereof, as shown by the report and plan on file in the office of the Town Clerk, as read and exhibited at this meeting be and hereby is accepted and allowed and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out.

Article 32. To see if the Town will vote to accept as a public way, a certain private way being an extension of Pleasant Avenue and as shown on plans and descriptions, as duly filed with the Board of Selectmen.

The following motion was made and voted in the negative:

That the report of the Selectmen relative to the laying out, locating, and construction of Pleasant Avenue as a Town Way be and hereby is accepted, approved, and adopted and that the said laying out and locating of Pleasant Avenue as aforesaid, with the several boundaries, measurements, and grades thereof, as shown by the report and plan on file in the office of the Town Clerk, as read and exhibited at this meeting, be and hereby is accepted and allowed and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out.

Article 33. To see if the Town will vote to accept Chapter 85, Section 11A of the General Laws relating to the registration of bicycles or take any action thereto.

No action taken.

Article 34. To see if the Town will vote to raise and appropriate a sum of money to repair the forest fire truck, or take any action relative thereto.

Voted unanimously: To raise and appropriate the sum of four hundred dollars (\$400.00) for the purpose of repairing the forest fire truck.

Article 35. To see if the Town will vote to raise and appropriate a sum of money to purchase the rear part of the Appledorn property, Bedford Street, for use by the School Department, or take any action relative thereto.

The following motion was made and voted in the negative: That Article 35 be tabled temporarily until a committee comprised of the three selectmen, the chairman of the school board, the chairman of the finance committee and two others appointed by the moderator inquire into the approximate cost or expense entailed in making a suitable playground out of the Appledorn property, said committee to report back to a special town meeting not later than the publicly advertised date of the public auction of the property.

It was then voted: To raise and appropriate the sum of eight hundred dollars (\$800.00) for the purchase of the rear part of the Appledorn property, Bedford Street, for use by the School Department.

Article 36. To see what action the Town will take on the Highway Surveyor's wages and transportation.

No action taken (Voted in the budget)

Article 37. Voted unanimously: To raise and appropriate the sum of three hundred fifty dollars (\$350.00) for

the purpose of building a sidewalk on Keith Place from Central Street to the residence of W. A. Luddy.

Article 38. To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) for the purpose of building a new sidewalk on the westerly side of Cook Street from West Union Street to Spring Street.

Voted unanimously: To raise and appropriate the sum of five hundred dollars (\$500.00) for the purpose of building a new sidewalk, as far as the money will go, on the westerly side of Cook Street from West Union Street to Spring Street.

Article 39. Voted unanimously: To raise and appropriate the sum of five hundred dollars (\$500.00) to pay for a playground project, said appropriation to be spent under the supervision of the Park Commissioners.

Article 40. Voted unanimously: To authorize the Board of Selectmen to take by eminent domain, for school purposes, the rear part of the land owned by the heirs of the late Tony Appledorn, located at 26 Bedford Street, East Bridgewater, and to raise and appropriate the sum of eight hundred dollars (\$800.00) for land damages.

The meeting adjourned at 10:30 P. M. until Saturday morning at 7:00 A. M.

A true record; Attest.

GEORGE J. FRAHAR,

Town Clerk.

## ANNUAL TOWN ELECTION

---

Saturday, March 8, 1947

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Jr. Sr. High School Auditorium on Saturday, March 8, 1947 under a warrant issued by the Selectmen and dated February 14, 1947.

Penalty and instruction cards were posted. All other requirements of the law were observed and the polls declared open at 7:00 A. M. by Moderator George F. Zwicker.

Two sealed boxes, said to contain twenty-one hundred ballots, were delivered to the ballot clerks and a receipt obtained therefor by the Town Clerk.

Upon inspection the ballot box was found empty and registered zero. It was then locked. The keys were delivered to Constable Wilrose LaBelle, who had previously been sworn to the faithful performance of his duties.

The following Ballot Clerks and Tellers were sworn to the faithful performance of their duties by the Town Clerk.

### TELLERS

Elizabeth Campbell	Anna Murphy
Pearl V. MacNeill	Constance Marvill
Hannah Stetson	S. Elizabeth O'Brien
Louise Hoyt	Margaret Kenneally
Audie Woodworth	Marian Oakley

## SPECIAL TOWN MEETING

---

June 27, 1947

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in Elections and Town Affairs was held in the Sr. Jr. High School Auditorium on Friday, June 27, 1947 at 8:00 P. M., under a warrant issued by the Selectmen and dated June 20, 1947.

The meeting was called to order by Moderator George F. Zwicker. The warrant and the Constable's Return were read by the Town Clerk.

The following action was taken under the articles:

Article 1. Voted unanimously: To transfer the sum of five hundred dollars (\$500.00) from the Spring Street

Bridge appropriation for water main extension to the Chestnut Street appropriation for water main extension.

Article 2. Voted unanimously: To accept Section 110 of Chapter 41 of the General Laws authorizing all Public Offices of Town Departments to remain closed on Saturdays.

Article 3. Voted unanimously: To raise and appropriate the sum of One thousand dollars (\$1,000.00) to pay part of the land damage awards on Oak Street, Chapter 90 Project, and that to meet said appropriation a transfer of One thousand dollars (\$1,000.00) from available funds in the treasury is authorized and that payments of awards be under the authority of the Board of Selectmen.

Article 4. Voted: To raise and appropriate the sum of seventeen dollars (\$17.00) to install an electric light on North Central Street near the residence of Moses Kam-begian and that to meet said appropriation a transfer of the sum of seventeen dollars (\$17.00) from available funds in the treasury is authorized.

The vote count as taken by a show of hands was:

Yes	6	No	2
-----	---	----	---

It was voted to adjourn at 8:26 P. M.

A true record; Attest,

GEORGE J. FRAHAR,

Town Clerk

## SPECIAL TOWN MEETING

---

July 21, 1947

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in Elections and Town Affairs was held in the Selectmen's Room on July 21, 1947 at 7:45 P. M. under a warrant issued by the Selectmen and dated July 15, 1947.

The meeting was called to order by Moderator George F. Zwicker. The Warrant and the Constable's return were read by the Town Clerk.

The following action was taken under the article in the warrant:

Article 1. Voted unanimously: To authorize the expenditure on West Street of a portion of the money appropriated at the Annual Town Meeting in March, 1947 for Chapter 90 Maintenance on Plymouth Street, such sum to be in an amount sufficient in the opinion of the State Dept. of Public Works to seal coat the upper end of West Street.

It was voted to adjourn at 7:49 P. M.

A true Record; Attest,

GEORGE J. FRAHAR,  
Town Clerk

## STATE PRIMARY

---

October 28, 1947

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in Elections and Town Affairs, was held in the Sr. Jr. High School auditorium on October 28, 1947 under a warrant issued by the Selectmen and dated October 20, 1947.

Deaths recorded in 1947—60

**YOUR ATTENTION IS CALLED TO THE FOLLOWING**

The object of printing the registration of births, marriages, and deaths is to afford opportunity for corrections of errors and omissions. If any be noted, notice should be immediately sent to the Town Clerk, in writing, giving the correct facts, that the records may be perfected for the current year.

Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.

**GEORGE J. FRAHAR,**  
Town Clerk

## Report of Highway Surveyor

To the Honorable Board of Selectmen and Voters of East Bridgewater, Mass.

I hereby submit my annual report as highway surveyor for the year ending December 31, 1947.

The inventory is approximately the same as in the 1946 report with the exception of a new Ford Truck. Most of the Town equipment is getting old and should be replaced to avoid rising costs of repairs.

Following is a summary of work done in 1947:

### SEAL COATING

Crescent St., Hudson St., Bridge St., Walnut St., Elm St., South St., Old Plymouth St., Thacher St. and Morse Ave.

### SIDEWALKS

Bedford Street from the center to the home of Webster Tibbetts, Keith Place, and part of Cook Street.

### CHAPTER 90 MAINTENANCE

West Street was completed this year. The balance was used on Plymouth Street starting at the Halifax line.

### WILLOW AVENUE BRIDGE

A new cement bridge was built to replace the old wooden bridge on Willow Ave. This money was taken from Highway General as no money was appropriated for this purpose. However the old structure was unsafe for traffic and it seemed advisable to replace it at this time with a permanent one.

### CARE OF ISLANDS

In addition to regular routine work all islands in town were kept mowed during the summer months.

### WASHOUTS

Highland Street had three bad washouts from heavy rains which necessitated extra expense in filling and labor.

### PATCHING AND REPAIR WORK

The usual patching was done in needed places. Guard rails were repaired and brush removed at dangerous corners.

### SNOW REMOVAL

All equipment was painted and necessary repairs made.

The new truck purchased through machinery rented on Chapter 90 Construction on Oak Street plus an appropriation at a Town Meeting gives the town one new piece of equipment.

East Bridgewater has 54 miles of road to be plowed. The department tries to do its best to cover all parts of the town. At times break downs at the height of a storm hinders progress. We trust you will bear with us at such times.

### RECOMMENDATIONS FOR 1948

I recommeend special appropriations for the gravel roads. Some money to be appropriated specifically each year over a period of years until all such roads are in good condition.

### CHAPTER 90 CONSTRUCTION

Construction on Oak Street was started late in the fall of 1947. It is all ready for the seal coat and finish top in the Spring.

For a detailed account of the expenditures for this department see the auditor's report.

In conclusion, I wish to thank the Board of Selectmen, the Finance Board, and the voters of the Town of East Bridgewater for the cooperation given to me in 1947.

Respectfully submitted,

ADAM McCORDICK,  
Highway Surveyor

## Report of the Board of Health

---

January 8, 1948

To The Board of Selectmen

Gentlemen:

During the year 1947 all money paid to inspectors of slaughtering for their services were charged back to establishments where inspections made. Collections of these bills were made by Town Collector.

Contagious diseases were promptly attended to. Three patients were admitted to Tubercular hospitals.

Inspections of restaurants, soda fountains and bars were made on monthly basis, bacteria counts of eating utensils made and the results of laboratory findings reported to the establishments. Very satisfactory sanitary conditions were found, and all establishments in Town are excellent.

Four inspections and laboratory analysis of milk and cream sold in Town were made during the year.

Complaints were investigated, nuisances inspected and action taken as promptly as conditions allowed. Dead animals on public highways were buried. Regular inspections of public swimming facilities were made before the season started, also during summer season.

Respectfully submitted,

D. B. BANNERMAN, M. D.,  
Chairman

ARTHUR DRUKENBROD,  
PUTMAN STEELE, Clerk

## Report of the Chief of Police

MYRON H. HAYDEN  
Chief of Police

WILLIAM J. CAMPBELL  
Sergeant of Police

### Patrolmen

Walter A. Benoit          Edmund D. Kenneally  
Clinton F. Spinney      Mitchell J. Gaucher

To the Board of Selectmen:

I herewith submit the following report of the crimes in the Town of East Bridgewater for the year ending December 31, 1947.

### CRIMES AGAINST THE PERSON

Assault and Battery	1
Assault with a dangerous weapon	1
Manslaughter	1
Rape (Attempt)	1
Intimidation	1
Embezzlement	1

### CRIMES AGAINST PROPERTY

Breaking and Entering in the Nighttime	4
Breaking and Entering in the Daytime	8
Concealing Leased Property	1
Forgery	1
Larceny	18
Malicious Mischief	10
Using a Motor Vehicle without authority	2
Larceny of a Motor Vehicle	2

### CRIMES AGAINST PUBLIC ORDER

Disturbing the peace	2
Driving a motor vehicle intoxicated	28
Driving a motor vehicle so as to endanger	49
Drunkenness	32
Illegitimate child act	1
Motor vehicle law violations	268
Non-support	1

Truancy	6
Vagrants	1
Violation of probation	1

During the past year there have been forty-three accidents investigated.

There have been several persons transported to the various hospitals for various causes. In many of the cases an ambulance has been required and this service was rendered by the Blue Ambulance Service of Brockton and we have also had the use of the Brockton Police Ambulance.

There have been quite a few sick and injured who have had to be moved via an ambulance so at this time I would suggest that the Town purchase an ambulance type cruiser when another new car is purchased for the police department.

During the past year we have had a few persons reported missing from their homes and I am happy to report that all such persons have been returned to their respective homes without injury.

We are in hopes of having the latest type radio installed in the police cruiser which will no doubt increase our efficiency. This will mean that the surrounding towns and the city of Brockton will be in very close contact with each other and will mean a great step forward in crime prevention.

I would like to suggest to the citizens of the town that they take the registration of all suspicious cars and also make a note of all suspicious persons and notify the police at once. This will not only aid in crime prevention but will also aid in the apprehension of persons who have committed crimes.

I wish to conclude this report by thanking the Selectmen, Telephone Operators, Police Officers and the Citizens for their kindness and assistance for the past year.

MYRON H. HAYDEN

Chief of Police  
East Bridgewater.

## Report of State Auditor

---

February 20, 1947

To the Board of Selectmen,  
Mr. Glen Churchill, Chairman,  
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1946, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,

Director of Accounts

FXL:CFB

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1946, and report thereon as follows:

The financial transactions of the several departments receiving or disbursing money for the town or committing

bills for collection were examined and checked with the books of the accounting officer and the treasurer.

The books and accounts of the accounting officer were examined. The receipts, as recorded were checked with the treasurer's books and with the records of the several departments collecting money for the town, while the payments were compared with the treasury warrants and with the books of the town treasurer.

The appropriations as listed from the town clerk's records of town meetings, as well as the transfers from the reserve fund authorized by the finance committee, were checked to the accounting officer's ledger. The ledger accounts were analyzed, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1946. An examination of this balance sheet indicates that the town is in very good financial condition.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the warrants of the selectmen authorizing the disbursement of town funds. The cash balance on January 23, 1947 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined and listed. The income was proved and the withdrawals were verified.

The tax title deeds representing liens on real estate were listed, the amounts transferred to the tax title account were checked with the collector's records, the reported redemptions were compared with the treasurer's cash book, and the tax titles, as listed, were reconciled with the accounting officer's ledger and checked with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The tax, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments, were audited and proved. The collections as posted on the commitment records were compared with the cash book collections and with the recorded payments to the town treasurer as shown by the treasurer's cash book. The abatements, as entered, were checked to the records in the departments authorized to grant such credits, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town. the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of dog and sporting licenses issued were examined, the payments to the State being verified by comparison with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The surety bonds of the town officials required to furnish them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the

tax, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

For the cooperation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

FXL:CFB

## Report of the Board of Selectmen

### GENERAL

Regular weekly meetings were held each week during the past year and several special meetings were also necessary. Many different matters came before the Board for disposition. An item of particular importance was the amount of insurance carried in the contents of our public buildings. An inventory made by the Librarian and the Superintendent of Schools made it seem advisable in the opinion of the Board to increase the amount of insurance to \$90,000.00.

### CHAPTER 90 CONSTRUCTION

Work was started in 1947 on the construction of a new road surface on Oak Street in accordance with a layout prepared by the County Engineer. The new road will eliminate several dangerous curves and provide a first-class highway to take care of the traffic. Due to a situation treated elsewhere in this report the work in 1947 was done by the Highway Surveyor and his department. It is the opinion of the Board that the balance of the work be let out by contract.

### APPOINTMENTS

Five vacancies caused by resignations or death were filled during the past year. There were two resignations from the Finance Committee which were filled by the appointment of Karl C. Nordin and Roy A. Wheaton. James H. Feeney, Jr., was appointed Sealer of Weights and Measures to fill the vacancy caused by the death of his father. A joint convention was held with the Water Commissioners to fill the vacancy caused by the death of A. Clinton Smith, and a joint convention was held with the School Committee to fill a vacancy caused by the resignation of Ethel H. Jahn. Mr. John J. Clarity and Miss Hilda M. Todd were appointed to the respective offices.

## DEPARTMENTAL OVERDRAFTS

It is not always easy in preparing a budget for an ensuing year to provide for all contingencies. Department heads are requested to notify the Finance Board or the Selectmen when unforeseen expenditures are necessary in order that sufficient time may be had to provide funds. Because the funds of the Highway Department were nearly exhausted by early summer, the Board felt it necessary to allow the work on Oak Street to be done by the Highway Department instead of by contract as originally planned. The decision to do this resulted in a split vote of the Board and the action of the majority is not to be taken as condoning expenditures by a department at a rate in excess of available funds.

In conclusion we wish to emphasize the danger confronting East Bridgewater and all cities and towns in the constantly rising tax rates. Care must be used by every department in the expenditure of funds to see that all possible savings be made and value received for all payments on the taxpayers money. We wish to express our appreciation of the cooperation received in handling the Town business during the past year.

**Collections made in 1947 and paid to Town Treasurer:**

## Report of the Public Health Nurse

Report of East Bridgewater Public Health Nursing Association, Inc.—Miss L. Gladys Farren, Nurse

In this first report of the Public Health Nursing Association it would seem timely to give the reason for its existence as set forth in its articles of incorporation; "To give the sick, and especially those of limited means, the best home nursing under existing circumstances; also to lend assistance to and engage in such projects as may tend to benefit the public health."

The work of the Association began in 1922 under the supervision of the American Red Cross and continued under such guidance until its incorporation in March, 1946. This action placed it under the State Department of Health.

During 1947 two regular nurses were employed, Catherine Harris and L. Gladys Farren, with a substitute for three weeks after Miss Harris and before Miss Farren assumed her duties.

An office is maintained at 6 Central St. The nurse's hours there are from 8 to 9 A. M. and 4 to 5 P. M. unless emergency work makes it impossible to keep them. The telephone number is 111.

The work of the nurse in 1947 included 1869 calls. Of this number 719 were for private care.

The work for the town and community was as follows: 553 calls for Old Age Assistance patients, 506 Health Service, 77 Welfare, 1 delivery with 6 new-born calls.

Eight Well Child clinics were held with 109 children attending. No child is refused admittance to these clinics.

Seven patients were transported to Plymouth County Hospital and four to Brockton hospitals and returned, all were accompanied by a nurse.

The Association conducts the Plymouth County Health Association Christmas Seal Sale for East Bridgewater and from these receipts two children were sent to the Bailey Health Camp for the camp season.

The nurses's office and rooms were used by local physicians for their tonsil clinics with the nurse aiding. A car was contributed for use in transportation.

At Thanksgiving and Christmas gifts from churches and organizations were delivered by the nurse.

Cooperation with the Board of Health is maintained.

The nursing service is available to all citizens and the Association wishes to cooperate with all agencies interested in Public Health and the improvement of healthful conditions.

MAUD R. ESTES, Chairman  
BEATRICE C. HALL, Secretary  
HELEN A. TRUDEAU, Treasurer

## Report of the Board of Public Welfare

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report for their departments for the year 1947.

### AID TO DEPENDENT CHILDREN

During the past year, 3 applications were received for Aid to Dependent Children. One of these applications was accepted and 2 were voluntarily withdrawn.

6 cases consisting of 23 people were aided under the Aid to Dependent Children programme during the year 1947. 1 new case was added and 2 were closed.

\$4,783.20 was granted these cases in cash, \$425.21 was paid for medical care, \$57.00 dental work, \$31.00 Oculist and \$13.00 for hospitalization.

During October these cases were adjusted to conform to the new State Standard Budget, retroactive to September 1.

The Town was reimbursed by the Commonwealth, \$2,493.81 and \$1,588 by Federal Grants.

### OLD AGE ASSISTANCE

14 applications for Old Age Assistance were received during the year 1947. 12 of these cases were approved and added to the payroll. 1 applicant was found to be ineligible and at the close of the year 1 application was pending. 1 case was reinstated.

During the year 12 cases were closed making a total of 89 cases aided. These cases received \$36,951.83 in cash and in addition were paid, \$5,672.75 for medical care, \$214.80 for hospitalization, \$24.00 dental work and \$52.75 for glasses. An expenditure of \$372.92 was made as Post Mortem payments. \$1,316.50 was paid to other towns for aid rendered 20 persons living in other towns having an East Bridge-water settlement.

\$20,174.35 was received by the town as a Federal reimbursement. \$16,552.41 was received from the Commonwealth and \$470.82 from other towns.

As of September 1, all Old Age Assistance cases were adjusted to conform with the new State Standard budget.

#### GENERAL RELIEF

Beginning January 1 there were 5 cases consisting of 6 persons being aided. During the year, 9 cases consisting of 33 people were added making a total of 14 cases made up of 39 persons. 5 cases were closed, 2 by death, 1 transferred to Old Age Assistance and 2 to care of themselves. All of these cases were aided in their own homes. 1 was a boarding case and 1 a burial. At the end of 1947, 9 cases were carried on the Welfare rolls. These 14 cases were aided at a total expense of \$3,936.25.

\$1,060.46 was paid to other towns for 4 cases having an East Bridgewater settlement.

The town was reimbursed by the Commonwealth, \$1,128.75, from other towns, \$475.00 and \$300.00 from an individual.

GLEN CHURCHILL,  
MAUD R. ESTES,  
PRESCOTT WASHBURN

Bureau of Old Age Assistance

## Librarian's Report

To the Board of Trustees of the  
East Bridgewater Public Library :

A library report concerns itself of necessity with the year just past, yet it does not seem out of order to consider briefly our library heritage and in so doing look forward to a future of greater usefulness.

The American library system, that is without parallel in the world, was started in 1731. A group of young Philadelphians stirred by an idea of one of their members, Benjamin Franklin, provided themselves with books for business, educational and recreational purposes. No one of the group could afford to buy but a few books; by a group action, the entire collection became available to each. The idea spread from colony to state and in 1833 the first public library was opened in Peterborough, N. H. In 1849, Massachusetts passed a law permitting the founding of public libraries.

Libraries are one of the greatest factors in the educational development of our nation. Great libraries for research constitute the backbone of our higher educational institutions and in the communities the public libraries provide for adults not only book information but also the opportunity for further education. While the public library system is not complete and many libraries are undeveloped and not properly supported, the potentialities of service exist. There is a widespread realization of the worth of the public library in community, state and national life.

In our community the generosity of our benefactors and the foresight of our citizens have made possible a good library. In order to maintain our library as a cultural and educational force in the community a budget commensurate with the standards established by the American Library Association should be granted each year.

## REFERENCE SERVICES

Veterans who were in college or taking courses in specialized fields used the library reference services extensively during the year. High school pupils continued to do their reference work in the library both during and outside of school hours. Teachers, students, business people, club members and home makers used the reference services.

## INTER-LIBRARY LOAN

Books not owned by the East Bridgewater Public Library were borrowed through Inter-Library Loan from the following libraries: Division of Public Libraries — Massachusetts Department of Education, Harvard University, Massachusetts Institute of Technology, Boston Medical Library, The Congregational Library, The Boston Public Library and the public libraries of Brockton, Brookline, Lynn, Medford, Newton, Watertown, and the Regional libraries of Fall River and Greenfield.

## JUNIOR DEPARTMENT

Books for state certificates were read and reported on during the year. Several teachers worked cooperatively with the library to see that the reports were well prepared. Reading was stimulated throughout the year by attractive exhibits, interesting book lists, and a "Treasure Hunt" Book Club. Story hours were resumed before Christmas.

## THE TOWN SERVICE ROLL

After the state of emergency was terminated, no further names were added to the Town Service Roll. There are 488 names on the Service Roll and we are endeavoring to complete the records so that no inaccuracies will exist on the permanent Honor Roll of the town.

## IN MEMORIAM

It is with sorrow that I record the death of Mrs. George M. Webber, for 35 years a member of the Board of Library Trustees. She served as Secretary of the Board for many years and in her retirement and death the library lost one of its best friends and most enthusiastic supporters.

## LIBRARY STAFF

Members of the library staff hold membership in the Old Colony Library Club and the Massachusetts Library Association and attended all meetings held during the year. The librarian is president of the Massachusetts Library Association.

A special word of appreciation is extended to the members of the staff for the spirit in which they assumed added duties to help the librarian perform her state-wide duties.

To the Trustees for their constant support and encouragement I express my grateful appreciation.

Respectfully submitted,

ETHEL B. CHANDLER;

Librarian

December 31, 1947

## STATISTICS

The library was open 303 days—60 hours a week during school months, and 30 hours a week during July and August.

62,284 volumes were lent for home and school use. The junior department circulated 21,704 books.

The library received 9 magazines and 2 newspapers by gift and purchased 62 magazines.

On December 31, 1947, the library contained 17,695 volumes. During the year 116 were added by gift and 758 were added by purchase.

Net Cost to Town for Support of Schools		\$91,846.32

## Report of School Committee

To the Citizens of East Bridgewater :

The year 1947 has been one of accomplishment in spite of many difficulties, mainly the rising cost of almost every item necessary to the maintenance of a public school system.

The committee appreciates very much the understanding and co-operation shown by the citizens of the Town in the matter of salary increases to our teaching staff and other school personnel. That the teaching profession has long been underpaid in comparison to other professional people is common knowledge. In 1947 we were able to **grant** a substantial increase, which of course has been in a measure neutralized by continued rising costs of living. This year we propose a slight increase to the elementary teachers. This is in line with a trend to recognize the fact that our elementary school teachers are just as important to the building of a good school system as are the teachers in the upper grades and that in most cases they have equal educational preparation. We also propose this year to **resume** the annual increments, postponed last year when the **larger** raises were granted. That our salary policy has been appreciated by our teaching staff is proved by the fact that we had no resignations last year.

The problem of housing is acute. In common with many of the smaller towns in this vicinity, we are faced with a rather rapid growth in our school population. Our Senior-Junior High School has been forced to accommodate some of the lower grades, a condition that is not good from many angles. The Town Hall School was enlarged by one room, which we constructed on the stage. This building is answering the purpose at the moment. A good lunchroom is in operation and well patronized. The building is relatively clean compared to the old Allen School, but it is by no means the solution of our problem. It is far from adequate. As we face the opening of schools next September, we are confronted with the probable necessity of finding some more classroom space. The re-opening of the Beaver School has been discussed by the committee and much as we dislike

to ask for the money needed to make this building habitable, it seems the only solution. Is it not time to seriously consider our new Elementary School Building? Other towns are building now. Money spent on these make-shift expedients is money ill spent.

On the bright side of the picture is the recent acquisition of the land in the rear of the Senior-Junior High School. A portion of this land has been levelled and makes a very respectable play area, especially needed with so many younger children housed in the building. There are many possibilities to the development of this area, and the committee hopes to be able to gradually bring this development about. With proper planning, a very beautiful, natural amphi-theater could be made, utilizing the natural slope of the land, with space for class-day exercises, pageants, games, etc.

The transportation problem is always with us. There is hardly a meeting of the committee that does not bring forth some request for special or additional transportation concession. The committee follows the recommendation of the State Department of Education, and has established rules in conformance with them. It must be realized that a concession to one individual case means that the whole system would be exposed to innumerable additional requests. The citizens of the town should realize that the increase in mileage covered brings with it increased costs.

The increased use of the Senior-Junior High School auditorium as a place for public functions of all kinds has presented a real problem to the department. It must be realized that the bills for lighting, heating, and "wear and tear" have to be paid out of school appropriation, and that the small fee charged has by no means covered the actual costs. The special article in the Town Warrant is to cover this item. The School Committee understands the necessity of using this auditorium, but wish the citizens to know the facts about the costs.

Early in the year the chairman of the committee was invited to an informal meeting with the chairmen of the Bridgewater and West Bridgewater School Committees. The

subject under discussion was a proposed tri-town high school project. As outlined by Mr. Clark of Bridgewater, the proposal was that the three towns join in the erection and operation of a common high school to be located geographically as central to all centers of population as possible. The administration of this school would be by a joint board, whether composed of school committee members or a special committee had not been decided. The main advantage of the proposal seemed to be that perhaps a wider curriculum could be offered, and that the whole scope of the school be broadened.

The chairman of this committee reported back to our board and we discussed the whole matter several times. The chairman also discussed the proposition at a Parent-Teacher Association meeting. The school committee of this town did not feel that any possible advantages of this plan outweighed the possible complications, delays and uncertainties to the extent that we were interested in the proposition, and the chairman conveyed this decision to Mr. Clark of Bridgewater.

In December the committee accepted with keen regret, the resignation of Mrs. William O. Jahn, long an able and conscientious member of this board. The vacancy was filled by a convention, consisting of the Board of Selectmen and the remaining members of the School Committee. The election was by ballot and Miss Hilda M. Todd was elected to serve until the regular Town Meeting in March. Miss Todd is a member of the faculty of the Brockton High School and we welcome her as a member of our board.

We would express our appreciation for the interest and good will of the citizens of the Town and hope that they will continue to show ever increasing interest in the work and achievements of the schools of East Bridgewater.

Respectfully submitted,

#### THE SCHOOL COMMITTEE

Richard F. Bartlett, Chairman	John B. Thorndike
Ralph G. Bumpus	A. J. Bradford Alexander
Ida D. Currie	Hilda M. Todd

REPORT OF THE SUPERINTENDENT OF SCHOOLS  
To the School Committee and  
Citizens of East Bridgewater :

I submit my tenth annual report as your superintendent of schools. It doesn't seem possible that ten years could have passed by so quickly and so pleasantly.

### PERSONNEL

My report on this point could well be omitted as far as reporting changes in our employees is concerned. We made not a single change in any position in the entire department during the year. Since positions are plentiful, we can only believe that our employees are comparatively well pleased with their positions and their treatment by the entire Town. It is my hope that we may be able to continue such favorable working conditions that our excellent employees will want to stay with us.

### SINGLE SALARY SCHEDULE

We have long been of the opinion that the teaching in elementary schools is as difficult as it is at the secondary level. In many cases it is even more difficult. This year the school committee is recommending that we start towards correcting this difference in salary, which has amounted to \$300.00 per teacher. It is our plan to grant the elementary teachers an extra \$100.00 for the next three years.

### SCHOOL DEPARTMENT FINANCES

By referring to the financial statement of the School Committee Treasurer, it can be observed that the department expended \$103,971.61 in 1947. The Town Treasurer was reimbursed to the amount of \$12,125.29. This means that the net cost for the support of schools through local taxes was \$91,846.32. It is unfortunate that funds earned by the department cannot be re-used to further support the schools without representing a direct loss to the department. When outside organizations use our school hall, the cost of

heat, light, water, gas, etc. all have to be paid by the school department. The small fees charged do not nearly cover the costs, but even these meager funds cannot be re-used by the department. It is for these reasons that we are asking for an additional sum in our budget for 1948.

### HIGH SCHOOL PLAYGROUND

During the year, the Selectmen were able to purchase the Appledorn land in the rear of the high school. The land was cleared and graded to the level of the school yard. At an expense of \$150.00, beyond the purchase price of the land, we now have sufficient space so that our pupils can run without falling over each other. There are still a number of desirable things to be done. First, I recommend that we blacktop the area nearest the rear door of the school; second, that we plan the best possible use of the lower part of the land. These projects will take some time, but we wish to thank everyone for the great help which the land is to us at the present.

### HOUSING FACILITIES

We are now utilizing every available room in all our present buildings. Our school enrolment has increased to the point where we found it necessary to turn the stage at the Town Hall into a schoolroom. An inventory of the pupils who will enter school in September, 1948 indicates that we must supply more rooms by that time. As much as we dislike to open our outlying schools, it appears that opening the Beaver School is our best solution, if we want all of our pupils to attend full-day sessions. This is a problem that has to be solved, and it is bound to be costly no matter which way we go about it. In one way it will cost us money, in the other way it will cost our children a part of their education. If we could make any appreciable headway on our new building, it might indicate the proper procedure at this time.

### BUILDING REPAIRS

This past summer we painted the interiors of the Elmwood and West Schools. We repaired some of the bad walls

at the high school and did some interior painting. We are happy to report that the leaking condition at the high school has been remedied to a large extent. This can never be completely remedied until the poor capstones are replaced on the top of the parapet walls of the building. These stones are becoming so bad that they are starting to crumble and fall off. To replace these will be a major undertaking. We are having trouble with the heating system at the high school and must plan to make some extensive repairs within 1948.

### SCHOOL ACTIVITIES

It is somewhat dangerous for me to try to indicate the worthwhile activities we have sponsored during the year because I am likely to omit some. Mrs. Marion Keith Hogue taught a group of Town Hall School pupils to square dance. Performances were presented a number of times to local audiences and on two or three occasions to state groups.

The High School Band under the direction of Mr. Sarkis Kurkjian, our music supervisor, won the highest possible honors at the Massachusetts and New England Music Festivals. Forty new band uniforms were purchased in April, and we will need to buy five more by this spring. Our band brought us many favorable comments when they played for the Plymouth County Teachers' Convention in October.

We presented two showings of our "Talent Night" and two of our minstrel show. Both of these were very well attended and apparently enjoyed by the audiences. Mr. Emery S. Loud directed the senior class in the presentation of another excellent class play. The Student's Pen was published twice during the year and continues to be an outstanding activity because it permits a large number of pupils to participate. Our athletics have not been too successful if we consider only the number of games won. Our boys and Mr. Joseph F. Morey, the coach, deserve much credit for their persistence during the rather lean years. We are having much better success in basketball this year, and we hope this is only the beginning of some better times for us.

## HOME STUDY

Students cannot hope to obtain a valuable education unless they are willing to spend some real effort in studying. Some parents have indicated the belief that their children do not know how to study and that the schools should do more along the line of teaching children how to study. "Tis a consummation devoutly to be wished." If the schools could look within the mental make-up of each child and determine the difficulties, then some adequate remedies might be prescribed. For the time being about the best we can do is to advise the child to make certain that he obtains the assignments clearly and specifically, that he obtains the necessary materials with which to do the assignments, that he has a definite time and place for home study and then that he sit down quietly and seriously with enough determination to master the assignment. The teachers may offer some advice about methods of preparing a particular assignment such as outlining, answering certain questions such as the five W's (who, what, why, where, and when). In the final analysis the real job of studying is up to the individual student. There is work to be done if assignments are to be mastered.

A suggested schedule indicating the amount of time that we would like to have spent in conscientious home study on every school day is as follows: Grade six—45 minutes; Grades seven and eight—60 minutes; Grades nine through twelve—90 minutes, but those students preparing for college in these latter grades should average 120 minutes in home study. It is not possible for students to prepare their lessons well enough in study periods at school.

## IS OUR EDUCATION GOOD OR BAD

Some of us have been reading many articles about what is wrong with our public schools. A number of these articles have been written by people who know nothing about our schools or by those who are unwilling to measure the schools' strengths against their weaknesses. We are trying to supply "an education for all American youth."

What is public education? I still advocate that the purpose of public education is that of preparing boys and girls to do better those things which they are going to do in life. When does life begin? Life is already at hand for every public school child and our schools should be made a working part of that life.

What curriculum will best fit our children for life? One of our critics says "Admittedly, the curriculum is only one of the many things about our public school system that needs reforming. But it is one of the most important." Those of us who work in public education are the first to agree that our curriculum needs revision, but from this point on there are many differing opinions even among the top leaders in our profession. We are all eager to find new curricula which will prepare our pupils to live better lives. Our present students and recent graduates provide some of the best suggestions for revision in our curriculum. Certainly we should not place undue emphasis on the desires of our youth, but we should at least consider their opinions in a democratic manner. To some people it may appear that our American public education has no definite pattern to follow and that we are using a hit or miss technique. I maintain that where the principles of democracy are permitted to work freely, there can be no definite patterns. The thing of vital importance, as I see it, is that those of us entrusted with leadership in education should be cognizant of the real needs of the children entrusted to our care.

What are some results? We graduate and promote some pupils who lack some abilities which similiar pupils possessed forty or fifty years ago. For us to go back two or three generations and refuse to promote anyone who did not measure up to the old standards of the few gifted who stayed in school would be disastrous today. We have just gone through six war years where our American capacities have astounded the world, including ourselves. True, we had some high school graduates among us who were not beautiful penmen, who could not read quickly, and who could not do numbers well enough to hold a position where skill in

numbers is required, but we had hundreds of thousands of young people who had learned to work together for the benefit of all. It is important that we keep our young people in school and that we further develop a curriculum which will provide for present and future needs.

### CONCLUSION

The year 1947 was quite a normal school year. We enjoyed more success than usual, measured by the results achieved by our past graduates, the accomplishments of our organizations, the health and safety of our pupils, and the continuation of our same faculty. I wish to thank the teachers and other school employees for their fine support during the year. The continued friendship of the pupils and townspeople help to make my position a pleasure to me. Finally, I wish to thank you members of the School Committee for your loyalty to our schools.

Sincerely yours,

JOHN H. GOTSCHALL,  
Superintendent of Schools

---

### REPORT OF THE VICE PRINCIPAL OF THE SENIOR HIGH SCHOOL

Dear Dr. Gotschall:

1947 has brought few changes to the Senior High School. The teaching personnel is unchanged and curricular assignments are approximately the same.

Congestion still remains a problem. The use of the laboratory as a home-room and study hall is most unsatisfactory and all teachers concerned are to be congratulated on the fine spirit with which they have met and solved the difficulties which have arisen.

We feel that a peace-time basis has now been reached as all veterans have either completed their work or left to pursue other activities.

The Student Council, under the direction of Miss Anne R. McNally, has met regularly and is working constantly to stimulate interest in extra-curricular activities and to develop an attitude of democratic cooperation among teachers and students.

Materials for the first issue of the Student's Pen for 1948 have been prepared and this issue should be in the hands of subscribers before the publication of this report. The magazine has been well supported by local business men. The "Pen" continues to be an outstanding extra-curricular feature, both in quality and popularity. The Pen Staff is headed by co-editors Walter Campbell, Nancy Houghton, and William Jahn. John Clemmons is business manager and Patricia White subscription manager. The faculty members in charge are Miss Marlene L. Andrews, Miss Grace M. Dunn, Miss Anne R. McNally and Mr. Stanley R. Goldman.

The Senior Class Play "My Man Godfrey" was presented to a good audience in spite of bad weather. The annual Minstrel Show was most successful and a large sum was raised for the band uniforms. A number of assemblies were held during the year. Outstanding among them was the assembly presented by the foreign language classes under the direction of Miss Mary Sullivan of the faculty.

A memorial to graduates of East Bridgewater High School who were engaged in World War II has been erected in the lower hall of the school facing the main entrance. It is flanked by memorial plaques to Henry J. Fisher, Jr. and Richard Clarity, two graduates who lost their lives during the war.

All in all, the past year has been busy and productive. Teachers and students alike are to be commended for their achievements.

Respectfully submitted,

EMERY S. LOUD,  
Vice Principal of the Senior High School

REPORT OF THE VICE PRINCIPAL OF THE  
JUNIOR HIGH SCHOOL and DIRECTOR OF ATHLETICS

Dear Dr. Gotschall:

I submit to you my annual report for the school year 1947. The year 1947 has been productive of a steady educational advance. Our emphasis has been placed on improvement of instruction. It is our practice to keep the educational program continuous and consistent. Courses of study include units of experience to interpret the pupil's enlarging environment to him. Such courses furnish typical procedures in:

Poetry and Literature; Health Education; Music; Art; Language; Science; Games—Physical Education; Social Studies.

In an effort to smooth the transition from Junior High School to the Senior High School, I suggest that the faculty members of the Senior High School meet with the faculty members of the Junior High School to exchange information about common problems. Frequent group meetings would enable all teachers to pursue uniform objectives, and would have a clear mutual knowledge of methods and standards. I believe such meetings would be valuable, also, in preventing unfortunate aberrations in standards of marking.

The ninth grade college preparatory program is difficult and homework assignments for pupils taking this course are necessarily difficult. It is impossible to prepare pupils adequately for college today unless they are willing to curb some of their outside activities and devote their time to hard study. The good private preparatory schools insist upon strict attention to academic work. Our ninth grade college preparatory program is based upon the standards of the best preparatory schools. We cannot hope to make a success of it unless the teachers are given active cooperation from parents and pupils.

For a matter of record, we are handicapped in our high school building in trying to meet a physical education program and athletic program. Our gym is not a gym in

the strictest sense, but an assembly hall and gym combined. This often results in physical education classes being skipped, when seats must be upon the floor for other activities. Also, it is not possible to have permanent gym equipment installed in the gym.

I trust that the townspeople of East Bridgewater will have the foresight to work for a decent sized gymnasium so that a complete physical education program as well as an adequate boys and girls athletic program can be possible.

During the past three years, junior high boys' basketball teams and baseball teams have represented the school. Games have been played with schools in nearby towns. Each team found about twenty-five boys participating in the program.

I feel that this program will begin to show dividends in that our senior high school basketball and baseball teams will be more advanced in the fundamentals of these games. It should help to develop winning teams.

The report of the Athletic Accounts is included:

Cash on hand, December 31, 1946		\$173.65
Basketball receipts		462.20
Tag Day receipts		131.67
		<hr/>
Total Assets		\$767.52
Basketball Expense	\$224.37	
Taxes, admission	93.17	
Baseball Expense	274.12	
Miscellaneous Expense	65.94	
	<hr/>	
Total Expenditures	\$657.60	
Total Assets		\$767.52
Total Expenditures		657.60
		<hr/>
Balance on hand, December 31, 1947		\$109.92

Respectfully submitted,

STANLEY B. GOLDMAN,  
Vice Principal of Junior High School

## REPORT OF THE SCHOOL NURSE

Dear Dr. Gotschall:

The annual report of the school nurse for the year ending December 31, 1947 is as follows:

School Visits	569
Special attention to	1,400
First aid care to	325
Ill children carried home	245
Children referred to Dr. Hurlburt	25
Recommended for exclusion	280
Interviews with parents through	
Office—telephone and home contacts	635
Communicable Disease	
Measles	160
Chicken Pox	37
Scarlet Fever	1
Whooping Cough	17
Mumps	106

## Special Activities:

March: Mantoux T. B. Skin Test (Plymouth County Hospital) 158 pupils (grades 9-12 inc.) tested. 13 showed a reaction. X-rays for 21 pupils—22 school personnel.

May: Elementary grade physical examinations by Dr. Hurlburt. Notices sent to parents for the following: Tonsils—23. Hardened Wax in ears—6. Heart Murmurs—2. Audiometer test for Hearing: 371 tested—19 retested. 5 pupils with a serious loss of hearing—3 pupils receiving lip reading instruction twice weekly.

June: Registration for entering September Class, including weighing and measuring, dental examination by school dentist and physical examination by school doctor. 35 children examined at clinic. 5 more children examined by family doctor during summer. 40 or 91% of children entering first grade for first time were examined. Tonsil

and Adenoid Clinic at Public Health Nursing Rooms. 7 School children—4 pre-school children—2 out-of-town children had tonsils and adenoids removed by Dr. J. R. Noyes.

September: Junior High and High School — Physical Examinations by Dr. Hurlburt.

October: Notices sent to parents for the following: Tonsils—6. Hardened wax in ears—10. Heart murmurs—4. Flat feet—1. Other defects found but under treatment.

Vision Testing with Massachusetts Vision Apparatus. 519 tested—53 re-tested. 53 notices sent to parents for failure to pass test. 90 other failures found, but under treatment or condition is corrected by glasses.

November: Dental Examination by Dr. Fraser. 671 examined. 255 (38%) found with teeth in satisfactory condition. 416 notices sent to parents signifying dental work is necessary. An educational dental program is in progress in grades 3-4-5 in hopes to stimulate better care of the teeth, also to increase the correction of defects.

Respectfully submitted,

RUTH G. EVANS, R. N.,  
School Nurse

Walter Everett Campbell, Jr.

## AWARDS

## 1. HORACE T. SMITH ESSAY PRIZE

Awarded to the member of the Junior or Senior Class who submits the best essay on some scientific subject. Annual interest on \$1,000.00.

ROBERT F. PACKARD

## 2. HORACE T. SMITH SCHOLARSHIP FUND

Given to the graduate of the East Bridgewater Senior-Junior High School who fulfills all the requirements as set down by the will of the late Horace T. Smith. First year's tuition at Massachusetts Institution of Technology, \$500.00.

## 3. THE MICHAEL J. McCARTHY PRIZES

Given annually to two Seniors who exhibit superior knowledge of the United States Constitution or a selected subject in American History.

1. JOHN G. BRADY

2. MARROLD L. BENT

## 4. THE WASHINGTON AND FRANKLIN MEDAL

Awarded to the Senior who had contributed the most and stands the highest in the study of United States History.

JOHN G. BRADY

## 5. THE DICKINSON MEDAL

Given to the graduate who has shown the most improvement in scholarship during his or her four years of High School life.

ROBERT F. PACKARD

## 6. CLASS OF 1931 AWARD (MEDAL)

Given to the Senior who has fulfilled all the requirements towards being the best citizen of the Class during his or her four years of High School life.

WANDA J. RENSKI

## 7. THE SYLVANUS COOK PACKARD AND ALUMNI SCHOLARSHIP

Given to the graduate who fulfills all the requirements according to Article 5, Sections 1, 2 and 3 of the By-Laws of this fund, and who stands the highest of all those making application for this scholarship. Annual interest on \$1,500.00.

MARJORIE J. HOOKER

## 8. THE BANNERMAN SCHOLARSHIP

Given to the graduate who has completed the High School Classical Course and who is the highest ranking student in the list of applicants to enter a college on the approved list.

ROSEMARY C. BRADY

9. RENSSELAER POLYTECHNIC INSTITUTE SCIENCE  
AND MATHEMATICS MEDAL

Awarded to the Senior who has attained the highest excellence in the studies of Mathematics and Science throughout his or her High School career.

ROSEMARY C. BRADY

10. D. A. R. MEDAL

Awarded to the Senior girl elected the best citizen.

WANDA J. RENSKI

## Report of Park Commissioner

The Park Department had a sufficient amount of money this year available from the Town, as well as the Strong Fund, to maintain the Strong Field in good shape. It was mowed every week, graded and the base pass kept suitable for a good fast ball diamond. One of the tennis courts was re-constructed and put in playing shape. The Memorial Park in the center was suitably prepared for the various holidays and kept up for the entire season.

Under the supervision of the Park Department, Philip Carey conducted a sports program for the young children throughout the eight week summer period. Judging from the comments of the parents this is a project well worth maintaining as the children had competent instruction in all phases of outdoor sports and were supervised throughout the hours of the day when parents found it hard to devote time to them.

It is the hope of this Park Department, this fund will be made available always, to carry out as good a program, and to go forward with its scope of activities.

Appropriation for Park and Playground	\$750.00
Transfer	212.33
	<hr/>
	\$962.33
Labor and Materials	\$904.31
	<hr/>

	<hr/>
Balance	\$8.80

Yours very truly,

PARK COMMISSIONERS,  
 THOMAS O'BRIEN, Chairman  
 RALPH CONNORS,  
 MAXWELL PEARSON

# Report of Sealer of Weights and Measures

For year ending December 31, 1947

To the Honorable Board of Selectmen:

Gentlemen:

I have performed Sealing of Weights and Measures for the year 1947 as follows:

	A	S	NS	C
Platform scales over 5,000 lbs.	1	5		
Platform scales 100 lbs. to 5,000 lbs.	5	16		1
Counter scales 100 lbs. or over		5		
Counter scales under 100 lbs.		5		
Beam scales 100 lbs. or over		3		
Beam scales under 100 lbs.	1	7		
Spring scales under 100 lbs.	3	18		
Computing scales under 100 lbs.	7	19		1
Prescription scales		1		1
Avoldupois weights	42	138		
Liquid measures		35		
Oil jars		3		
Meters 1 in. inlet	8	24		
Oil measuring pumps			40	
Grease measuring pumps		8		1
Quantity measures on pumps		9		

A-Adjusted. S-Sealed. NS-Not sealed. C-Condemned.

Respectfully submitted,

JAMES H. FENNEY, JR.

## Report of Moth Superintendent

To the Honorable Board of Selectmen:

The usual canvass of the town has been made for the control of Gypsy Moth, and much progress has been made in this work.

The painting of egg clusters has been of much value in destroying this pest, but because of the heavy snows, this work has been suspended for the present.

The increased cost of supplies and insecticides has hampered the work to some extent.

For a detailed account of expenditures, see the Auditor's Report.

Respectfully submitted,

EDMUND D. KENNEALLY,  
Moth Superintendent

---

## Report of Tree Warden

To the Citizens of the Town of East Bridgewater:

During the year 1947 this Department has made good progress in removing dead and dangerous trees, although there are still quite a number to be cut down.

Because of the unusually dry weather and the inability to spray during the haying season, the elm tree beetle secured a stronger foothold in the lower part of town, and this section should be sprayed early in the next season.

The trimming and removal of dangerous trees should be continued.

Complete details of expenditures will be found in the Auditor's Report.

Respectfully submitted,

EDMUND D. KENNEALLY,  
Tree Warden

## Report of the Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending December 31, 1947.

During this year the department responded to 103 calls, 19 district and 20 still or telephone calls and 64 grass or woods fires.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one International, one 500-gallon Trailer Pump, one 500-gallon Skid Pump.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The department has 4,900 feet of 2½ in. double jacket hose and 1,350 feet of 1½ in. double jacket hose.

LESTER R. FISHER, JR.,  
Auditor

## Report of the Inspector of Animals

Jan. 1, 1948

To the Board of Selectmen and  
Citizens of East Bridgewater:

During the past year, there have been outbursts of tuberculosis on two farms, which were quarantined until the condemned animals were disposed of and the premises disinfected.

Several dogs have been quarantined for rabies, but all were later released, showing no symptoms of the disease.

There were eight shipments of interstate dairy cattle, which were inspected and released, and 288 head of beef cattle came in for immediate slaughter.

In my annual barn inspection, I found 1,311 head of cattle, 666 swine, 58 horses, 25 goats, and 13 sheep.

Respectfully submitted,

HARRY W. KINGMAN, M. D. V.,  
Inspector of Animals

## Report of World War II Memorial Committee

World War II Memorial Committee was authorized by vote under Article 17 at the Town Meeting, March 4, 1946.

The activities of this Committee for 1947 show a very limited progress. Suggestions have been made verbally to some members of the Committee coinciding with the ideas expressed by the majority of those contacted during 1946, namely, the erection of a Community Center with ample recreational facilities.

As the town is faced with the school building program it seems unwise to recommend the erection of a Memorial Building until such time as the town can pay for it without placing an additional burden on the taxpayer. The Committee welcomes suggestions from the townspeople who are interested in a World War II Memorial so that when the time comes to erect a memorial a definite plan can be more readily formulated.

Respectfully submitted,

ROBERT H. HALL, Chairman,  
DOROTHY C. HURLBURT, Secretary  
ETHEL B. CHANDLER,  
L. NORRIS LUDDY,  
EDMUND W. NUTTER

## Report of the Department of Veterans' Service

During the year, this department has received 522 requests for information and assistance, which have resulted in 825 services rendered for the veteran and/or his dependents and requiring over 3,350 miles of travel.

Some of the services performed were as follows:

Discharges recorded and certified photostatic copies furnished, assistance in filing claims for State and Federal benefits given, securing of pensions and compensation, medical and dental treatment, and hospitalization, preparing and notarizing affidavits and appealing unsatisfactory awards from the Veterans' Administration.

All veterans' graves in town have been inspected and records of their locations have been kept.

The needy veteran and his dependents have been assisted under Chapter 115 of the General Laws.

\$4,800.00 was appropriated for this work in 1947, of which amount \$4,463.31 was expended.

By the proper investigation of all applications for Veterans' Benefits, as required by the Commissioner of Veterans' Services, 27 persons were aided by the Town of East Bridgewater, 21 persons whose settlement proved to be in other communities, were aided by those cities or towns and 17 persons were aided in other ways.

The town has received reimbursement for an emergency payment of \$50.00 by the city of settlement in one case and there are reimbursements due from the State of \$2,170.44.

A fireproof record container for filing recorded discharges and valuable records, and a Photo-copying machine were purchased by the department.

Respectfully submitted,

W. EARLE DOUGHERTY,  
Director

A unanimous vote.

Article 9. To see if the Town will vote to raise and appropriate a sum of money not exceeding one hundred dollars (\$100.00) for the use of the Plymouth County Trustees, County Aid to Agriculture, and choose a Town Director as provided in Section 41 and 45 of Chapter 128, General Laws.

Voted, that the Town choose Robert A. Leland as Town Director, Plymouth County Aid to Agriculture as provided in Section 41 and 45 of Chapter 128, General Laws.

Appropriation in the budget.

A unanimous vote.

Article 10. Voted that the Town raise and appropriate the sum of three thousand dollars (\$3,000.00) to meet the Town's share of the cost of Chapter 90 Highway Construction on Oak Street and that in addition the sum of nine thousand dollars (\$9,000.00) to be transferred from available funds in the Treasury to meet the State's and County's share of the cost of the work, the reimbursement from the State and the County to be restored upon their receipt to the available funds in the treasury.

A unanimous vote.

Article 11. Voted that the Town raise and appropriate the sum of one thousand dollars (\$1,000.00) to meet the

town's share of the cost of Chapter 90 Highway Maintenance, and that in addition the sum of two thousand dollars (\$2,000.00) be transferred from available funds in the treasury to meet the State's and County's share of the cost of the work, the reimbursement from the State and County to be restored upon their receipt to the available funds in the treasury.

A unanimous vote.

Article 12. Voted to raise and appropriate five hundred dollars (\$500.00) to connect the present drain on Pearl Street with the drain on West Union Street.

A unanimous vote.

Article 13. To see if the Town will vote to raise and appropriate a sum not exceeding nine hundred dollars (\$900.00) to furnish pipes to be installed in the open drain along the northerly side of West Union Street between the railway and a point opposite Cook Street and in a drain running northerly from West Union Street adjacent to property of Ryder Grain Co.

Voted to lay on table.

Article 14. To see if the Town will vote to raise and appropriate the sum of eighty-seven dollars and fifty cents (\$87.50) to be added to the street lighting appropriation to install five electric lights on North Bedford Street from Highland Street to the Whitman line.

No action taken.

Article 15. Voted to raise and appropriate five thousand dollars (\$5,000.00) to rebuild Murray Road from Plymouth street to Hillcrest Road, Hillcrest Road from Murray Road to Metzler Road, and Metzler Road from Hillcrest Road to Washington Street.

A unanimous vote.

Article 16. To see if the Town will vote to raise and appropriate the sum of eight hundred dollars (\$800.00) to improve Stevens Court with gravel and oil.

No action taken.

Article 17. Voted: To raise and appropriate the sum of eighteen hundred dollars (\$1,800.00) for hydrant service to be transferred to the Water Revenue Account.

A unanimous vote.

Article 18. Voted: To raise and appropriate the sum of four thousand dollars (\$4,000.00) to purchase new water meters and install same.

A unanimous vote.

Article 19. Voted: To relay the service on South Street a distance of 500 feet with a 6-inch line and raise and appropriate two thousand, one hundred and twenty-five dollars (\$2,125.00) for same.

A unanimous vote.

Article 20. Voted: To raise and appropriate one thousand dollars (\$1,000.00) to finish laying water main on Highland Street.

A unanimous vote.

Article 21. To see if the Town will vote to lay a 6-inch line from Highland Street to Summer Street, a distance of 3,830 feet, or any part thereof and raise and appropriate seventeen thousand, five hundred dollars (\$17,500.00) for same.

Action taken under Article 22.

Article 22. To see if the Town will vote to raise and appropriate thirty-six hundred dollars (\$3,600.00) to lay 800 feet of 6-inch pipe from Summer Street down Elm Street.

Voted to raise and appropriate thirty-six hundred dollars (\$3,600.00) to lay 800 feet of 6-inch pipe from Summer Street down Elm Street.

A unanimous vote.

Article 23. Voted to raise and appropriate six hundred dollars (\$600.00) to purchase a new cruiser for the Police Department and authorize the Board of Selectmen to sell or trade in the present cruiser for part of the purchase price.

A unanimous vote.

Article 24. Voted: To transfer to the Park Department account the sum of four hundred dollars (\$400.00), said sum appropriated at the Annual Town Meeting March 4, 1946, for the purchase of a power lawn mower by the Park Commissioners.

A unanimous vote.

Article 25. To see if the Town will vote to raise and appropriate a sum of money to provide quarters for the Fred Bates Morse Post No. 91, The American Legion and authorize the Board of Selectmen to lease suitable quarters for said post.

Appropriation in the budget.

No action taken.

Article 26. To see if the Town will vote to raise and appropriate the sum of four hundred dollars (\$400.00) for proper observance of Memorial Day and Armistice Day in the year 1948 to be expended under the direction of the Fred Bates Morse Post No. 91, The American Legion.

Appropriation in the budget.

No action taken.

Article 27. Voted to raise and appropriate the sum of sixty-five hundred dollars (\$6,500.00) to repair the Beaver School and pay the operating expenses for the year 1948.

Article 28. To see if the Town will vote to raise and appropriate or transfer from available funds and use sums already appropriated and in the treasury to provide funds to enable the School Building Committee to secure plans and specifications for a grade school building.

An amendment was made by John J. Clarity and voted in the negative: To see if the Town will vote to instruct the School Building Committee to incorporate plans for an auditorium and gymnasium into their plans and specifications.

Article 28. Voted that the Town appropriate the sum of nineteen thousand dollars (\$19,000.00) and to meet said appropriation, to transfer the said sum from the Allen School Fire Insurance Reserve, The School Building Committee is hereby authorized to expend the appropriation under this article together with any unexpended balance on hand of any previous appropriation and any Federal funds in the treasury, or to be received, for securing plans and specifications for a grade school building.

Article 29. Voted that the Town raise and appropriate the sum of seventeen hundred and twenty-five dollars (\$1,725.00) to repair the roof and repair and paint the exterior of the Town Hall, said work to be done under the supervision of the Board of Selectmen.

A unanimous vote.

Article 30. Voted that the town re-name that section of Pond Street running westerly from Plymouth Street to South Street as West Pond Street.

A unanimous vote.

Article 31. To see if the Town will vote to authorize the Board of Selectmen to limit the charge for slaughter inspection to transient slaughtering only.

No action taken.

Article 32. Voted: That the Town raise and appropriate the sum of two hundred and six dollars and twenty cents (\$206.20) for the balance of awards on the Oak Street land taking.

A unanimous vote.

Article 33. Voted: To raise and appropriate the sum of four thousand dollars (\$4,000.00) to rebuild the hill on Highland Street starting from Elm Street with asphalt penetration.

A unanimous vote.

Article 34. Voted to raise and appropriate the sum of twenty-two hundred dollars (\$2,200.00) to rebuild the culvert on Elm Street near the residence of Michael Peppe.

A unanimous vote.

Article 35. Voted: To raise and appropriate the sum of four thousand dollars (\$4,000.00) to rebuild Union Street, starting near the residence of Joseph Koslowsky, a distance of one and two-tenths miles with asphalt penetration.

A unanimous vote.

Article 36. Voted: To instruct the Board of Selectmen to take steps to see if the land held in the Alden Fund or other land owned by the Town can be sold.

A unanimous vote.

Article 37. Voted: To raise and appropriate the sum of seven hundred and fifty dollars (\$750.00) to install a cesspool and dry well on the library land.

A unanimous vote.

Voted, to accept the following resolve: That the citizens and voters of the Town of East Bridgewater, gathered in Annual Town Meeting on March 1, 1948, hereby protest the abolition on passenger railroad service on the Old Colony Railroad and division of the New Haven Railway and urge that passenger railroad service be continued and be it further resolved that we instruct our public officials, representatives and members of the South Shore Transportation Committee to work for a continuation of railroad passenger service on the Old Colony Railroad, even to the extent of some form of Public Management and operation or ownership.

A unanimous vote.

Voted: That the Annual Town Meeting of 1948 express its appreciation and thanks to the Chairman of the Finance Committee and Finance Committee members for the diligence and effort exemplified in their careful survey of the annual budget and warrant articles and their report thereon and further express approval of the comments on a long range municipal program as stated in their written recommendations and that in the adoption of this vote of appreciation and thanks vote that it be incorporated in the records of the annual meeting.

A unanimous vote.

A true copy.

Attest:

GEORGE J. FRAHAR,  
Town Clerk

## SPECIAL TOWN MEETING

---

### Proceedings:

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in elections and Town affairs, was held in the Sr.-Jr. High School Auditorium on Tuesday, April 27, 1948, at 8:15 P. M.

The meeting was called to order by the Moderator, Forest W. Cousins. The warrant and constable's return were read by the Town Clerk, George J. Frahar.

Action taken under the article was as follows:

Article 1. Voted: To appropriate an additional sum of one thousand dollars (\$1,000.00) to meet the additional

cost of the blanket insurance charges, and that to meet said appropriation that the transfer of the sum of one thousand dollars (\$1,000.00) from the Surplus Revenue Account to the Blanket Insurance Account is authorized.

A unanimous vote.

Voted to adjourn at 8:25 P. M.

A true copy.

Attest:

GEORGE J. FRAHAR,  
Town Clerk

## SPECIAL TOWN MEETING

---

Monday, August 2, 1948, 7:00 P. M.

Proceedings:

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in Elections and Town Affairs, was held in the Selectmen's Room under a warrant issued by the Selectmen and dated July 26, 1948.

The meeting was called to order by the Moderator at 7:00 P. M. The warrant and constable's return were read by the Assistant Clerk.

A motion was made and seconded that the meeting be recessed for five minutes. It was so voted.

Action taken under the article.

Article 1. Voted: To appropriate the sum of one thousand dollars (\$1,000.00), the same being the money received from the sale of the Police cruiser car and that to meet said appropriation the transfer of the said sum of one thousand dollars (\$1,000.00) to the Police Cruiser Car Account is authorized.

A unanimous vote.

Article 2. Voted: To appropriate the sum of four hundred dollars (\$400.00) and that to meet said appropriation, for the purchase of a police cruiser car, that the said sum of four hundred dollars (\$400.00) is hereby authorized to be transferred from the Surplus Revenue Account to the Police Cruiser Car Account.

A unanimous vote.

The meeting was adjourned at 7:10 P. M.

A true copy, Attest.

GEORGE J. FRAHAR,  
Town Clerk.

## STATE PRIMARIES

---

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Senior-Junior High School Auditorium on Tuesday, September 14, 1948, under a warrant issued by the Selectmen and dated September 2, 1948.

Penalty and instruction cards were posted. All requirements of the law were observed. One sealed box said to contain Seven Hundred and Thirty-One Democratic ballots, and two boxes said to contain Two Thousand and Thirty Nine Republican ballots were delivered to the ballot clerk.

The following were sworn to the faithful performance of their duties.

### CONSTABLE Willard Marston

## TOWN MEETING

---

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Senior-Junior High School Auditorium on September 22, 1948 at 8:00 P. M. under a warrant issued by the Selectmen and dated September 13, 1948.

The meeting was called to order by the Moderator at 8:00 P. M. As a quorum was not present Article 2 was first taken up and action taken on the Article. A motion was made that the meeting be recessed for fifteen minutes. It was so voted. As there were still insufficient voters present a second motion was made to recess until 8:45 P. M. It was so voted. At that time the necessary quorum being present Article 1 was taken up.

Article 1. Voted: To raise and appropriate an additional sum of two thousand dollars (\$2,000.00) for the School Department, said sum to be expended for repairs to the roof and parapet at the Senior-Junior high school building, and that to meet said appropriation the transfer of the sum of two thousand dollars (\$2,000.00) from the Surplus Revenue Account to the school department account is authorized.

A unanimous vote.

Article 2. Voted: To raise and appropriate an additional sum of seven hundred dollars (\$700.00) for the school department, said sum to be expended for the salary of a new teacher, and that to meet said appropriation that the transfer of the sum of seven hundred dollars (\$700.00) from the surplus revenue account to the school department account be authorized.

A unanimous vote.

Meeting adjourned at 8:57 P. M.

A true copy, Attest:

GEORGE J. FRAHAR,

Town Clerk.

## STATE ELECTION

---

**November 2, 1948**

A legal meeting of the inhabitants of the Town of East Bridgewater was held in the Senior-Junior High School Auditorium, Tuesday, November 2, 1948, under a warrant issued by the Selectmen and dated September 2, 1948.

Three sealed boxes said to contain twenty-four hundred and fifty ballots were delivered to the ballot clerk and a receipt obtained therefor by the Town Clerk.

## YOUR ATTENTION IS CALLED TO THE FOLLOWING

The object of printing the registration of births, marriages, and deaths is to afford opportunity for corrections of errors and omissions. If any be noted, notice should be immediately sent to the Town Clerk, in writing, giving the correct facts, that the records may be perfected for the current year.

Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.

GEORGE J. FRAHAR,

Town Clerk.

## Jury List

---

As prepared by the Seectmen of the Town of East Bridgewater under General Laws of Massachusetts, Chapter 234, Section 4.

Edward O. Adams, Pond St.	Construction
Robert H. Allen, 304 Summer St.	Refrigerator Service
George W. Blackwell, Sr., 496 Bedford St.	Machinist
Lloyd A. Boynton, 45 South St.	Foreman Gardener

Harold E. Wile	Oct. 11 1948

## Report of Highway Surveyor

---

To the Honorable Board of Selectmen and Voters of East Bridgewater, Mass.

I hereby submit my annual report as highway surveyor for the year ending December 31, 1948.

The inventory is approximately the same as last year.

Following is a summary of work done in 1948.

### HIGHWAY GENERAL

The winter raised havoc with the black roads. Six hundred (600) tons of patch were used to repair them. All gravel roads were scraped and graded. Pine Street, and parts of Harvard, Winter, Pond and Bridge Streets were graveled and put in good condition.

Brush on the roadside was trimmed. The islands were also taken care of all summer.

### STREET OILING

The following streets were oiled: Chestnut, Crescent, Walnut, North Water, Water, Folsom Ave., Grove, Cross, Laurel, Cook and Park Avenue.

### SNOW REMOVAL

The snow accumulation and hazardous driving conditions gave the highway department a busy winter. The snow was removed from the center of the town. Icy roads were sanded. Accordingly much repair work was necessary to the equipment.

### CHAPTER 90 MAINTENANCE

Franklin Street from the Whitman line to the Hanson line, and Whitman Street from Bedford Street to the home of Charles W. Waterman were seal coated.

## UNION STREET

Union Street was graveled, oil penetrated and seal coated from the home of Joseph Koslowsky to Walnut Street.

## HIGHLAND STREET

Starting at Elm Street to the top of the hill was graveled, oil penetrated and seal coated.

## ELM STREET

A new culvert was installed near the home of Michael Peppe consisting of a steel arch and concrete base replacing the badly damaged one.

## ROBINWOOD

The following streets were graveled, scraped and rebuilt as voted at the Town Meeting, Murray Road from Plymouth Street to Hillcrest Road, Hillcrest Road from Murray Road to Metzler Road and Metzler Road from Hillcrest Road to Washington Street There is money left to oil penetrate these roads this year giving them a good hard surface.

For a detailed account of the expenditures for 1948 see the auditor's report.

In conclusion, I wish to thank the Board of Selectmen, the Finance Committee, and the voters of the Town for their cooperation in 1948.

Respectfully submitted,

ADAM McCORDICK,  
Highway Surveyor.

## Report of Board of Selectmen

---

1948 was a year of normal activity with few unusual matters to be considered. The financial condition of the town is to be considered as excellent. The treasurer's report indicates a substantial cash balance, the reserve fund has increased and there were no borrowings in 1948 in anticipation of revenue. These conditions are the result of the general high level of business and employment in the nation and the absence of expenditures for capital purposes.

### SCHOOL CONSTRUCTION

The matter of increased school facilities through a building program has been under consideration since before the war. With the need for a new building for the housing of grade school pupils now extremely acute it is hoped that the question of undertaking construction of the needed building this year will be ready for presentation to the annual town meeting this year. While the large expenditure needed for such a project will increase the tax rate in future years during amortization of the cost, it is one of the problems which does not appear to permit of delay in its start. It must be regarded as a matter of necessity. A sense of justice to our younger children should prompt the citizens to serious consideration of this matter. We regard the financial condition of the town as favorable now to undertake such a project. Assets immediately available to such a project include \$78,016.84 from reserve for such purposes established under the Emergency Fund, \$6,254.00 balance available from the insurance received from the Allen School fire loss, \$12,619.57 from borrowing in anticipation of alterations at the Allen School which were suspended by vote of the town and under a 1948 legislative act to provide financial assistance by the Commonwealth to communities building schools, the town would be eligible to receive an allocation equal to approximately thirty-nine per cent of the cost of construction as a contribution from the

Commonwealth. Study of the school housing problem is now in the hands of a special committee.

## CHAPTER 90

A substantial amount of work under Chapter 90 is planned for 1949. This work will be done on Oak Street. During the past year the 1947 project on Oak Street was completed to the extent of the funds available. For the year 1948 the sum of \$12,000.00 was available, but no construction was undertaken owing to certain delays relative to the completion of the 1947 contract and a wait for estimates from the state department of public works which were received too late in the opinion of the board to undertake construction in 1948 under probable adverse weather conditions. It was decided after consultation with the department to combine 1948 funds with funds to be sought in 1949 and perform under one contract the work originally planned for two years. An appropriation of \$3,000.00 for Chapter 90 highway construction is recommended for this year. With funds allocated by the state and county and the 1948 funds on hand, \$24,000.00 will be available for work on Oak street this year. No appropriation will be requested this year for Chapter 90 maintenance this year.

## POLICE DEPARTMENT

It is manifestly unfair to require an officer or employee of a municipality to work on a twenty-four hour schedule. This is actually a requirement of the office of Chief of Police in this town. Some relief from such a program should be provided and would tend to increased efficiency. The board of selectmen recommend that an appropriation be made for the police department sufficient to provide for the appointment of a permanent full time patrolman in addition to the Chief of Police.

In 1948 a new cruiser car was purchased in accordance with a vote of the town. A two way radio communication set has been installed in the cruiser car which now makes it

possible to contact the officer in the car and permits two way conversation. Transmitting facilities of the Brockton police department have been made available for this service.

## TRAFFIC AND OFF-STREET PARKING

Orders have been given to the police after conference that strict obedience to existing traffic laws be enforced in the interests of safety. They have been directed to give particular attention to traffic conditions in the center of the town where shoppers and persons on business tax beyond limit the available parking space on the street. Double parking on highways and parking in restricted areas has caused concern and the officers have been directed to remedy this situation. When such a condition exists the directive has not been obeyed.

Some solution must be found for the vehicular parking problem in the business district. As a remedy off-street parking has been suggested. To present a definite picture to the voters on this subject a request will be made at the annual town meeting asking that a committee be appointed to investigate the feasibility of the purchase or lease of land advantageously located for this purpose.

## FIRE DEPARTMENT

The absence of forest fires last spring and a fortunate decrease in the number of departmental calls created a substantial balance in the department payroll account in 1948. By vote at a special town meeting in December the transfer of a part of the balance was authorized for the purchase of new tires for all vehicles in the department. This has been done in the interest of safety.

The present forest fire truck is antiquated and not a proper vehicle to be on the highway and is to be regarded as a menace to the safety of firemen who answer alarms riding on this vehicle. An article will be inserted in the warrant for the annual meeting asking for an appropriation to purchase a motorized truck for the department's forest fire work.

### VETERANS' SERVICES

The position of a full time veterans' service officer was abolished on December 31, 1948. The budget submitted for 1949 requested an annual salary of \$2,500.00. We feel that the amount of work to be done does not justify the employment of a full time director. A substantial saving may thus be made annually without impairment of the services. Since January 1 the work of the veterans' service department has been handled by the selectmen. By this contact with the matter the board expects to arrive at a decision as to just how much work the office involves and the probable salary which should be paid.

### GARBAGE COLLECTION

The Board of Health has requested the insertion of an article in the annual town meeting warrant asking for an appropriation to provide for a townwide collection of garbage weekly with collections twice weekly in summer months. The plan has much to recommend it. The Board of Health will explain the proposal at the annual meeting.

### TOWN HALL REPAIRS

From an appropriation made in 1948 certain structural repairs were made at the Town Hall. While the work was in progress defects previously unknown were revealed and the repairing involved necessitated a larger expenditure for repairs to the building than had been anticipated. The balance remaining was not sufficient to contract for the painting of the building which had been planned. An additional appropriation is to be requested this year which with the unexpended balance will allow the painting of the building to be undertaken this year.

### VACANCY FILLED

One vacancy in an elective town office, that of library trustee, was filled at a joint meeting of the library trustees and selectmen by the unanimous election of Mrs. Louise Archer.

An exceptional spirit of cooperation has been manifested by those boards and officers with which the selectmen have had contact during the year.

MICHAEL J. McCARTHY,  
EDMUND W. NUTTER,  
CLARENCE E. ANDERSON,  
Board of Selectmen.

HARRY W. KINGMAN,  
Board of Assessors.

## Report of the Board of Health

---

Organization and first meeting of the Board was held on March 24th. Routine business was transacted and appointment of slaughtering inspectors made for the year. George Wadsworth and Ralph Wyatt were appointed inspectors of slaughtering for 1948, and Putnam Steele assumed duties as acting Milk Inspector upon resignation of David Wile. The hourly rate for slaughtering inspector is charged back to slaughterer, so this required service is maintained at no expense to the Town.

Prompt control of contagious diseases was handled by Health Officer Dr. Donald Bannerman, and no outbreaks have occurred.

Inspection of Robbins Pond was maintained, and laboratory analysis of water made at several points used for public bathing, water and conditions found to be satisfactory bathing facility. Inspections of poor drainage and sewerage were investigated and where conditions warranted the Board took action.

Dumping of rubbish along highways and side roads were investigated, letters written in endeavor to prevent this practice, signs were posted.

Restaurant inspection was made ten times during the year, and laboratory analysis of eating and drinking utensils made to ascertain sanitary conditions, this showed that eating and drinking establishments in Town are maintaining a very high sanitary standard. Mrs. Marie A. Steele was appointed sanitary inspector.

Laboratory analysis of milk and cream was made at frequent intervals and found to be very high quality. Cooperation of milk dealers very good.

Dead animals on highways were buried.

Respectfully submitted,

DONALD BANNERMAN, M. D.,  
Chairman  
ARTHUR DRUKENBROD,  
PUTNAM STEELE, Clerk

# Report of the Chief of Police

---

Honorable Board of Selectmen  
Town Offices  
East Bridgewater, Massachusetts

Gentlemen:

I wish to offer for your approval the annual report of the Police Department for the year ending December 31, 1948.

I am pleased to report to the Selectmen and the people of East Bridgewater that I have more than enjoyed being in the employ of the Town this last year as I have enjoyed the splendid support from the Selectmen and all persons whom I have had contact.

There has been a great deal of work in the field as well as the office and I am proud of the Record Bureau and the condition it is in and I might add that the F. B. I. has complimented this office for having such a complete record of all events and they as well as distant departments have been able to locate persons wanted through this office.

In closing this report, I desire to pay homage to my close friend and brother officer, Sargeant William J. Campbell who has so faithfully served me and the people of East Bridgewater as a Police Officer.

His courage, ability and energy has been outstanding right up to his last days on this earth and he is sadly missed by this office.

Again I wish to take this opportunity to thank the Selectmen and the citizens who have been so patient and willing to assist this office in its duties.

MYRON H. HAYDEN,  
Chief of Police  
East Bridgewater,  
Massachusetts.

## Report of State Auditor

---

May 11, 1948

To the Board of Selectmen  
Mr. Michael J. McCarthy, Chairman  
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1947, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,  
Director of Accounts.

FXL:GPT

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1947, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the books kept by the accounting officer. The recorded receipts were compared with the treasurer's books and with the records of the sev-

eral departments collecting money for the town or committing bills for collection. The records of disbursements were checked with the treasury warrants and with the payments as shown by the treasurer's books.

The general and appropriation ledgers were analyzed, the appropriations and transfers as recorded being checked with the town clerk's record of town meetings and with the records of the finance committee. A trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1947. An examination of the appended balance sheet shows that the town is in very good financial condition.

The books and accounts in the treasurer's office were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments in which money was collected for the town and with the other sources from which money was paid into the town treasury. The disbursements were checked with the warrants authorizing the treasurer to disburse town funds.

The footings of the cash book were verified, and the cash balance on March 13, 1948 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of debt and interest were verified by comparison with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined and listed, the income being proved and the transfers to the town being verified.

The records of tax titles and tax possessions held by the town were examined. The taxes transferred to the tax title account by the collector were proved, the reported redemptions were checked with the treasurer's receipts, and the outstanding accounts were listed and proved.

The books and accounts of the town collector were examined and checked in detail. The tax, motor vehicle and trailer excise, departmental, and water accounts outstanding according to the previous examination and the subsequent commitment lists were audited and proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the respective controlling accounts in the ledger.

The outstanding tax, motor vehicle and trailer excise, departmental, and water accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, the town clerk, and the health department were examined and checked, and the payments to the State and to the town treasurer were verified.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

The records of the sealer of weights and measures and of all other departments collecting money for the town or committing bills for collection were examined and reconciled with the town treasurer's receipts and with the records of the accounting officer.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, cooperation was

received from all the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts

HBD:GPT

## Report of the Public Health Nurse

---

Report of East Bridgewater Public Health Nursing Association, Inc.—Miss L. Gladys Farren, Nurse.

Office hours—8-9 A. M. and 4-5 P. M.

6 Central St.—Telephone III

General information, how you can use your nurse.

1. When you need health counselling to prevent illness and enable you to enjoy the best possible health.
2. When you return from the hospital and need care.
3. When you have a sick person in your home requiring general bedside care.
4. When you have in the house an old or a chronic patient needing skilled attention.
5. When you are going to have a baby.
6. When you need special treatment, care of surgical dressings, hypodermic medication.

The public Health Nursing Association, Inc., is supported by:

Fees for visits.

Payments from Metropolitan Life Ins. Co., and John Hancock Mutual Life Ins. Co., for visits made to their policy holders.

The Town of East Bridgewater for service to Old Age Assistance, Aid to Dependent Children, Welfare recipients and Board of Health work.

Community drives, when necessary.

Gifts—and a contribution from Plymouth Co. Health Ass'n for Baby Clinics.

The total number of visits made by the nurse in 1948 was 1923.

Among the special services were to crippled children	6
For acute communicable disease	18
Tuberculosis	77
Deliveries	4

There were 560 calls to Old Age Assistance cases and Health Service including Welfare 601.

Service to the Town covered transportation by the nurse to the Children's Hospital with two children, a trip to Forsyth Dental Hospital with one child for special treatment, transportation to a Boston Hospital with a terminal case, transportation to a rest home in Whitman, one in Brockton and one in West Bridgewater with aged people and a child was taken to a State Hospital in Wrentham. A nurse was necessary on each trip.

This report is not a complete report of the East Bridgewater Nursing Association but is offered that the people of East Bridgewater may have a fuller knowledge of the service available.

MAUD R. ESTES, Chairman  
BEATRICE C. HALL, Secretary  
HELEN A. TRUDEAU, Treasurer.

## Report of the Board of Public Welfare

---

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report for their departments for the year, 1948.

The past year has shown an increase in the number of cases that have been aided in the several categories of relief. This increase in case numbers together with the increased costs of maintaining these cases has increased the expenditure under the relief program considerably and these same factors will again be reflected in the amounts of money needed by the department to carry on these programs during the coming year. This is particularly so in the Welfare Department where the number of persons aided increased 62%. This increase was almost entirely due to sickness.

All cases in all the categories of relief that qualified were granted an increase of 8.3% on October 1, 1948. It was necessary to obtain from the Finance Committee and by Special Town Meeting, added sums of money above our 1948 appropriation to enable the department to meet needed requirements towards the end of the year.

### OLD AGE ASSISTANCE

During 1948, 19 applications were received for Old Age Assistance. 14 of these applications were approved. 4 persons voluntarily withdrew their applications, 1 application was rejected and 4 cases were reinstated, making a total of 18 cases added to the rolls during the year. 9 cases were closed, making 95 cases aided.

The 95 cases aided during the year, received \$44,513.41 in cash grants and in addition, received \$6,329.42 for Doctors and Medicine, \$1,169.57 for Hospitalization, \$130.00 for Dental Work, \$130.75 for Glasses and \$52.00 for Ambulance Service.

\$1,599.34 was paid to other towns for aid rendered 13 persons having an East Bridgewater settlement residing in other towns.

We received \$22,417.51 Federal grants and were reimbursed by the Commonwealth, \$20,277.42 and from other towns, \$493.29.

### AID TO DEPENDENT CHILDREN

Six applications were received during the year for Aid to Dependent Children. 1 application was rejected and 5 cases were approved and added to the case load. 3 cases were closed, making a total of 10 aided during the year. These 10 cases consisting of 30 persons received in cash grants, \$6,971.82 and in addition received \$377.80 for Doctors and Medicine, \$98.90 for Hospitalization, \$82.00 for Dental Work and \$18.00 for Glasses.

The town received \$1,872.55 in Federal grants and was reimbursed by the Commonwealth, \$1,871.94.

### GENERAL RELIEF

On January 1, there were 8 cases consisting of 27 persons being aided on General Relief.

During the year, 9 cases made up of 35 persons were added making a total of 17 cases consisting of 62 persons aided. 9 cases totaling 31 persons were closed leaving on the rolls at the end of the year, 8 cases with 31 persons. The total amount of aid granted these people was \$9,374.54.

\$624.10 was paid to other towns for 4 cases having an East Bridgewater settlement.

The town was reimbursed by the Commonwealth, \$4,102.56 and received \$228.17 from other towns.

## Librarian's Report

---

To the Trustees of the East Bridgewater Public Library :

I present the sixty-fourth annual report of the East Bridgewater Public Library for the year ending December 31, 1948.

The library has again closed a busy year during which an increased number of our townspeople used the varied library services. Starting with the youngest, the library presented subject exhibits on child care and training, held story hours, encouraged boys and girls through The Vacation Reading Club to have a good time with good books during summer vacation, observed National Book Week, welcomed visits of local young people's organizations and conducted classes for the Girl Scouts.

Book lists and exhibits were used in the adult department to promote the circulation of old as well as new books. Little displays of books at the desk helped keep timely material where readers could get it quickly. During the year 703 books were added to the library, 178 by gift. This is a poorer showing than was made last year when 874 volumes were added, 116 by gift. While through the generosity of friends 62 more volumes were donated to the library this year, the number acquired by purchase was 233 less. This decrease is due wholly to the increased cost of books.

The library program is based on a plan for public service outside the library to continually interest those who are not library users. Assistance has been given to organizations in book reviews, mimeographing, book exhibits, and the junior department has been used for committee and group meetings.

In September the library held open house for the school children. Classes with their teachers visited the library for one or two class-room periods. After a brief introduction to the paintings and historical documents in the lib-

rary, a demonstration was given of how to borrow books and use the card catalog. The high school students were given instruction also in the use of reference material. Beginning in October the library opened as usual for direct service to the schools on all school days.

Many visit our library other than citizens of the town. We welcomed Dr. Stacy B. Southworth, Chairman of the Board of Free Public Library Commissioners, in September and on October 4th we were honored by the visit of Governor Robert F. Bradford.

Real friendship for the library was shown by the 17 generous readers who gave books, paintings, magazines and flowers. The East Bridgewater Garden Club donated \$25 for fine and costly garden books and also gave us shrubs and bulbs for outdoor planting.

Under a special appropriation a new cesspool was built. This was a necessity since the original cesspool was on land owned by Mr. and Mrs. Bates. Four dry wells were rebuilt, the roof was repaired and all drain pipes and gutters were repaired or replaced.

More shelving is needed in the library. Each year the new books added outnumber those discarded. We are using every available shelf in the library—with four rows of books on some shelves—and the tops of book cases.

### IN MEMORIAM

It is with deep regret that we record the death in April of Miss Mary L. Keith, for over 14 years a member of the Board of Library Trustees. She served as Financial Secretary 10 years and as Chairman of the Board for 4 years. Her loss is keenly felt by all of us who knew her as a devoted friend to the library.

### LIBRARY STAFF

Staff members are expected to keep in continuous touch with and to contribute to progress in the library world.

Membership is held in the Old Colony Library Club, the Round Table of Children's Librarians, the Massachusetts Library Association and the American Library Association. Leah V. Canelli is Auditor of the Old Colony Library Club. Ethel B. Chandler, Librarian, serves as Chairman of the State Advisory Committee on the Certification of Librarians. She is Chairman of the Librarians Council of the United Nations Association, and is a member of the M. L. A. Executive Board.

In June Mrs. Grace Eastman resigned from the staff. A fine librarian, we are grateful for the many years we have had her assistance.

In October Mrs. Margaret K. Mason accepted a position as assistant in the adult department.

To the Trustees I express my appreciation for the continued thought and understanding they have given to our problems and needs.

Respectfully submitted,

ETHEL B. CHANDLER,

Librarian.

## STATISTICS

The library was open 303 days—60 hours a week during school months, and 30 hours a week during July and August.

67,596 volumes were lent for home and school use. The junior department circulated 23,117 books.

The library received 12 magazines and 2 newspapers by gift and purchased 62 magazines.

On December 31, 1948, the library contained 18,059 volumes. During the year 178 were added by gift and 525 were added by purchase.

Net Cost to Town for Support of Schools		\$110,977.52

## Report of School Committee

---

To the Citizens of East Bridgewater:

During the year 1948 there have been many accomplishments in our public school system, although we have had a steady rising cost of materials and equipment which is general throughout.

The School Committee was faced with a major problem of housing an unusually large number of new children at the opening of schools in September. There was an enrollment of over one hundred in grade one alone. We had anticipated this during the past year and planned to reopen the Beaver Schoolhouse as an emergency measure only until our new grade school building would be ready for occupancy. The work had to be done during the summer months, and of course, entailed considerable expense in completely remodeling the building. New toilets were installed to conform to State Laws, a new ventilating system for toilets, as well as new lights, three stoves and all other necessary equipment including desks and seats, and two teacher's desks and chairs for the opening of school. The building itself had to be repaired with steel tie rods, as it had spread and new supports were placed on roof rafters where necessary. A complete paint job was done, one inside and outside. Two teachers were secured for these classrooms.

Our next problem was an overflow class of fifty-seven pupils at the Town Hall School. Here we had to remodel a room used as the lunchroom into a classroom to accommodate seventeen pupils and to secure another teacher.

We want the citizens of the Town to fully realize a very grave problem faces us in the rapid growth of our public school population. As far as we can estimate, for at least ten years to come, we will still be confronted with this same problem.

The Committee fully appreciates the cooperation of the citizens of the Town in their efforts to relieve this condition by the naming of a Special School Building Committee, who are at the moment having work plans drawn and prepared for a new eighteen room grade school building. We all hope that the Town will vote to accept these plans and that actual construction will begin during 1949. This is of extreme importance to every parent in Town.

Our teaching staff has been most faithful in its duties under the capable guidance of Dr. John H. Gotschall, our Superintendent of Schools. Superintendent Gotschall has worked long and diligently to bring our school system up to the top of the list where it is now so recognized and of which we are all justly proud. We must not pass without a word of appreciation for our Principals, Vice-Principals, and Supervisors in the good work they are doing.

The entire teaching staff appreciate the increase in salaries and also the resuming of the annual increments. This has enabled us to maintain our complete staff of teachers intact except for one resignation during the year 1948.

The land in the rear of the Senior-Junior High School acquired from the Appledorn estate had been graded on the upper level during 1947, and this year we have had a black-top basketball and tennis court laid out. This is a very valuable development for the children, especially for our athletic teams. Some rough grading has been accomplished below this level to make room for a playground for the younger children housed in this building. The Committee hopes to be able to gradually bring this development about as soon as funds are available.

The transportation problem is always before us and hardly a meeting passes without a request for special or additional transportation. Due to the opening of the Beaver School and the large increase in school enrollment in general, we have had to reroute our busses to care for this. The School Committee follows the recommendations

of the State Department of Education and has established rules to conform with these recommendations.

We fully realize the necessity of using the Senior-Junior High School auditorium for public functions of all kinds, and we have made new regulations for the use of the hall which we feel will be satisfactory for all concerned. The Committee appreciates the special appropriation made at the Annual Town Meeting to help care for a part of the expense of the light, heat, wear and tear, etc., in operating auditorium, but the small fee charged has by no means covered actual costs, and we want the citizens of the Town to know the facts about same.

The School Committee expresses its thanks and deep appreciation for the interest, good will, and cooperation of the citizens of the Town. Your continued interest in the work and achievements of the East Bridgewater Public Schools makes our efforts worthwhile.

Respectfully submitted,

#### THE SCHOOL COMMITTEE

A. J. Bradford Alexander, Chairman	Elizabeth P. Hurd
Ida D. Currie	John B. Thorndike
Ralph G. Bumpus	Philip E. Carey

#### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of East Bridgewater:

I am pleased to submit my eleventh annual report as superintendent of schools, the intent of which is to give a brief history of the activities of the school department during 1948 and to make some recommendations for further improvements. The reports from other school officials follow this report.

## PERSONNEL AND SALARY

During the year we lost only one teacher, Miss Helen E. Kelley, a teacher of eighth grade social studies and sewing, who resigned to accept a better-paying position in her home city of Quincy. Mrs. Virginia S. Lays, a teacher in grade seven, was transferred to fill this vacancy and Mrs. Eleanor A. Enos was elected to take the place of Mrs. Lays in grade seven. Because of our large increase in enrollment, we found it necessary to appoint three new teachers. Mrs. Marion C. Frahar was elected to teach grades three and four at Beaver and Mrs. Mary T. Coleman to teach grades one and two in that school. Mrs. Evelyn J. Smith was elected to teach a division of grade one at the Town Hall School. All four of these newly-elected teachers have had a number of years' experience and are filling their positions very capably.

The Committee was able to grant the elementary teachers an extra \$100.00 for the year which means that they are now being paid only \$200.00 less than the secondary teachers. It is our plan to grant the extra pay to the elementary teachers again in 1949, so that in 1950 we shall provide equal pay for elementary and secondary teachers.

## FINANCES AND STATE AID

By referring to the financial statement of the School Committee Treasurer, it may be observed that the department expended \$122,689.77 in 1948. The Town Treasurer was reimbursed to the amount of \$11,712.25. This means that the net cost for the Support of Schools through local taxes was \$110,977.52.

The State Legislature of 1948 passed an act relative to school funds and state aid for education, the purpose of which is to try to equalize educational opportunities in the cities and towns of the State. The result of this act for East Bridgewater is an increase in State Funds amounting to between \$17,000.00 and \$24,000.00. Because of this increased aid, it has been determined that the local school

budget can be increased between \$14,000.00 and \$18,000.00 without causing any increase in local taxation.

## PLAYGROUND AND ATHLETICS

Two major improvements have been made with the land in the rear of the high school. The bottom land was leveled so that it will make a suitable playground as soon as the sandy soil has a chance to settle and harden. On the top area near the school, a black-top court 45 feet by 80 feet was installed. This is the most popular and useful improvement we have made in the last ten years. Six basketball baskets have been erected around the court and a number of balls have been left in an unlocked box outside of the building. The youngsters have played on the court morning, noon, and night all fall. Some young men of the town actually played in the moonlight.

The new court and better player material appears to have improved the quality of our school basketball teams. We have many more boys wishing to play this year and we seem to be having our best season in the past seven years.

## HOUSING AND REPAIRS

Because of our large enrollment, we have had to open three new classrooms this year, two at the Beaver School and one at the Town Hall School. In order to open the Beaver School, it was necessary to make extensive repairs which cost the Town approximately \$5,000.00. This gives us three buildings with two rooms in each. We are trying to house sixty children in each two room building, placing thirty first and second graders in one room and an equal number of third and fourth graders in the other room. The remainder of our elementary children are housed at the Town Hall School and at the High School. It will be necessary for us to provide at least two more rooms for the opening of school in September, 1949. This is necessary because we have ninety pupils entering grade six which means we must have three divisions. We will graduate a class of

thirty seniors who have always been housed in a single home-room. Our smallest class in high school next year will have approximately fifty students which means that we must occupy the room which houses one division of the fifth grade at present.

The old defective capstones on the high school were breaking up so much that the school committee and the finance committee decided that a special appropriation should be made to make the necessary repairs before winter weather set in. The stones were removed and a lead-coated copper hood was placed over the top of the parapet wall. It was feared that this method of repair might make the building unsightly, but apparently this is not so. The net result is that the building is dry except when we have a northeast storm which lasts long enough to drive the rain through the brick wall. The only permanent remedy for this condition appears to be to take the wall down and to start over again. We hope to have some rooms replastered this coming summer, and by furring the wall out a couple of inches from the brick wall, we may be able to overcome the water damage. We should not be too much discouraged because most of the other buildings which were built in the 30's leak as much or more than ours.

### SCHOLARSHIP

It is the purpose of all of us—teachers, principals, and supervisors—to give each child the type of education best suited to his needs. For those who do not learn so quickly from books, we are attempting to arrange our program so that the speed of our work will approximate the different abilities. This program offers additional advantages to all children. The results of specially prepared tests, which we give from time to time, indicate that our scholarship maintains a high average. In our high school the students have an unusually wide offering for a school our size. We can say, with much pride, that we really do prepare our students very well for college entrance. We have an unusually high percentage of our graduates continuing their schooling. Be-

cause of the fine record of our four graduates now attending Massachusetts Institute of Technology, we have been notified that our students may enter that school without examinations. Those taking the college preparatory course are not the only students who receive benefits from our high school. Many of our commercial and general course students have obtained good positions after graduation. It is not the purpose of our shop and household arts departments to prepare students for positions, but some of our graduates are finding employment in these fields.

### HOME STUDY

It is practically impossible for the schools to take complete responsibility for the total education of children. Parents must give their assistance in a number of ways. A child is not likely to obtain the maximum benefits from schooling unless he likes his school and his teacher. Parents should have some praise for the teacher and not threaten the child with what she will do if the child is naughty. Parents have a responsibility in helping to develop proper attitudes and principles of honesty in their children.

Pupils in grades six through twelve should have some home study to do every school day. The length of time it will take to do this work depends upon the speed with which the pupil can do the work. Unless the child is getting good marks in all his subjects, parents should not accept the alibi that there is no work to be done. A suggested schedule indicating the amount of time that we would like to have spent in conscientious home study on every school day is as follows: Grade six, 45 minutes; grades seven and eight, 60 minutes; grades nine through twelve, 90 minutes, but those preparing for college in these later grades average 120 minutes in home study. This schedule indicates the average minimum time which may not be enough if there are many interruptions.

### P. T. A. AND E. B. TEENS

We are pleased with the interest being shown in the Parent-Teacher Association this year. The organization

has a paid membership of over one hundred and twenty-five and the attendance has been good since the opening of school in September. The executive board has met regularly and worthwhile programs have been presented. Those parents who have not been attending are urged to come to some of our meetings to get acquainted with what goes on. The outside activities of the association have been the providing of basketball equipment for our outside court and the sponsoring of the E. B. Teen Dances for the young people of the Town. Mr. and Mrs. Howard Hogue are to be congratulated on their effort in directing these dances. During the summer months, when school is not in session, there is a definite need for such affairs and these dances seem to fill the bill.

### CAFETERIAS

The High and Town Hall Schools provide excellent hot-plate lunches at fifteen cents each. Parents are urged to investigate our offering to know that lunches cannot be prepared and sent from home for the amount charged at school. This is true because some of the food which we serve is given to us by the government and all it costs us is a minimum processing charge. I do not mean to be advertising for more lunch business, because we are serving almost all that our present facilities will accommodate. If we get the accommodations, I shall recommend that every child be permitted to stay at school and have a hot lunch at noon.

### TRANSPORTATION

The rule of the School Committee provides that a child is eligible for transportation if he lives more than one and one-half miles distance from the school he is to attend. This means that no child is expected to walk more than this distance to meet a bus. The State Law provides that two miles is the maximum walking distance and any regulation made within this maximum is entirely in the hands of the local School Committee. When any citizen wishes the Com-

mittee regulation to be changed, it is necessary to come before the Committee and state the case.

### SCHOOL ADMISSION AGE

Any child who becomes six years of age on or before September 1st will be eligible to enter the first grade without any test. Those children who will become six years of age between September 1st and January 1st of that year may take a readiness test which will be given the first week in June. Parents will be given ample notice regarding the time and place of this test.

### CONCLUSION

Again, I wish to thank the members of the Committee and every member of the school personnel for your thoughtful consideration of all school problems during the year. The youth of our Town appear to be worthy of the best we have to offer.

Sincerely yours,

JOHN H. GOTSCHALL,  
Superintendent of Schools.

---

### REPORT OF THE VICE-PRINCIPAL OF THE SENIOR HIGH SCHOOL

Dear Dr. Gotschall:

May I submit my report as Vice-Principal of the Senior High School.

The past year has seen one faculty change. Mrs. Virginia S. Lays now teaches in the eighth grade and supervises a tenth grade home-room. In previous years, Mrs. Lays has taught the seventh grade in this same building.

Some rooms especially are suffering from overcrowding, due to a large enrollment and inclusion of intermediate

grades in the population of the building. This situation will become even more serious next year. In grades eight through twelve we now have 252 pupils in rooms designed to seat 240. Next year's enrollments in the same grades should approximate 290, as our graduating class is smaller than average.

In September, 1948 the program at the High School underwent a slight modification. The so-called extra period of twenty minutes was dropped and this time was added to the regular seven periods.

We still have several veterans engaged in post graduate study for the year 1948-49. Many who have returned since the war for such study are enrolled in schools and colleges and are doing good work.

The Pen continues to flourish under the direction of faculty advisers, Marlene L. Andrews, Grace M. Dunn, and Anne R. McNally. Three issues are planned for 1948-49.

The Senior Class presented as their annual play "Every Family Has One." Their offering was highly successful, both artistically and financially. The members of the cast gave a second performance at the Plymouth County Hospital in Hanson for the enjoyment of the patients as a part of their Christmas week festivities.

At this time may I reiterate an earlier recommendation, that, as soon as possible, an additional room on the upper floor be converted for use as a laboratory and classroom for biology and general science in order that our science program may more nearly conform to modern standards.

May I, at this time, express my thanks to teachers, supervisors, and students in appreciation of their spirit of friendly cooperation. Without this fine spirit, the work of the school would be much more difficult.

Respectfully submitted,

EMERY S. LOUD,  
Vice Principal.

## REPORT OF THE VICE-PRINCIPAL OF THE JUNIOR HIGH SCHOOL and DIRECTOR OF ATHLETICS

Dear Dr. Gotschall:

It is with pleasure that I submit my annual report as Vice-Principal of the Junior High School. All of our teachers have returned to their previous positions with the exception of Miss Helen E. Kelley. Mrs. Eleanor A. Enos, appointed to fill the vacancy, is proving to be a fine teacher. With the entire faculty available, the program offerings, both curricular and extra-curricular, were carried on in excellent fashion.

At the present time education is serving youth in a greater capacity than ever before. Curriculum changes are inevitable. With these changes it is quite necessary to realize that in order to meet the needs of youth, many avenues of learning may be pursued.

With this in mind, I recommend a new subject in the General Course—a practical course in First Aid. I would also add that it be a compulsory course on the ninth grade level in the General Course. A well-rounded practical course in First Aid could be covered in two regular class periods per week through the school year.

Concerning our 1948 athletic program, our basketball and baseball teams did not win any championships, yet much credit is due both them and their coach for the great improvement and the fine spirit of sportsmanship that they displayed in these athletic games. The entire athletic program of the school culminated in an excellent Sports Night Program sponsored by the Kiwanis Club of East Bridge-water. Fitting recognition was made to Superintendent of Schools, John H. Gotschall; Vice-Principal Emery S. Loud; Coach Joseph F. Morey; members of the basketball and baseball squads; the girl cheerleaders and their coach, Miss Anne R. McNally.

Junior High boys basketball teams and baseball teams

again represented the school in contests with schools in nearby towns.

The past school year proved very interesting and many worthwhile activities were concluded in a most successful manner.

The report of the Athletic Accounts is included:

Cash on hand, December 31, 1947		\$109.92
Basketball Receipts		399.00
Tag Day Receipts		131.46
		<hr/>
Total Assets		\$640.38
Basketball Expense	\$189.50	
Taxes, admission	79.80	
Baseball Expense	222.05	
Miscellaneous	51.41	
	<hr/>	
Total Expenditures	\$542.76	
Total Assets		\$640.38
Total Expenditures		542.76
		<hr/>
Balance on hand, December 31, 1948		\$97.62

Respectfully submitted,

STANLEY B. GOLDMAN,  
Vice Principal.

---

## REPORT OF THE MUSIC SUPERVISOR

Dear Dr. Gotschall:

In past reports I have tried to outline the curriculum for the Music Department and feel that it is not necessary for me to repeat myself at this time. Therefore, I will only mention a few of the music activities of the past year.

An unusual event was a broadcast over WBET by the band last spring as representative of East Bridgewater in the weekly programs given by various High Schools of

Southeastern Massachusetts. It was interesting in that it required almost professional planning for variety and timing. The band also played a benefit concert at Parker's for the Police Retirement Fund.

The annual Spring Concert was given in May by the junior band, freshman girls' chorus, senior band and senior mixed chorus. Each group performed a group of selections to a large and appreciative audience.

The senior mixed chorus last year, for the first time, participated in one of the festivals and gave a fine performance. Both chorus and band took part at this Massachusetts Festival held in Brockton. For the third consecutive year the band has appeared in both the Massachusetts and New England Festivals. According to enrollment it is in Class C and should not be compared with Class A bands (from high schools with 1,000 to 2,000 students), but nevertheless it performed Class A music at the last festival. It was considered by the judge for Class A bands as one of the three top bands at that event.

We are very much indebted to many townspeople, the Commercial Club, the Women's Club and band-parents for the help that has been given us in procuring our uniforms and making our participation in the various festivals possible. We hope that our future performances will be such that we shall continue to deserve the interest that has been shown in us.

Respectfully submitted,

SARKIS KURKJIAN,

Music Supervisor.

## REPORT OF THE ART SUPERVISOR

Dear Dr. Gotschall:

East Bridgewater has an Art Course which meets the requirements set up by Massachusetts for the public schools. It is a course which uses much creative Art as

well as necessary principles of Art. It correlates Art also with other studies. It uses as mediums pencil, pen and ink, crayons, clay, poster paints, charcoal, and water colors, as well as some of the crafts like paper cutting, stenciling and block printing.

The number of pupils in the high school (10, 11 and 12th grades) taking Art has increased from about ten to thirty-four. This increase, together with the opening of the Beaver School, has caused a problem which has been hard to work out satisfactorily. It means that the supervisor can visit Town Hall, Elmwood, West and Beaver Schools only once every two weeks, and the overflow class after school from 1:45-2:45 must be held at the high school once a week.

The teachers are well grounded now in the Art work required in the Massachusetts Schools and can carry on very well the units suitable for all the elementary and junior high grades.

In High School, stencilling and block printing have been added to the courses already established in years past. The work is much handicapped by lack of adequate room for such courses. It is to be hoped that an Art room with long tables, drawing desks and water cans be provided in the near future. Much better training can then be provided for our boys and girls who need to develop hobbies to be carried along into later life.

There seems to be great interest in Art. This ought to help make life interesting. It ought to be of great advantage to the Town. Good taste is being developed by showing them how each country makes use of the best Art of the Ages in its own clothing, architecture, and objects of Art.

Every year should add something to the development of the child and this is being done in a flexible Art program in East Bridgewater.

Respectfully submitted,

ELLA B. HEBBERD,

Art Supervisor.

## ANNUAL REPORT OF THE SCHOOL NURSE

School Visits	534
Special attention to	1,286
First aid care to	527
Ill children carried home	215
Children referred to Dr. Hurlburt	15
Recommended for exclusion	224
Interviews with parents through Office—telephone and home contacts	350
Communicable Disease	
Chicken Pox	26
Measles	5
German Measles	1
Scarlet Fever	3

## Two Tonsils and Adenoids Clinics at Public Health Nursing Rooms.

Five school children and five pre-school children had tonsils and adenoids removed by Dr. J. R. Noyes.

Two school children to Bailey Health Camp for eight weeks.

Physical Examinations by Dr. Hurlburt showed 17 children with enlarged tonsils; 4 children with hardened wax; 47 children with flat feet; 4 children with deviated septum; 1 child with torticollis; 11 children with slight heart murmurs.

Dental Examinations by Dr. Fraser: 751 children examined—64 children with a perfect set; 262 children with dental defects corrected; 326 children (43%) with defects corrected—was an increase of 5% improvement over 1947 corrections.

Before school closed in June, 1948, approximately 100 children had had dental defects corrected. This raised the percentages, but not high enough.

Registration for entering September class included

weighing and measuring, dental examination by Dr. Fraser and physical examination by Dr. Hurlburt.

75 children registered at the clinic.

55 children examined by Dr. Hurlburt.

29 children examined by own physician during summer.

The following defects were found:

Enlarged tonsils	17
Hardened wax	1
Impaired Hearing	1
Mirror Vision	1

Hearing Test with the audiometer—222 tested; 50 re-tested; 14 notices sent to parents for impaired hearing; 2 attend bi-weekly lip reading classes.

Vision Test with the Massachusetts Vision Apparatus: 578 tested; 112 re-tested; 74 notices sent to parents for failure to pass test; 90 other failures found, but under treatment or corrected by glasses.

These last two tests were administered with State-loaned equipment. Quite frequently the regular work was neglected in order to finish the tests in the required time. It would be a tremendous help if the school could purchase this most necessary health equipment.

Respectfully submitted,

RUTH G. EVANS, R. N.,  
School Nurse.

GRADUATION EXERCISES  
of  
SENIOR-JUNIOR HIGH SCHOOL  
Class of 1948  
HIGH SCHOOL AUDITORIUM  
Wednesady Evening, June Ninth  
at Eight O'clock

PROGRAM

PROCESSIONAL—"Marche Pontificale" Gounod  
ASSEMBLY BAND

INVOCATION  
REV. ALEX PORTEUS, JR.

ADDRESS OF WELCOME  
LLOYD ARTHUR BOYDEN, JR., Class President

ASSEMBLY BAND—"Arioso" Bach

HONOR ESSAY—"A Key to Freedom"  
WALTER EVERETT CAMPBELL, JR.

CHORUS—"Jesu, Joy of Man's Desiring" Bach  
"Dry Bones" Spiritual

HONOR ESSAY—"A Panacea For Peace"  
JOHN FRANKLIN CLEMONS

ASSEMBLY BAND—"South of the Rio" Olivadoti

GRADUATION ADDRESS—"Be A Master Pruner"  
DR. EDWARD JOHN CARNELL, Gordon College of Theology

PRESENTATION OF AWARDS  
JOHN H. GOTSCHALL, Superintendent of Schools

PRESENTATION OF DIPLOMAS  
A. J. BRADFORD ALEXANDER, Chairman of School Committee

## CLASS ODE—"The Sculptor"

Words by Glee Lynette Mitchell, Music by Anne Miller

## STAR SPANGLED BANNER—First Verse

(Audience stand and remain standing)

## BENEDICTION

## RECESSIONAL—"Brasses Triumphant"

Holmes

ASSEMBLY BAND

NOTE: The class will form a receiving line along the side of the hall.

## CLASS ROLL

Ruth Alger	*Helen Viola Komanisky
Irene Eleanor Battista	Jean Pauline Leonard
Barbara Ida Bixby	Mary Lillian Lopez
Howard Russell Blackwell	Rena Elaine Luther
Lloyd Arthur Boyden, Jr.	Dorothea Louise Marble
*David Henry Brown	*Anne Miller
*Stafford Inglee Burrell	*Glee Lynette Mitchell
†Walter Everett Campbell, Jr.	John Paul Mondeau, Jr.
Barbara Louise Clapp	Mildred Marie Moniz
‡John Franklin Clemons	Mena Mary Morey
Virginia Alice Connors	*Florence Etta Morse
Kenneth Stetson Copeland	George Richmond Patt
Gordon Maynard Craig	Donald Brewster Perkins
John Francis Curley	Marjorie Mae Perkins
Owen John DeLorenzo	*Carol Pratt
Barbara Ellen Marie Donahue	George Arthur Rathbun, Jr.
David Charles Earle	Anna Eleanor Skipper
*Carol Edis Hatfield	George Spotswood Sparling
*Nancy Alden Houghton	Mary Weed White
John Gilbert Howe	Leona Mae Willis
*William Oceanic Jahn, Jr.	Arlene Elleanora Yafrate

‡ Valedictorian

† Salutatorian

\* Graduates with a four year average of "B" or better.

CLASS MOTTO: "Veritas omnia vincit."

(Truth conquers all things.)

CLASS COLORS: Blue and White

CLASS OFFICERS

PRESIDENT	VICE-PRESIDENT
LLOYD ARTHUR BOYDEN, JR.	ANNE MILLER
SECRETARY	TREASURER
CAROL EDIS HATFIELD	GEORGE RICHMOND PATT

MARSHALS

Nancy Elizabeth Milligan  
William Dana Stoddard Alger

AWARDS

1. HORACE T. SMITH ESSAY PRIZE

Awarded to the member of the Junior or Senior Class who submits the best essay on some scientific subject. Annual interest on \$1,000.00.

WILLIAM O. JAHN

2. HORACE T. SMITH SCHOLARSHIP FUND

Given to the graduate of the East Bridgewater Senior-Junior High School who fulfills all the requirements as set down by the will of the late Horace T. Smith. First year's tuition at Massachusetts Institution of Technology, \$500.00.

JOHN F. CLEMONS

3. THE MICHAEL J. McCARTHY PRIZES

Given annually to two Seniors who exhibit superior knowledge of the United States Constitution or a selected subject in American History.

1. FLORENCE E. MORSE      2. WALTER E. CAMPBELL

4. THE DICKSON MEDAL

Given to the graduate who has shown the most improvement in scholarship during his or her four years of High School life.

ARLENE E. YAFRATE

5. CLASS OF 1931 AWARD (MEDAL)

Given to the Senior who has fulfilled all the requirements towards being the best citizen of the Class during his or her four years of High School life.

WILLIAM O. JAHN

6. THE SYLVANUS COOK PACKARD AND ALUMNI  
SCHOLARSHIP

Given to the graduate who fulfills all the requirements according to Article 5, Sections 1, 2 and 3 of the By-Laws of this fund, and who stands the highest of all those making application for this scholarship. Annual interest on \$1,500.00.

ANNE MILLER

7. THE BANNERMAN SCHOLARSHIP

Given to the graduate who has completed the High School Classical Course and who is the highest ranking student in the list of applicants to enter college on the approved list.

NANCY A. HOUGHTON

8. RENSSELAER POLYTECHNIC INSTITUTE SCIENCE  
AND MATHEMATICS MEDAL

Awarded to the Senior who has attained the highest excellence in the studies of Mathematics and Science throughout his or her High School career.

JOHN F. CLEMONS

9. D. A. R. MEDAL

Awarded to the Senior girl elected the best citizen.

BARBARA E. M. DONAHUE

10. BAUSCH AND LOMB SCIENCE MEDAL

JOHN F. CLEMONS

# Report of Sealer of Weights and Measures

For the Year Ending December 31, 1948

To the Honorable Board of Selectmen:

Dear Sirs:

I have performed the following duties during the year 1948:

	A	S	NS	C
Platform Scales over 5,000 lbs.	1	1		
Platform Scales 100 to 5,000 lbs.	1	6		
Counter Scales 100 lbs. or over	1	3		
Counter Scales under 100 lbs.	1	9		
Beam Scales 100 lbs. or over	2	4		
Spring Scales 100 lbs. or over	1	2		
Spring Scales under 100 lbs.	2	22		
Computing Scales under 100 lbs.	2	12		
Personal Weighing Scales		1		
Avoldupois weights	6	27		
Liquid Measures		38		
Meters 1" inlet	13	29		
Meters over 1" inlet	1	4		
Oil Measuring Pumps			60	
Grease Measuring Pumps		12		
Quantity Measures on Pumps		6		
Yard Sticks		2		
Totals	31	78	60	

A-Adjusted. S-Sealed. NS-Not sealed. C-Condemned.

Thanking you for your cooperation during the year 1948.

Respectfully submitted,

JAMES H. FEENEY, JR.,  
Sealer.

## Report of Tree Warden

---

To the Honorable Board of Selectmen and Voters of  
East Bridgewater

During the year 1948 all the Street trees were sprayed. The Elm beetles are still plentiful in this Town as well as the Towns around us. Trimming was done to all trees. Every year branches that are damaged during the winter are all taken down.

New trees are placed in different parts of the Town each year.

Respectfully submitted,

EDMUND D. KENNEALLY,  
Tree Warden.

## Report of Moth Superintendent

---

To the Honorable Board of Selectmen and Voters of the Town of East Bridgewater.

We managed to get around to all the trees and paint the egg clusters in spite of the bad winter.

The trees in Town are in good condition. Brown tail moth nests are an ever present problem, which we combat to the best of our ability.

Respectfully submitted,

EDMUND D. KENNEALLY,  
Moth Superintendent.

## Report of the Inspector of Animals

---

To the Board of Selectmen and  
Citizens of East Bridgewater:

During the past year, there have been 42 head of cattle in the town that have reacted to the tuberculin test. These animals were killed and the premises from which they came were properly disinfected.

There were 27 dogs quarantined for rabies, all later released, showing no symptoms of the disease.

There were 17 shipments of inter-state dairy cattle inspected and released, and 3 carloads of beef cattle came in for immediate slaughter.

In my annual barn inspection I found 1,087 head of cattle, 685 swine, 23 sheep, 21 goats, 94 horses and 1 mule.

Respectfully submitted,

HARRY W. KINGMAN, M. D. V.,  
Inspector of Animals.

A true copy of record

Attested:

GEORGE J. FRAHAR,

Town Clerk.

The following Special Committee was appointed by the Moderator under Article 23: The three members of the Board of Selectmen, L. Norris Luddy, Arnold C. Swansen, Ralph H. Keith, C. Robert Lindquist, and Carl R. Edson.

## TOWN MEETING

March 7, 1949

---

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in elections and Town affairs, was held in the High School Auditorium on Monday, March 7, 1949 at 8:30 P.M. Action was taken under the article in the warrant as follows:

The meeting was called to order by the Moderator, Forest W. Cousins. The warrant and constable's return was read by the Town Clerk, George J. Frahar.

Article 1. Voted: That the sum of five hundred fifty-five thousand dollars (\$555,000.00) be raised and appropriated for the purpose of constructing and originally equipping and furnishing a School building and that to meet said appropriation the sum of sixteen thousand five dollars and forty-three cents (\$16,005.43) be raised in the tax levy of the current year, the sum of forty-two thousand four hundred fifty-nine dollars (\$42,459.00) be appropriated from available funds in the treasury, the sum of three thousand one hundred twenty-one dollars (\$3,121.00) be appropriated from the sale of real estate fund, the sum of seventy-four thousand five hundred forty-one dollars (\$74,541.00) be appropriated from the post-war rehabilitation fund, the sum of six thousand two hundred fifty-four dollars (\$6,254.00) be appropriated from the Allen School Fire loss reimbursement account, the sum of twelve thousand six hundred nineteen dollars and fifty-seven cents (\$12,619.57) be appropriated from the repairs to the Allen School account and that

the treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of four hundred thousand dollars (\$400,000.00), that two hundred thousand dollars (\$200,000.00) of the amount authorized by this vote shall be under authority of and in accordance with Chapter 272 of the Acts of 1947, and two hundred thousand dollars (\$200,000.00) of the amount authorized by this vote shall be under authority of and in accordance with Chapter 44 of the General Laws, and to issue bonds or notes of the town therefor payable in accordance with provisions of chapter 44 of the General Laws so that the whole loan shall be paid in not more than twenty years from the date of issue of the first note or bond. Be it further voted that a committee consisting of Michael J. McCarthy, John H. Gotschall, Edna L. Whitmore, Edmund W. Nutter, John B. Thorndike, Dr. Alton L. Hurlburt, and Glen Churchill, being the present school building committee, are authorized and empowered to enter into all necessary contracts and agreements to carry out the construction and furnishing and equipping of the school building.

The count taken by show of hands: Yes, 458. No, 0.

A true copy of record.—Attest:

GEORGE J. FRAHAR,

Town Clerk.

## ANNUAL TOWN MEETING

**Saturday, March 12, 1949**

---

A legal meeting of the town of East Bridgewater was held in the High School auditorium on Saturday, March 12, 1949 to bring in their votes for the election of the Town Officers.

Specimen ballots, penalty and instruction cards were posted. All other requirements of the law were observed. The polls were declared open at 8:00 A.M. by the moderator, Forest W. Cousins.

Two sealed boxes said to contain twenty-three hundred ballots were delivered to the ballot clerk and a receipt obtained therefor by the Town Clerk.

The following were sworn to the faithful performance of their duties by the Town Clerk, George J. Frahar.

The oath of office was administered to George J. Frahar, Town Clerk, by the Moderator, Forest W. Cousins.

Voted to adjourn at 8:17 P.M.

A true copy of record.—Attest:

GEORGE J. FRAHAR,  
Town Clerk.

---

**TOWN MEETING**  
**July 12, 1949**

A legal meeting was held Tuesday, July 12, 1949 at 7:30 P.M. in the Selectmen's room, under a warrant issued by the Selectmen and dated July 5, 1949.

Action taken under the Warrant as follows:

Article 1. Voted: To appropriate the sum of one thousand (\$1,000.00) dollars from surplus revenue to meet the Town's share of completing the reconstruction of Oak Street, and that the sum of three thousand (\$3,000.00) dollars be appropriated from surplus revenue to meet the State's and County's share of the cost of the work, the reimbursement from the State and County to be restored to the surplus revenue upon their receipt.

A unanimous vote.

Voted to adjourn at 7:38 P.M.

GEORGE J. FRAHAR,  
Town Clerk.

---

**TOWN MEETING**  
**October 5, 1949**

A legal meeting of the inhabitants of the Town of East Bridgewater, Massachusetts, qualified to vote in Elections and Town Affairs, was held in the Senior-Junior High School October 5, 1949 at 7:20 P.M. under a warrant issued by the Selectmen and dated September 26, 1949.

The meeting was called to order by the Moderator, Forest W. Cousins, the warrant was read by the Town Clerk, George J. Frahar, with the constable's return.

The following action was taken under the article in the warrant.

Voted: To amend the Town By-Laws by adding the following new section: Article 22, Section 1. No person shall remove any soil, loam, sand or gravel from any land in the Town not in public use unless such removal is authorized by a permit issued by the Board of Selectmen, except in conjunction with the construction of a building on the parcel

and except for the continued operation on the same parcel of an existing sand and gravel pit. No such permit shall be issued until an application therefor is filed with said board. Said board shall hold a public hearing on the application and notice of the filing of such application and the date and time of the public hearing thereon shall be advertised in a paper published in the County seven days at least before the public hearing.

A unanimous vote.

Article 2. Voted: To appropriate an additional sum of seven hundred sixty (\$760.00) dollars for the water department maintenance account and that said sum be expended for the purpose of replacing a one-inch water main on Church Street from the junction with Central Street and that to meet said appropriation the transfer of the sum of seven hundred sixty (\$760.00) from the Surplus Revenue Account to the Water Department Maintenance Account is authorized.

Article 3. Voted: To authorize the Moderator to appoint a committee of three members to study the question of revising the town by-laws and instruct said committee to report at a future town meeting.

A unanimous vote.

The following committee was appointed by the Moderator under the vote on Article 3: Michael J. McCarthy, George J. Frahar, and Edmund W. Nutter.

Adjourned at 7:45 P. M.

A true copy of record.—Attest:

GEORGE J. FRAHAR,  
Town Clerk.

GEORGE J. FRAHAR,  
Town Clerk.

## YOUR ATTENTION IS CALLED TO THE FOLLOWING

---

The object of printing the registration of births, marriages, and deaths is to afford opportunity for corrections of errors and omissions. If any be noted, notice should be immediately sent to the Town Clerk, in writing, giving the correct facts, that the records may be perfected for the current year.

Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.

GEORGE J. FRAHAR,

Town Clerk.

Ortenzi, Armand	

GEORGE J. FRAHAR,  
Town Clerk.

## Report of Highway Surveyor

---

To the Honorable Board of Selectmen and  
Voters of the Town of East Bridgewater:

I hereby submit my annual report as highway surveyor for the year ending December 31, 1949.

The equipment in the Highway Department is all in good condition with the exception of the International Truck, which is ten years old. This year have inserted an article in the warrant asking the Town to purchase a new truck.

Following is a summary of the work in 1949:

The drain on Plymouth Street near the junction of Allen Street was completed, also the drain on Park Avenue to West Street was completed.

Highland Street, Harvard Street, Pine Street, Summer Street and Winter Street from Summer Street to the Brockton line were all resurfaced with new gravel and asphalt penetration.

Sidewalks, from the Town Hall to the Thornhill residence on Central Street, Union Street from North Central Street to the Marble residence on North Bedford Street, Morse Avenue and Central Street from the residence of Richard Bartlett to Strong Avenue, with black top mixed.

Street Oiling: Central Street from Franklin Street at the North Hanson line to the Town Hall, Cedar Street from the South Hanson line to Central Street, Union Street from the Koslowsky residence to Walnut Street, Spring Street from the Bridge to West Street, Highland Street from Elm Street to the top of the hill, Oregon Street and part of Harvard Street near the Whitman line.

This year I am asking to have Bridge Street from Plymouth Street to West Pond Street and West Pond Street from

the Bridgewater line to Plymouth Street, resurfaced with new gravel and asphalt penetration, also to rebuild Belmont Street from the top of the hill to Elm Street and rebuild the old culvert.

For a detailed account of the expenditures for 1949 see the auditor's report.

In conclusion I wish to thank the Board of Selectmen, the Finance Committee, and the voters of the Town of East Bridgewater for their cooperation in 1949.

Respectfully submitted,

ADAM McCORDICK,  
Highway Surveyor.

## Report of Town Treasurer

Town Collector.

## Report of Board of Selectmen

---

During the year the board has considered the usual problems of town administration and we feel that general conditions have been satisfactory and that effort has been made by the board to co-operate in any activity which seemed to be in the best interests of the town.

### POLICE DEPARTMENT

For several years it has been the opinion of the board that the full time personnel of the police force should be increased. This year to increase the efficiency of the department another full time officer was added. To cope with possible crime it seems that all citizens recognize that more than one man should be assigned to cruiser car patrol work. In the event of night calls, two men answer all calls. This seems desirable. The possible hazard which an officer may face on these calls indicates that security for the officer requires more consideration than we have given previously to this phase of police work. The full time use of two men affords opportunity to the department to give adequate coverage to dangerous school crossings at the Senior-Junior High school, Fred Bates Morse Square and at the Elmwood post office. The work done by the officers has met with general approval as indicated in comment received by the board. We are asking for a sufficient appropriation to continue the program.

It is recommended that the present cruiser car be traded for a new car for which an appropriation will be requested this year. The board gave serious consideration to the purchase of a sedan type of automobile convertible for ambulance work. The final decision was not to recommend this type of vehicle.

### CHAPTER 90 WORK

This year the board is submitting articles to the annual town meeting on the Chapter 90 highway construction pro-

gram with work proposed to be done on three or possibly four streets. One article requests an appropriation by the town of \$3,000.00 which with the state and county grants would make \$12,000.00 available for the proposed project on Central and Spring streets. Under this plan it is proposed to widen and surface the unfinished part of Central street from the junction with Plymouth to Bedford street. On part of this street it is proposed to have curbing placed. The balance will be used to start the reconstruction of Spring street starting this year at the junction of Bedford. It will probably be a three year project to rebuild Spring street to West street. This will give a shorter route to West Bridgewater and to routes to the southern and central parts of the state.

The second recommendation is for an appropriation by the town of \$1,500.00 which with allocations by the state would make \$6,000.00 available for resurfacing Pleasant street from the West Bridgewater town line and possibly some work on North Central street. The board recommends in this resurfacing project that a material of the kind known in the trade as Type I or a similar material be used to give a permanent surface.

## FIRE DEPARTMENT

The board has given considerable attention to fire department matters this year, especially in view of a written complaint filed with the board on the subject of policy and management of the department. One of these subjects which has been a frequent source of criticism is the method of sounding the alarm for fire. In the consideration of any matter relative to the Fire Department, the citizens must bear in mind certain pertinent facts: (1) we have to operate the department as a volunteer department and (2) the town does not possess any means of sounding an alarm either by action of a citizen or by the department. To be able to sound an alarm we are dependent on two public utility companies, both of which have been extremely co-operative and generous to the town and have been willing

to do all which they could within the regulations of their companies. Prior to this past summer under the policy of the department an alarm for fire could only be sounded after contacting the chief of the Fire Department or an officer authorized to have the alarm sounded. After conference with the fire chief it was agreed to adopt a new method of having the fire alarm sounded on a trial. Under the plan now in effect the person who discovers a fire should say to the operator at the telephone company switchboard, "Fire Emergency," and the call will be connected with the Edison station where the person who answers should be informed as to the location of the fire. Then a whistle alarm of 21 will be sounded.

In general, we believe that this system has been an improvement over the other system. It provides for a prompt answer to calls. A few complaints have been received by the board, all on one point, "Now I don't know where the fire is." To the board the important factor is that when a person has a fire at his home and sends in the alarm, he wants to see the fire apparatus and help coming to his home without delay to extinguish the fire. The next step to improve the sounding of fire alarms would be the full responsibility of the town and would involve a financial outlay. The town might decide to install a fire alarm system with boxes in various sections of the town at a considerable expense or it might purchase a sounding apparatus which could be operated from some location where someone was in attendance for 24 hours every day. The possibility of this type of signal system was explored by the selectmen. Under certain conditions it might be installed at the telephone exchange where manual operation is in use, but it would be useless if the telephone company installed an automatic dial exchange here.

During the year one new piece of apparatus has been added, a light truck with pumper for use of the forest fire service and is adaptable for general work.

## DEVELOPMENT PLANNING

Interest has been shown in community development planning by some citizens during the past year. Their opinion is that with the development of an improved highway system, the continuing shortage of housing and higher tax rates in cities, that the population trend will be to move from cities to rural areas. Within 25 miles of the capital city of the Commonwealth there appears to be justification for the thought that our population may be increased substantially in future years. To plan for this the selectmen have recommended that the town meeting this year consider authorization of the appointment of a committee to investigate and study the matter of the acquisition of any land or property in town for public purposes.

## SOIL REMOVAL

The unrestricted right to remove loam, soil or gravel from land in the town might result in irreparable damage to the community. It is generally done with the purpose of selling the profitable top soil elsewhere and when the land has been stripped to abandon it. The land has then lost much of its value and its possibility for agricultural purposes has been rendered nil. Under a statute enacted in 1949, by the General Court, towns were permitted to vote by-laws which would provide provisions for regulating the removal of soil, loam and gravel. The by-law adopted at a special town meeting held on October 5, 1949, and approved by the Attorney-General is as follows:

No person shall remove any soil, loam, sand or gravel from any land in the Town not in public use, unless such removal is authorized by a permit issued by the Board of Selectmen, except in conjunction with construction of a building on the parcel and except for the continued operation on the same parcel of an existing sand and gravel pit. No such permit shall be issued until after an application therefor is filed with said board, said

board shall hold a public hearing on the application and notice of the filing of such application and the date and time of the public hearing thereon shall be advertised in a paper published in the County seven days at least before the public hearing.

### TOWN DUMP

A public dump for residents of the town is maintained off Bridge street, just south of Plymouth street. This is a convenience which we feel must be maintained. To keep the area as neat and clean as possible a man is hired for daily duty. It is not always possible to do what we intend in this matter. Many who use the dump come at hours when the caretaker is not on duty and dump material in any spot convenient to them. This creates an unsightly condition and necessitates unnecessary expense through the need for hiring a tractor to clear the litter away. A simple rule to observe in the interest of your town is: Drop all material taken to the dump into the hole created by gravel excavation. If this is done by everyone the problem of keeping the dump orderly and neat will be solved. We request your co-operation.

### COMMITTEE REPORTS

The members of the board are members of the special committee created to study traffic and off-street parking. Some progress has been made in a plan for off-street parking in an area contiguous to the business district. Questions relative to the acquisition of land and the area needed are still to be decided. More time will be required in arriving at a proper solution of this problem. Members of the committee appointed by the moderator are: L. Norris Luddy who was elected chairman, Carl R. Edson, clerk; Ralph H. Keith, Arnold C. Swanson, and C. Robert Lindquist.

Two members of the board are serving on the committee to study the revision of the town by-laws, McCarthy

and Nutter, who with George J. Frahar, town clerk, comprise the committee. A thorough revision to modernize the by-law code is planned. It appears that further time is needed and that a report will not be made until the annual meeting in 1951.

### CONCLUSIONS

During the year the co-operation of boards and officers of the town has been constructive.

A word of caution might well be included in this report. General business conditions have shown a slight decline during the year and general employment conditions are not as favorable. At the town meeting in 1949 the town voted a bond issue of \$400,000.00 for the construction of an elementary grade school building which is now being constructed. This debt will be fully matured in 20 years. It is the largest financial burden assumed by the town. It is not an alarming outlay, the payment of which will be aided in part by funds to be received from the Commonwealth of Massachusetts through the aid to school construction act. However, for a few years we will have to scrutinize with care expenditures to keep the tax rate within a reasonable limit. We hope that everyone will realize that full co-operation is needed in this matter and feel assured that the voters will realize the necessity for all to work together in this.

MICHAEL J. McCARTHY,  
EDMUND W. NUTTER,  
CLARENCE E. ANDERSON,

Selectmen.

## School Building Committee Report

---

Immediately after approval of the annual town meeting vote authorizing the necessary appropriation and bond issue with the authorization to proceed with the erection of a grade school building the building committee took immediate action to have the construction undertaken at the earliest date possible.

With the completion of the plans and specifications advertisements were published asking for bids. The bids were publicly opened at the senior-junior high school.

Eight bids were received. The lowest bid was that of Clark and Smith Inc., of Quincy. After investigation of the low bidder by the architect and committee the award of the contract was made to Clark and Smith Inc. The bid of the low bidder was \$408,406.00.

Actual ground breaking took place on May 20, 1949. We consider that the progress of the work has been uniform and in keeping with the building schedule to insure completion at the expected time. Good fortune has favored the construction with scarcely a working day lost because of weather. As the work progressed changes in the original plans were made by the committee where these seemed desirable. These include the grading of the play area westerly of the building to Bedford street, a fence along the easterly side of the school and along the line parallel with Bedford street and some changes in the interior of the building.

Bids were also asked for furnishings and equipment for the new building and from proposals received awards were made for the equipment and furnishings. Desks and seats purchased for the town hall school from a special appropriation at that time are of the same type selected for the new building and will be available to meet the needs of several rooms.

The preliminary application for a grant of funds under Chapter 645 of the Acts of 1948, known as the School Building Assistance Act. Request for determination of the amount to be allocated to the town will not be made until after completion of the project and final cost figures are definitely established. Under the provisions of this act it appears that the grant to the town by the state should be approximately 39 per cent of the approved cost as determined by the School Building Assistance Commission.

## Report of the Board of Health

---

Board of Selectmen  
East Bridgewater, Mass.

Gentlemen:

During the year 1949 regular inspection was made of eating and drinking establishments by Inspector and a complete survey made by State Inspector in December assisted by local Inspector. Bacteria counts were made of eating and drinking utensils at frequent intervals during year. Conditions as shown by State survey were good.

Analysis of milk and cream sold in Town were made on a quarterly basis and quality found to be very good.

Drainage project was carried out due to danger of surface sewage and conditions were improved for the year.

School clinic, investigation of complaints and general routine were carried out.

Mr. Chester Macfadden was appointed as alternate Inspector of slaughtering; Mr. James W. Avery was appointed regular Inspector. This inspection work is carried out at no expense to the Town.

Regular licenses for sale of milk and cream were issued. There was one license for collection of garbage and one license to conduct trailer camp.

Respectfully submitted,

DONALD BANNERMAN, M.D.,  
Chairman,  
PUTNAM STEELE, Clerk,  
Board of Health.

## Report of the Chief of Police

---

Honorable Board of Selectmen  
 Town Offices  
 East Bridgewater, Massachusetts

Gentlemen:

I wish to offer for your approval the annual report of the Police Department for the year ending December 31, 1949.

### CRIMES AGAINST THE PERSON

Assault and Battery	3
Assault with a dangerous weapon	1
Manslaughter	1
Assault to rape	1

### CRIMES AGAINST PROPERTY

Breaking and Entering (Nighttime)	15
Larceny	28
Larceny of Automobiles	7
Forgery	9
Larceny by Check	4
Malicious Injury to Property	8
Trespassing on Private Property	10

### CRIMES AGAINST PUBLIC ORDER

Disturbing the Peace	12
Drunkenness	15
Illegitimate Child Act	1
Adultery	2
Lighting a Fire Without a Permit	1
Open and Gross Lewdness	2
Lewd Cohabitation	8
Indecent Exposure	4

## VIOLATIONS OF MOTOR VEHICLE LAWS

Speeding	92
Operating so as to endanger	25
Operating Under the Influence of Liquor	21
Operating Not Being Licensed	10
Operating Without Authority	7
Leaving the Scene of an Accident	5
Allowing an Improper Person to Operate a M. V.	4
Failing to Stop on Signal of an Officer	3
Failing to Slow at an Intersection of Ways	15
Failing to Stop at an Approved Stop Sign	35
Operating With Improper Lights	26
Accidents Investigated	15

During the past year as the result of several conferences with the Board of Selectmen this office has conducted a continual speed campaign with many of the motorists being brought before the District Court to pay fines.

A greater number of these violators of the motor vehicle laws have lost their licenses and registrations through the Registry of Motor Vehicles.

This office has learned that the payment of a fine is not the answer to stopping the persons who continually violate the laws that have to do with motor vehicles but when the license to operate motor vehicles is suspended or revoked this does take these people off the highway and they seem to be more careful in the future.

This office has lost only two cases that have been before the Courts this past year.

One case of breaking and entering and larceny and one drunken driving. The case of Breaking and Entering and Larceny was lost through facts that did not concern the case but was allowed by a Grand Juryman.

For the past few months Officer Walter A. Benoit has been on permanent duty and his hours have been the same as the writer's.

With the coverage of two permanent men there has been less trouble within the area and the cases to be investigated have been handled with greater efficiency.

The school children have had the protection of two uniformed police officers during the school year and the results have been outstanding in so far as accidents are concerned.

The center of the Town as well as the out-lying areas have also received better protection as the result of two men on duty.

This office feels that this Town should continue with two permanent officers as there is too much work for one man.

The Selectmen and this office have talked about a combination cruiser and ambulance for 1950. I would like to suggest that the type that has been demonstrated be purchased as it will be a fine type of equipment for the citizens of the Town to own.

In closing I again wish to express my appreciation for the kind treatment received from the Board of Selectmen and also the Townspeople.

Respectfully,

MYRON H. HAYDEN,  
Chief of Police,  
East Bridgewater, Mass.

## Report of State Auditor

---

April 15, 1949

To the Board of Selectmen  
Mr. Michael J. McCarthy, Chairman  
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1948, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,  
Director of Accounts.

FXL:DMH

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1948, and report thereon as follows:

The financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined and checked with the books of the accounting officer and the treasurer.

The books and accounts of the accounting officer were examined. The receipts, as recorded, were checked with the treasurer's books and with the records of the several departments collecting money for the town, while the payments were compared with the treasury warrants and with the books of the town treasurer.

The appropriations as listed from the town clerk's records of town meetings, as well as the transfers from the reserve fund authorized by the finance committee, were checked to the accounting officer's ledger. The ledger accounts were analyzed, a trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1948.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and compared with the records of the several departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the warrants of the selectmen authorizing the disbursement of town funds. The cash balance on February 21, 1949 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The recorded payments on account of maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds were examined and listed. The income was proved and the withdrawals were verified.

The tax title deeds representing liens on real estate were listed, the amounts transferred to the tax title account were checked with the collector's records, the reported redemptions were compared with the treasurer's cash book, the foreclosures and disclaimers were verified, and the tax titles, as listed, were reconciled with the accounting officer's ledger and checked with the records at the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The tax, motor vehicle and trailer excise, departmental, and water accounts outstanding according to the previous examination, as well as all subsequent commitments, were audited and proved. The collec-

tions as posted on the commitment records were compared with the cash book collections and with the recorded payments to the town treasurer as shown by the treasurer's cash book. The abatements, as entered, were checked to the records in the departments authorized to grant such credits, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The town clerk's records of dog and sporting licenses issued were examined, the payments to the State being verified by comparison with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The surety bonds of the town officials required to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of receipts of the selectmen, of the sealer of weights and measures, and of the health, police, school, and library departments were examined and checked, and the payments to the treasurer were verified.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

For the cooperation extended by the various officials of the town during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,  
Assistant Director of Accounts.

## Report of the Public Health Nurse

---

Report of East Bridgewater Public Health Nursing Association, Inc.—Miss L. Gladys Farren, Nurse.

Office hours 8-9 A.M. and 4-5 P.M.

6 Central St. Telephone 111

The East Bridgewater Public Health Nursing Association, Inc., comprising a chairman and 15 members, with the nurse, have given time and energy to every worthy enterprise for the improvement and promotion of public health in the community during the past year, as the record shows:

1. Eight Well Child Clinics with 137 babies.
2. Health visits to new babies.
3. Four Immunization Clinics.
4. Two Tonsil Clinics.
5. Instruction to mothers by the nurse, that they may assist with the nursing in the home.
6. The Nurse has taught seven Girl Scout First Aid Classes.
7. In June of this year, the Chest X-ray Survey was held in East Bridgewater when 67% of the X-rayable population of the town took advantage of the opportunity to have this examination, a total of 1749 persons. The nurse and the Association members, to assist the Plymouth County Health Association and the East Bridgewater Board of Health in carrying through this project, did a great amount of the preliminary work in preparation for the Survey. Putting into correct form the registrations, compiling other necessary records and arranging the radio broadcasts and the advertising was a part of the work accomplished. The

Association also worked, with the help of many interested townspeople, in the house-to-house canvass for enrolment in the Survey, that all might have an opportunity to register. The Nursing Committee is sincerely grateful to the help so courteously given by this group of workers.

8. Miss Farren has attended health meetings, sponsored by various State and County Health Agencies, where lectures pertaining to polio, rheumatic fever, tuberculosis and help for crippled children were given. She has lost no opportunity to bring back to the Association the knowledge gained in new methods, that our service in the town may be improved wherever and whenever possible. Hospitals visited include: Lakeville Sanatorium, Plymouth County Hospital, Massachusetts Hospital in Canton, Sol-e-Mar Hospital at South Dartmouth, and the Women's Reformatory at Sherborn.
9. The Association has conducted the Plymouth County Health Association Christmas Seal Sale in town.
10. Transportation has been provided by the Association for the Well Child Clinics when necessary.
11. At Thanksgiving and Christmas, the Nurse has delivered gifts to homes for Churches and various organizations in town.

The record of the nurse, under Nursing Care for the sick, for the year shows:

1. 1921 visits made to homes in the town of East Bridgewater.
2. A total of 255 patients—118 infants, 137 adults.
3. Fifteen trips to hospitals:
  - 1 to Massachusetts General
  - 6 to Plymouth County Hospital

6 to Brockton Hospital

2 to Brockton doctors

4. Two home deliveries.

The Nursing Service is available to all townspeople. It is the hope of the Association that young mothers may avail themselves of the Well Child Clinic the coming year. Transportation is furnished when necessary on clinic days, by calling the nurse's office by telephone.

This year has marked the close of a 7-year term of fine leadership and unselfish devotion given by Mrs. Leon F. Estes as Chairman of the Nursing Association. A service to the town, well and faithfully rendered. Mrs. Estes also served as Treasurer of the Association for a period of five years, and had been a committee member two years previous to her appointment as Treasurer, her entire service covering a period of 14 years.

Mrs. George F. McKenzie succeeds Mrs. Estes as Chairman of the Association.

In the past year, the Public Health Nursing Association has served in East Bridgewater in much the same way as similar organizations are serving all over the country, banded together in the realization "That health is the first blessing of life."

JOHN J. CLARITY,  
CHARLES L. LELAND,  
CECIL W. HOYT,

Board of Water Commissioners.

The Water Department in the past two years has completed the construction of nearly nine thousand feet of new water mains.

As a result of this construction in the Robbins Pond area 25 more homes have been added to our consumers' list. With new building now under way in that section more subscribers will be the result.

At the end of 1949 we had 1,146 services from our water system. Of this total 1,004 are metered. With the purchasing of 30 new meters and those being repaired we hope in the next year to have our outlets 100 per cent metered.

In the very near future we must contemplate enlarging the mains throughout our system to insure adequate Fire Protection. Our main source of water from Silver Lake enters East Bridgewater at a point near the Hanson line. It then extends to Washington Street by the residence of William Dame running north across Harvard Street by the Glover Farm. From this point the line runs to North Bedford Street to Thatcher Street where it enters the City of Brockton. As you can readily see our source of supply is a considerable distance from most of our populated areas.

Our largest feed line from this 24-inch pipe is a 12-inch line running from Harvard Street into Bedford Street to the center of the Town. From this point the size of the

pipe decreases in every direction thereby reducing the volume and pressure in outlying areas.

The Water Commissioners have nearly completed a plan and layout which we hope to present at a Town Meeting in the near future. We feel that this plan will alleviate this situation.

At this time the Water Commissioners wish to thank the various committees for their co-operation during the past year.

JOHN J. CLARITY

CECIL W. HOYT

. CHARLES L. LELAND

Board of Water Commissioners

## Report of the Board of Public Welfare

---

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report for their department for the year 1949.

### OLD AGE ASSISTANCE

The Old Age Assistance program was very active during the year, both in the number of applications for assistance and the number of cases closed. Applications showed an increase of 50% over the previous year and the number of cases closed showed a similar gain.

All active cases on December 1 received a \$4.00 monthly increase voted by the Legislature for "Leisure Time Activities."

Twenty-nine applications were received for Old Age Assistance. Twenty-four of these applications were approved. Four were not approved and one application was voluntarily withdrawn. Six of these new applications were transfers from other cities and towns.

Twenty cases were closed during 1949, 11 by deaths and 9 by transfers to other towns, making a total of 109 cases aided during the year.

Seventy of these cases had an East Bridgewater settlement, 16 were settled in other cities and towns and 23 were unsettled.

These 109 active cases received \$50,293.26 in cash grants. In addition, they received \$7,403.56 for doctors and medicine, \$69.50 for glasses, \$8.00 for dental care \$219.50 for hospitalization, \$7.00 for ambulance service, \$93.35 for artificial accessories and \$525.00 for burials.

Other cities and towns received \$3,183.63 for aid rendered by them for 21 cases having an East Bridgewater settlement.

We received from the Commonwealth \$21,827.19. From other cities and towns, \$1,702.12 and in Federal grants, \$28,913.61.

### AID TO DEPENDENT CHILDREN

Eight cases consisting of 21 people were aided under the Aid to Dependent Children program during the year 1949. One new case was added and one was closed.

\$6,743.20 was granted these cases in cash, \$261.19 was paid for medical care, \$88.00 for dental care, \$18.00 for glasses and \$10.60 for outpatient services in the hospital.

The town received \$2,277.55 for Federal grants and also received reimbursements by the Commonwealth of \$2,294.10.

### GENERAL RELIEF

A total of 18 cases received assistance under General Relief during the year.

These 18 cases were made up of 56 persons. Nine cases were opened during the year. One case was reopened and 9 cases were closed. Most of these cases were aided for a short length of time. One was for medical aid only and 1 was a hospital case. Ten of these cases had an East Bridgewater settlement. Two were settled in other towns and 5 were unsettled.

Aid granted in these cases amounted to \$9,138.95. \$2,691.95 was paid to other cities and towns for aid granted by them for 7 East Bridgewater cases residing in other towns.

The town was reimbursed by the Commonwealth, \$5,762.09 and received from other towns, \$2,219.23.

## Librarian's Report

---

To the Trustees of the East Bridgewater Public Library:

I present the 65th annual report of the East Bridgewater Public Library for the year ending December 31, 1949.

During the year plans for the repair and improvement of the library building were brought to completion. A special appropriation was voted for this purpose at the annual town meeting. The third floor was entirely remodeled and in the basement a periodical room and a fine arts room were finished. Townspeople inspected these changes at Open House on December 6th.

Out of doors a new reading room is being made. The Mary Folsom Parker fountain was moved from the front of the library to the entrance of the out-door reading room on the Bedford street side of the building. When this reading room is completed the children will have an ideal place for their summer vacation reading. This is a furtherance of our aim to develop readers and not mere users of the library.

One of the great assets of public library work is the opportunity to work with organizations whose programs have a bearing on our own. These groups bring a community relationship that comes in no other way. The Garden Club, enlisting the aid of other organizations in town, sponsored a game party at the library to buy furniture for the out-door reading room. The Literature Committee of the Woman's Club served refreshments to library visitors on Open House Day.

Library work continued as usual with the schools, churches, and individuals. In the junior department the "Bird Lovers" had a reading club; teachers and pupils visited the library during Book Week; and story telling hours were held.

Books were given to the library by 18 persons and organizations. The Waverley Club presented a copy of "Their Search for God" to the Mary Ruth Howland Memorial Shelf in memory of Mary L. Keith.

The activities of the library included several art exhibits and displays. Among these were a project of the nature study group of the Oak Troop of Girl Scouts, the third annual exhibit of the work of Mary C. Walker's art classes, an art exhibit sponsored by the Woman's Club during National Art Week, and, at the opening of the fine arts room, a loan of paintings and lithographs by Richard F. Bartlett and Richard C. Bartlett.

As the library enters the fifty-fourth year in this building, we feel that a step has been made toward the goal which we set of remodeling and equipping the building to better serve the citizens of East Bridgewater.

The Trustees have devoted much time and patience to these plans. I want to acknowledge my appreciation for their wise direction and understanding.

Respectfully submitted,

ETHEL B. CHANDLER,  
Librarian.

---

### STATISTICS

The library was open 302 days — 60 hours a week during school months, and 30 hours a week during July and August.

66,354 volumes were lent for home and school use. The junior department circulated 22,575 books.

The library borrowed 104 books through inter-library loan, 32 classroom deposits were made, 7 magazines and 2 newspapers were received by gift, and 62 magazines were purchased.

On December 31, 1949, the library contained 18,461 volumes. During the year 86 were added by gift and 624 were added by purchase.

## Report of the Fire Department

---

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending Dec. 31, 1949.

During this year the department responded to 89 calls, 36 district and five still or telephone calls and 48 grass or woods fires.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one Dodge Truck for grass and woods fires, one 500-gallon Trailer Pump, one 500-gallon Skid Pump.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The department has 4,100 feet of 2½-in. double jacket hose and 1,450 feet of 1½-in. double jacket hose.

	Appropriation	Expended	Balance
Salaries	\$1,450.00	\$1,449.96	\$ .04
Gas and Oil	150.00	149.17	.83

Repairs to Building	840.00	829.08	10.92
	<hr/> \$7,460.00	<hr/> \$7,336.82	<hr/> \$123.18

MAURICE F. HENNESSEY,  
Fire Chief.

## Report of the Inspector of Animals

---

To the Board of Selectmen and  
Citizens of East Bridgewater:

During the past year I have checked the ear-tags on 468 interstate cattle.

There were 33 dogs quarantined for bites, all later released with no symptoms of rabies.

Barn inspection revealed 1256 head of cattle, sheep and swine.

Respectfully submitted,

HARRY W. KINGMAN, M.D.V.,  
Inspector of Animals.

## Report of Park Commissioners

---

The Park Department had a sufficient amount of money this year available from the Town, as well as the Strong Fund, to maintain the Strong Field in good shape. It was mowed every week, graded and the base paths kept suitable for a good fast ball diamond. This year we hope to put in a diamond for playing softball. The Memorial Park in the center was suitably prepared for the various holidays and kept up for the entire season.

Under the supervision of the Park Department, Rev. Harold Bodle conducted a sports program for young children throughout the eight-week summer period. Judging from the comments of the parents, this is a project well worth maintaining as the children had competent instruction in all phases of outdoor sports and were supervised throughout the hours of the day when parents found it hard to devote time to them.

It is the hope of this Park Department, this fund will be made available always, to carry out as good a program.

Appropriation for Park and Playground	\$1,119.00
Labor and Materials	1,071.28
	<hr/>
Balance	\$47.72
Appropriation for Special Playground	\$500.00
Wages and Equipment	497.23
	<hr/>
Balance	\$2.77

Yours very truly,

Park Commissioners

RALPH G. CONNORS, Chairman  
 THOMAS E. O'BRIEN, Clerk  
 MAXWELL PEARSON

## Report of Moth Superintendent

---

To the Honorable Board of Selectmen  
and Voters of East Bridgewater:

The trees are painted every year for egg clusters, and the usual spraying is done to all the Street trees. The Moth and Elm beetles are a fight every year which we have to combat.

Respectfully submitted,

EDMUND D. KENNEALLY,  
Moth Superintendent.

## Report of Sealer of Weights and Measures

---

For the Year Ending December 31, 1949

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report of the duties I have performed during the year 1949.

I thank you for your co-operation during the past year.

Respectfully submitted,

JAMES H. FEENEY,  
Sealer

## Report of Tree Warden

---

To the Voters of East Bridgewater:

The trees in Town were all trimmed of broken branches, the elm beetles have made it so that many elm trees have had to be taken down. New trees have been put up in some places, I would recommend setting out a few maple trees every year.

Respectfully submitted,

EDMUND D. KENNEALLY,

Tree Warden.

ANNUAL REPORT  
of the  
SCHOOL COMMITTEE  
and

	<hr/>
Net Cost to Town for Support of Schools	\$95,726.79

## Report of School Committee

---

To the Citizens of East Bridgewater:

One of the highlights for the year 1949 in our public school system was the actual start on construction of our new eighteen room elementary school building which was voted at the Annual Town Meeting in March. At the writing of this report, the construction work is at least 75% completed. We of the School Committee appreciate the great interest, good will and cooperation of every citizen of the Town who has made this possible, and we know that it will pay off one hundred fold in the product that we are to turn out in the future.

Our schools had at the opening of the fall term in September an unusually large number of children entering for the first time. This presented more or less of a problem as to where and how to house them in a suitable manner in our already crowded classrooms, but by placing more of the fifth and sixth graders in the Senior-Junior High School building and adding a few in the outside schools, our problem was solved for the time being.

A number of improvements were made at the high school building during the year. New folding bleachers were purchased to be placed along the rear side of the assembly hall. These will increase our seating capacity by approximately 100 and increase the comfort of our patrons.

We re-conditioned and completely equipped a music room on the first floor. This addition gives the music supervisor adequate office and storage space.

We purchased a new tilting bench circular saw for the Shop to replace the old second-hand saw which has been in use for the past ten years.

We repainted all the interior of six classrooms and the offices in the front of the building. This improvement pre-

sented more pleasant surroundings to the children and gives a better impression to visitors as they enter the school.

A drainage condition at the Senior-Junior High School has given us some trouble in the past, and this year we have rebuilt the dry well in front of the school building which carried off all water from the roof.

Our teaching staff has been most faithful in its duties under the capable guidance of Dr. John H. Gotschall, our Superintendent of Schools. Dr. Gotschall has worked long and hard to keep our school system up to its present high standard of which we are all justly proud. We would not pass without words of appreciation to our Principals, Vice-Principals, Supervisors, Guidance teachers, and all others in our system for the excellent work they are doing.

The School Committee along with the Superintendent of Schools has been interested in improving the course offerings at the Senior-Junior High School. This is the first year that French has been offered in the eighth grade and the first time that Health has been offered in the high school. An unusually large number of students are taking advantage of these subjects.

We would be unworthy to pass without commenting on our New Elementary School Building, the construction of which commenced in the early part of May and has progressed with great rapidity during the year, partly because of the perfect weather that we have been blessed with, and the continued hard work and planning of our Building Committee. It is a school of which we are all justly proud, not only for its intrinsic beauty, fine location, and its usefulness, but that it will give your committee the opportunity to properly house our elementary pupils under one roof in perfect surroundings. For once, we will be able to teach each separate grade a unified course of study.

We fully realize the necessity of using again the Senior-Junior High School auditorium for public functions due to the school department having had to use the entire space at

our Town Hall for school purposes since our disastrous fire at the Allen School, and we feel that the new regulations for the use of the auditorium were most satisfactory. As soon as our new elementary school is in operation in the fall of 1950, the townspeople will have full accessability once again to the Town Hall. However, without this building during the emergency we would have had the almost impossible task of housing this large group of children, and we of the Committee are appreciative for all the sacrifices made by the people of the Town.

Once again the School Committee expresses its thanks and deep appreciation for the interest, good will, and cooperation of the citizens of the Town of East Bridgewater.

We know that at the last Annual Town Meeting in March we had one hundred percent cooperation. Your continued interest in the work and achievements of the East Bridgewater Public Schools makes our efforts worthwhile.

Respectfully submitted,

THE SCHOOL COMMITTEE

A. J. Bradford Alexander, Chairman

Ida D. Currie

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Committee and Citizens of East Bridgewater:

I am pleased to submit my twelfth annual report as superintendent of schools, the intent of which is to give a brief history of the activities of the school department during 1949.

### PERSONNEL AND SALARY

During the year we had two resignations from our teaching staff. Mrs. Mary T. Coleman, a teacher of grades one and two at the Beaver School, resigned to accept a better-paying position in Brockton. This position was filled by the election of Mrs. Vivian W. Crabbe, a graduate of Arcostook State Normal School at Presque Isle, Maine. Mrs. Crabbe has had eleven years of successful teaching experience in Maine and is now doing an excellent job for us. Mr. Sarkis Kurkjian, our Supervisor of Music, resigned his position to take a larger, more lucrative position in Haverhill. The Committee re-employed Robert A. Spencer who was our Music Supervisor before the war, who has recently been the instrumental instructor in Brockton and has returned to us as a full-time supervisor. Our school enrollment increased substantially, but because of our building program, we employed only one new teacher, Mrs. Sybil Belknap who teaches the third and fourth grades at the West School. Mrs. Belknap graduated from Bridgewater Teachers College in 1921 and had six years teaching experience. When we go into the new school it will be necessary for us to employ three new teachers.

The Committee was able to grant the elementary teachers an extra \$100.00 for the year which means that they are now being paid only \$100.00 less than the secondary teachers. It is our plan to grant the extra pay to the elementary teachers again in 1950, so that we shall provide equal pay for elementary and secondary teachers.

## FINANCES AND STATE AID

By referring to the financial statement of the School Committee Treasurer, it may be observed that the department expended \$133,473.10 in 1949. The Town Treasurer was reimbursed to the amount of \$37,746.31. This means that the net cost for the support of schools through local taxes was \$95,726.79 which is approximately \$15,000.00 less than the net cost to the town in 1948.

The State Legislature of 1948 passed an act relative to school funds and state aid for education, the purpose of which is to try to equalize educational opportunities in the cities and towns of the State. The result of this act for East Bridgewater is an increase in State Funds amounting to \$24,731.04 for 1949.

## OUR NEW ELEMENTARY BUILDING

At the Annual Town Meeting in March, 1949, the Town voted to build a new eighteen room elementary school. Construction work started early in May and progressed nicely during the remainder of the year. As things stand at present, it seems likely that the building will be completed by May of 1950. I believe the townspeople will be very proud of this school because of its location, appearance and usefulness. I am proud to have been a member of the Building Committee and to have had an active part in the planning of the building.

I have recently been reading a report of Dr. W. K. Wilson, who is the building consultant specialist for the State of New York. Regarding the Ideal Elementary School Building, he makes the following statement in part: "the better elementary school of today is a scene of individual and group activity that to some may seem more like confusion than education. The classrooms are large, and the individual desks, or tables and chairs, are free to be moved about the room in keeping with the type of activity engaged in at the moment. For the smaller children there is plenty of space in the room to permit the arrangement of a reading

nook, a science corner, a work center with tools and a bench, and to provide a sink with hot and cold water. There is ample storage for books, for work supplies, and for each individual pupil's material and work project. There is some chalk board, mostly for the teacher's use, but plenty of display space and tack board for the pupil's use. Some of the more modern rooms have individual exits direct to the out-of-doors, where in pleasant weather much of the classroom activity may take place. These rooms may also have individual toilets and drinking fountains.

"Most of the health, recreation, and physical education activities of the children will be found in a light, well-ventilated play room or on the playground. And for the larger group activities in music, drama, and social problems there will be a small but well-planned assembly room having a stage of good depth and adequate wing space for all types of school and community activities. The administration of this school centers in a well-equipped office. An attractive teachers' room provides for the rest periods of the teachers, the health of each child is checked regularly in the health suite; and each child who so desires may secure at the school a properly balanced lunch for a nominal sum, prepared in a clean kitchen and served in a warm, attractive dining room."

I have included this part of the Wilson report as the best evidence available regarding what the ideal elementary school should provide. Our school provides all these facilities and a few more.

I believe that someone should express a word of thanks to the townspeople for their willingness to provide this beautiful school. On behalf of all the children who will attend the school, and all the teachers who will teach in it, I wish to express our thanks and to assure you all that we shall try to be worthy of the new building.

## HOUSING AND REPAIRS

When the Town voted to erect the new elementary school, the School Committee decided, with the approval of

the State Inspector of Public Safety, to place all our children in the building facilities available for the 1949-50 school year. We have our over-crowding mostly at the high school building where many things are not right. Many of us would be very unhappy about the situation if it were not for the fact that relief is in the offing.

Our school enrollment is increasing very rapidly with no decrease in sight. We have 116 more pupils now than we had two years ago, which amounts to a 16% increase. The School Committee has expressed a desire to limit the size of our classes to thirty children per teacher as nearly as possible, thereby providing more individual help for each child.

We made many repairs at the high school during the year. First, we removed the water-damaged plaster from two classrooms, then we asked the Fire Department to test the outside brick walls with water. We found where the water was entering the walls and had the brickwork re-pointed. The rooms have been re-plastered and painted. While we have not had any severe storms to thoroughly test the work, we hope we will not have any further trouble. The copper capping which was placed over the parapet walls in 1948 appears to be working out well.

### SCHOLARSHIP

Our schools continue to function effectively in their attempt to provide the most worthwhile education for the children. Long ago I was taught the philosophy that "good schools attempt to teach children to do better the things they are going to be doing all their lives." We are all exerting our energies and using the facilities we have to prepare the youth to live better lives.

According to the results of standardized tests and the records of our graduates, we have every reason to believe that our scholarship is considerably above average. We are diligent in attempting to have each pupil do the best work we think he is capable of doing. Our graduates, who

are attending college, are establishing a fine reputation for our high school. We have the certifying privilege to a number of major colleges and universities.

### HOME STUDY

It is practically impossible for the schools to take complete responsibility for the total education of children. Parents must give their assistance in a number of ways. A child is not likely to obtain the maximum benefits from schooling unless he likes his school and his teacher. Parents should have some praise for the teacher and not threaten the child with what she will do if the child is naughty. Parents have a responsibility in helping to develop proper attitudes and principles of honesty in their children.

Pupils in grades six through twelve should have some home study to do every school day. The length of time it will take to do this work depends upon the speed with which the pupil can do the work. Unless the child is getting good marks in all his subjects, parents should not accept the alibi that there is no work to be done. A suggested schedule indicating the amount of time that we would like to have spent in conscientious home study on every school day is as follows: Grade six, 45 minutes; grade seven and eight, 60 minutes; grades nine through twelve, 90 minutes, but those preparing for college in these later grades average 120 minutes in home study. This schedule indicates the average minimum time which may not be enough if there are many interruptions.

### CAFETERIAS

The High and Town Hall Schools provide excellent hot-plate lunches at fifteen cents each. Parents are urged to investigate our offering to know that lunches cannot be prepared and sent from home for the amount charged at school. This is true because some of the food which we serve is given to us by the government and all it costs us is a minimum processing charge. I do not mean to be advertising for more lunch business, because we are serving al-

most all that our present facilities will accommodate. When we go into our new school, I shall recommend that every child be permitted to stay at school and have a hot lunch at noon.

### TRANSPORTATION

The rule of the School Committee provides that a child is eligible for transportation if he lives more than one and one-half miles distance from the school he is to attend. This means that no child is expected to walk more than this distance to meet a bus. The State Law provides that two miles is the maximum walking distance and any regulation made within this maximum is entirely in the hands of the local School Committee. When any citizen wishes the Committee regulation to be changed, it is necessary to come before the Committee and state the case. The Committee has revised the rule regarding transportation so that the distance for the first six grades shall be one mile starting with the opening of the new elementary school.

### SCHOOL ADMISSION AGE

Any child who becomes six years of age on or before September 1st. will be eligible to enter the first grade without any test. Those children who will become six years of age between September 1st. and January 1st. of that year may take a readiness test which will be given the first week in June. Parents will be given ample notice regarding the time and place of this test.

### CONCLUSION

Again, I wish to thank the members of the Committee and every member of the school personnel for your thoughtful consideration of all school problems during the year. The youth of our Town appear to be worthy of the best we have to offer.

Sincerely yours,

JOHN H. GOTSCHALL,  
Superintendent of Schools.

## REPORT OF THE VICE-PRINCIPAL OF THE SENIOR HIGH SCHOOL

---

Dear Dr. Gotschall:

I submit the following report as Vice-Principal of the Senior High School.

Classroom congestion has reached such a peak that, were it not for the fine cooperation of student body and faculty, conditions would be impossible. Both the laboratory and typing room are used as homerooms with little or no storage space for books and papers belonging to the students. Every room has classes every period. The advanced math class even meets on certain days in the men teachers' room. Several periods find study groups in the lunchroom which is indeed bad as the lighting—for study purposes—is entirely inadequate. It is anticipated that the opening of the new elementary school will relieve much of the present congestion.

Graduates enrolled in various colleges throughout New England testify to the excellence of our scholastic standing by their continued fine work. A number of these graduates have achieved mention in the dean's list or scholastic honor list of their respective institution.

A new course in Health, introduced this year, and planned to include two groups proved so popular that to make the course available to all those pupils desiring or needing it, five groups have been formed meeting twice weekly.

It is recommended that a course in driver education be added to the curriculum. Current safety practices indicate a definite drop in motor vehicle accidents in those communities sponsoring good courses in motor vehicle operation or "driver education." In view of present tendencies to increase insurance premiums on motor vehicles operated by persons aged twenty-five or less, a good course in driver education would be a sound business investment.

The Student's Pen has won new honors during the past year. Our magazine won \$100.00 in the Boston Globe Annual High School Publication Competition for the best school magazine and best typographical make-up of all schools in its class. In addition, the Pen won a plaque for second place among school magazines of New England in schools of less than 1000 students. This plaque was awarded by the New England Press Association. The Pen is issued under the direction of Miss Marlene L. Andrews, general supervisor; Miss Anne R. McNally, business advisor; and Miss Grace M. Dunn, head of the typing staff.

May I take this opportunity to express my thanks to you, the entire staff and student body for the many courtesies and the cooperation I have experienced during the past year.

Respectfully submitted,

EMERY S. LOUD,  
Vice-Principal.

---

## REPORT OF THE VICE-PRINCIPAL OF THE JUNIOR HIGH SCHOOL and DIRECTOR OF ATHLETICS

Dear Dr. Gotschall:

My report for the year 1949 is a brief but favorable one. It is a pleasure to state that a veteran and capable faculty group was available. It seems to me the program offerings, both curricular and extra-curricular, were carried on in excellent fashion.

In the ninth grade a course in Health has been offered for the first time. Miss Anne R. McNally, the girls instructor, and Mr. Stanley B. Goldman, the boys instructor, volun-

teered to take a special health course sponsored by the Department of Public Health in order that East Bridgewater could offer a functional Health course. At this time it is too early to determine what results may be achieved by this new course.

In summary, I might add that school life to our pupils is not a period of "Rah! Rah!", but is a deadly serious time of preparation for a life worth living.

Our 1949 athletic program proved a very successful one. We continue to stress good sportsmanship and fair play. Also Coach Morey's basketball team is the champion in the first season of the Mayflower Basketball League. Greater honors were achieved by the winning of the Class B South Shore Basketball Championship.

As for baseball I believe that our team won the first baseball championship in the history of the school by winning the Central Division Baseball Championship.

We are sincerely grateful to the Kiwanis Club for the recognition it has given our athletic squads; also for the generous gift of ten new basketball uniforms.

Junior High boys basketball and baseball teams competed with schools in nearby towns.

The report of the Athletic Accounts is included:

Cash on hand, December 31, 1948	\$97.62
Basketball Receipts	718.30
Dodge-Viola Scoreboard Fund Game	36.20
Baseball Receipts	24.13
Tag Day Receipts	120.32
Profits—Refreshment machine	91.16
Tournament (South Shore)	63.08

Total Receipts	<u>\$1150.81</u>
----------------	------------------

Expenditures

Taxes, admission	\$53.12
Referees, Umpires	205.50

Transportation	245.70	
Basketball Equipment	66.29	
Baseball Equipment	210.70	
Schoolboy Athletes Insurance Fund	14.00	
Janitor Service	30.00	
Police Service	24.00	
Miscellaneous	41.74	
	<hr/>	
Total Expenditures		891.05
		<hr/>
Balance on hand, December 31, 1949		\$259.76

Respectfully submitted,

STANLEY B. GOLDMAN,  
Vice-Principal.

---

## REPORT OF THE MUSIC SUPERVISOR

Dear Dr. Gotschall:

This annual report of the music supervisor is intended as a summary of 1) the musical events of the year 1949; 2) the accomplishments and improvements in the general music program realized or planned; and 3) the weaknesses and needs of the present system.

### MUSICAL EVENTS

Last spring the musical organizations took part in both the state and regional music festivals, presented a home concert, and furnished graduation music. Also under the direction of the former supervisor, the band marched in the Memorial Day parades, and performed at several community lawn parties during the summer months.

Under the direction of the present supervisor, the band marched on Armistice Day, provided a program of concert music to accompany the senior class play, and presented a carol program in the main corridors at Christmas time. The band also took part in a music assembly in which all high school music groups participated, and individuals presented special numbers. There is need for more of this type of assembly to give performance experience to these groups and individuals.

The high point in the fall term was reached at Christmas when every choral or classroom vocal unit at the high school participated in an impressive and formal Christmas assembly presenting the nativity story in narrative, colored scenes and a wide assortment of carols. A robed chorus in candlelight gave the finishing touches to this effective assembly.

## IMPROVEMENTS AND ACCOMPLISHMENTS

The one major advance in the music instruction in the schools during 1949 was to put the supervision on a full-time basis. This important step brings the possibilities of this department into focus with that being done in the best schools of comparable size. This full-time service makes possible more thorough supervision of the existing program insuring more productive results. It also makes possible greater opportunity to reach more pupils through wider course offerings and a more enriched program.

The latter is demonstrated by the introduction this year of early rhythmic pre-instrument training in the second and third grades through rhythm band and tonette classes. These are meeting with enthusiastic pupil response. They help to orient future players to the study of real band instruments and locate promising talent.

The class instrumental training program has been unusually successful this year, without any mortality to date. This I believe is due largely to the use of the new prognostic tests in determining music aptitudes, and thorough study of

individuals before recommending a choice of instrument. Every school-owned instrument is now being used.

Concerning program enrichment we have this year introduced a music listening program consisting of ten graded lessons for each year to reach up through the eighth grade as a part of the classroom music experience.

### WEAKNESSES AND NEEDS

A definite need which should be met is the extension of the above music listening to acquaint many interested high school students with the richness and breadth of the field of music literature. Good courses in English and foreign languages do so, just as a good course in art should acquaint students with the famous paintings of the masters. This is needed especially for the majority of our high school students who do not participate in the music organizations and who are basically listeners. At the present time all but 28% of the pupils in grades nine through twelve fall within this group. 72% have no contact whatsoever with music in the schools.

In referring to deficiencies in our present program there is need for more attention to ear training and the development of individual independence in note reading in the grade school instruction; also great need for more thorough and comprehensive understanding of the rudiments of music theory clear through the upper grades. These should become immediate goals, but must be delayed at least in part until next September when the multiple grade rooms are to be eliminated.

One more serious problem needs solving. Very few boys above the eighth grade take any active part in vocal music, and among those few who do there are extremely few reliable singers. I believe a strong junior high boys choral program would tend to correct this weakness and steps are now underway to make this possible.

The existence of a demand for the more specialized music courses for high school students contemplating a fu-

ture in music has not yet been determined. There are definitely a few who need this type of training, but what can be offered depends upon available teaching time, the number of students involved, and the problems of scheduling. This field should be given further study.

In closing, the fine cooperation of the school board, administration and teachers in supporting the music work has been stimulating and gratifying. I am sure that with the continuation of this spirit many of the music needs just reviewed can be met and improvements made. I shall earnestly strive to continue to anticipate and fulfill the needs of a strong music program in the schools of East Bridgewater.

Respectfully submitted,

ROBERT A. SPENCER,  
Supervisor of Music.

---

## REPORT OF THE ART SUPERVISOR

Dear Dr. Gotschall:

The Art Education in the grades through seven seems to be progressing satisfactorily. Most of the pupils seem to be able to express their ideas without self-consciousness. This is due to the increased interest and cooperation of the teachers. The pupils are also learning to apply many principles of Art to their daily living.

The Junior High and Senior High School classes have a much increased enrollment. They are handicapped by lack of space—no real Art room—the laboratory with one-armed chairs, which is also a home-room and classroom, has to fill the need. This is to be remedied next year and it will be possible to use several mediums not possible this year. We only hope this state of interest in Art so outstanding at present will carry on through the years.

Respectfully submitted,

ELLA B. HEBBERD,  
Supervisor of Art.

## ANNUAL REPORT OF THE SCHOOL NURSE

---

Dear Dr. Gotschall:

In submitting my report for 1949, I am foregoing the usual statistical account. Instead, I will try to point out a few of the improvements and to suggest desirable advancements in the health program for East Bridgewater's school children.

The paramount objective of any school health program is "the total health of the total child in his total life situation." Schools alone cannot attain all these desirable goals. Parents have the primary responsibility for the health of their children. Working and cooperating with the schools, there are physicians, dentists, nurses, welfare and social workers, medical, dental and social agencies who contribute to a well co-ordinated program of child health. The schools should assume their part of health promotion by providing: (1) healthful school living conditions, (2) adequate services for health protection and improvement, (3) appropriate health and safety instruction, (4) healthful physical education, (5) teachers and other personnel well qualified for their special health responsibility, (6) education and care of the handicapped child.

**1. Healthful School Living:** The year 1950 will bring to East Bridgewater a school that will meet all the requirements necessary for growth, learning and health. The new, modern building will provide well lighted rooms with proper ventilation and heating, ample lavatories, handwashing facilities, modern drinking fountains, and a suitable playground. The kitchen, equipped with all modern conveniences, will also aid in healthful school living. For the past several years, hot lunches have been served to the pupils in Senior-Junior High and Town Hall Schools at a very reasonable price under the government subsidy program. All children benefit from this low-priced lunch, but circumstances often prevent some children from obtaining this

food. Through the courtesy of the Commercial Club, the Kiwanis and other groups, a few children receive lunch and milk without cost. In 1950, I hope more children will take advantage of the hot lunches at school and provisions will be made for more children, who cannot afford them.

## **2. Services for Health Protection and Improvement:**

The modern health unit in the new school will contribute greatly to the performance of necessary services for health protection and improvement. These services include first aid for emergencies, prevention and control of communicable disease, screening tests for the detection of visual and hearing loss, medical consultations and examinations, and detection and care of dental caries.

In case of accident or sudden illness, the school is responsible for giving immediate care, notifying parents, getting pupils home, and guiding parents where necessary to sources of treatment. Frequently, children are sent to school not feeling well and within an hour need transportation home. Children not feeling well in the morning should remain at home for their own protection and the protection of others. This procedure would also aid in reducing the time now spent in transporting these children home.

The school's responsibility in the control of communicable diseases are (a) to encourage parents to make full use of all preventive measures. These various agents are given to infants and young children by family physicians or at clinics sponsored by our local board of health. At these clinics, school children may receive booster doses. (b) to see that sick children do not come to school. (c) to send home children who become sick while at school and (d) to protect students as far as possible from exposure. These measures require close cooperation with parents, teachers, children and health department. Exclusion rules regulating admission to school will be found in another section. Attention is given to non-reportable communicable diseases, such as impetigo, ringworm, scabies, pediculosis, and the common cold. The common cold presents a special problem, how-

ever, it is the concensus that rest in bed during the early stage may minimize the severity and duration of a cold. School children are excluded with beginning colds and colds characterized by cough and fever. Tuberculosis is the leading cause of death in the 15-25 age group. A great deal has been done in the East Bridgewater schools for early detection of this disease. Twenty years ago, the underweight child was the susceptible subject, then later school children of all ages were given the tuberculin test. About five years ago concentration was mainly on the high school group with the Mantoux test, X-raying and physical examinations. Attention is still centered on the high school group, but no longer is it necessary to procure the parent's permission for a T. B. test; which reduced participation of approximately 20% of the students. Mass X-raying of the entire student group, teachers and other personnel is now part of the regular health program. Last June all pupils grades seven through twelve, teachers, janitors and others were X-rayed.

Screening tests for detection of visual and hearing loss have been greatly improved through the years. Originally these tests were given by the teachers in the class room. The Massachusetts Vision Test now used in the schools provides a method for determining what children need eye specialist attention. Three forms of testing are done (1) to determine visual acuity, (2) to detect a far-sighted condition, and (3) to find children who lack coordination of both eyes. The purchase of our new equipment has given opportunity for a more leisurely test and also a chance for testing new pupils who come from other schools. Detection of hearing loss has passed from a whisper test to the new type of pure tone audiometer for group testing. This new scientific machine enables the tester to test as many as forty pupils at a time with a maximum of ease for both tester and those being tested. Individual testing, including first grade children can also be done with the pure-tone audiometer. This type of testing was done last year for the first time with a state loaned machine. It is hoped that in the near future,

the school will own its own machine which will be available at all times.

Periodic medical examination of school children can be helpful in health maintenance. Each year, all students taking physical education and students in grades seven and ten have a thorough examination by the school physician. For the past years, due to small clinic facilities, the auditorium stage has been used for this purpose. With more room available at the high school next year, the room adjoining the clinic would give the high school suitable space for all health services. Two requisites for truly helpful medical examination for elementary school children have been missing in the past years. These are sufficient privacy to permit the disrobing necessary for an adequate examination and the presence of parents at the examination. However, these should be overcome when we move into the new school. For the past six years, a very large percentage of the children entering the first grade attend the Pre-School Clinic which is held in June. At this clinic parents present birth and vaccination certificates, the children are weighed and measured, their teeth are examined by the school dentist and a physical examination is given. Discovery and interpretation of physical and dental defects enable parents to make the necessary corrections before the children enter school in September.

Dental caries is widely prevalent among school children. Each year Dr. Fraser examines the teeth of all pupils, and parents are notified if their children need dental care. The objective of our dental program is to motivate pupils to go regularly to their dentists for the required dental treatment. Less than 50% of the students attain this goal. From 1928 to 1946, when the Allen School fire destroyed equipment and facilities, the East Bridgewater Board of Health sponsored dental clinics for the first three grades. These clinics were held weekly throughout the school year and aided many parents in procuring dental care for their children. With dental clinic facilities again available in the new school, dental clinics should be re-established at an

early date for children in the first grade. In the light of new dental treatment for the prevention of dental caries, the school's first consideration should be establishment of fluorine treatments for certain age-group children.

**3. Health and Safety Education:** The promotion of health through instruction related to real life situations should be part of present day education. This program should include safety education. This year, a new course, Health, was added as an elective subject to the high school curriculum. Seventy students are enrolled and nearly all are enjoying this course. Health instruction in elementary grades is the classroom teacher's responsibility and consists in helping children develop desirable habits toward healthful living. Since health is considered one of the first objectives of education, the amount of time allotted to health instruction should at least equal that devoted to any other major subject. A health teaching program with necessary health books and other materials should be contemplated for the elementary grades.

**4. Healthful Physical Education:** Play and physical education contribute much to the health of the children. For the past several years, physical education is a must for the boys and an elective for the girls in high school. The health, safety and welfare of the students are carefully considered. All participants are given an adequate medical examination and this year, provisions were made whereby they could obtain medical and hospital care. Guided play and physical education activities have never been provided for the elementary schools. With suitable playground facilities, there is now opportunity to plan a program for this group.

**5. Education and care of the handicapped child:** Children should be considered handicapped whose physical disabilities and mental difficulties require special attention. Fortunately, there are not too many physically handicapped children enrolled in East Bridgewater schools, but as far as possible, these children receive special attention depending

on their type of disability. Children with visual and hearing defects have seats "down front." Two hard of hearing pupils receive lip reading instruction twice weekly. For orthopedic and speech defects, children are transported to Brockton to clinics sponsored by the Massachusetts Department of Health. Due to crowded conditions and heavy teacher load, little has been done for the child with mental difficulties. However, it is the consensus that this child should be enrolled in the regular classes with teachers who understand their problems and can adjust the school program to their needs.

During the past years, much progress has been made in the attainment of better health of the school children, but, careful attention and study should be given to all the newer aspects of school health policies so that the children of today can become better and healthier citizens of tomorrow.

Respectfully submitted,

RUTH G. EVANS, R.N.,  
School Nurse.

---

It appears proper to include the school exclusion rules as provided by the Public Board of Health.

### MUMPS

Children with Mumps shall remain isolated for one week from the onset of the disease and thereafter until all swelling of the salivary glands has disappeared at the end of which time they may return to school with a doctor's certificate.

Other children may go to school as long as they remain free of symptoms.

## MEASLES

Children with Measles must be isolated for one week from the appearance of the rash, at the end of which time they may return to school by presenting a Doctor's certificate.

Non-immune children, if no symptoms appear, may return to school, reporting to the school nurse before entering the classroom.

## GERMAN MEASLES

Children with German Measles must be isolated for three days from the appearance of the rash, at the end of which time they may return to school, reporting to the Principal before entering the classroom.

Other children in the family may continue to attend school.

## CHICKEN POX

Children with Chicken Pox shall remain isolated for one week from the appearance of the rash and thereafter until all crusts have dried, at the end of which time they may return to school by presenting a Doctor's certificate. Children who remain out of school for two weeks after onset may return to school without a certificate.

Other children may go to school as long as they remain free of symptoms.

## WHOOPIING COUGH

Children with Whooping Cough shall remain isolated for three weeks from the onset of the spasmodic cough, at the end of which time they may return to school by presenting a Doctor's certificate.

Immune children in the family may come to school.

Non-immune children may return to school if there is no nasal discharge or cough.

## SCARLET FEVER

Children with Scarlet Fever must remain out of school at least one week from the onset of the disease and thereafter until clinically recovered and until purulent discharges, if any, have ceased. They may return to school at the end of that time with a certificate from the school physician.

Other children in the family may, if they live entirely away from home, return to school at the end of one week with a certificate from the school physician. Children who live at home must remain out of school during the entire period of quarantine and may return at time patient is released from isolation. They must bring a certificate from the school physician.

Houses shall be placarded during the period of quarantine and food handlers and those who work where there are children must live away from home if they wish to continue with their work.

## INFANTILE PARALYSIS

Any child with Infantile Paralysis must remain isolated for two weeks from onset of disease. There are no restrictions for contacts.

All cases of contagious diseases and dog bites are reportable to the Board of Health.

## ANNUAL TOWN ELECTION

Saturday, March 11, 1950

A legal meeting of the Town of East Bridgewater was held in the High School Auditorium on Saturday, March 11, 1950, under a warrant issued by the Selectmen and dated February 6, 1950 to give in their vote for the election of Town Officers.

Specimen ballots, penalty and instruction cards were posted, all other requirements of the law were observed. The polls were declared open at 8.00 A. M. by the Moderator Forest W. Cousins.

Two sealed boxes said to contain Twenty-Four Hundred ballots were delivered to the ballot clerk and a receipt obtained therefor by the Town Clerk, George J. Frahar.

The following were sworn to the faithful performance of their duties.

Constable, Dan W. Moorehouse, Jr.

### BALLOT CLERKS

Marion Dunbar (R)	Julia F. Burke (D)
Caroline A. Jones (R)	Margaret A. Timmons (D)
Blanche Spear (R)	Ann M. Murphy (D)

The ballot box on inspection was found empty and registered zero. It was then locked, and the keys were given to the constable.

The following tellers were sworn to the faithful performance of their duties.

#### TELLERS

Malcolm White (R)	Herbert Thorndike (D)
Marjorie Eaton (R)	S. Elizabeth O'Brien (D)
Florence C. Willis (R)	Ruth H. Matthews (D)
Hannah E. Stetson (R)	Evelyn McKenney (D)

The ballot box was opened at the following times and ballots removed as follows.

<i>Time</i>	<i>Ballots Removed</i>	<i>Total</i>
1.15 P. M.	293	293
2.45 P. M.	112	405
3.58 P. M.	97	502
5.00 P. M.	83	585
5.35 P. M.	56	641
5.40 P. M.	9	650
6.05 P. M.	37	687

The total vote cast was six hundred and eighty-seven (687), three hundred and eighty-seven men and three hundred women. The check list in and the check list out tallied with the ballot box; the number of ballots removed being 687.

The polls were declared closed at 6.00 P. M. by the Moderator, and upon completing the tabulations, these were the results:

GEORGE J. FRAHAR,  
Town Clerk.

## TOWN MEETING

April 20, 1950

A legal meeting of the voters of the Town of East Bridgewater, was held in the High School Auditorium to take action on the following articles in the warrant. The meeting was called to order by the Moderator, Forest W. Cousins. The warrant was read by the Town Clerk, George J. Frahar.

Article 1. Voted, to amend the vote passed at the Annual Town Meeting in the current year appropriating the sum of Twenty Thousand dollars (\$20,000.00) for the purpose of payment of a maturing debt on the Elementary School Building loan and reduce the amount appropriated to Thirteen Thousand Five Hundred Ninety-Eight dollars and Seventy-Five cents (\$13,598.75).

A unanimous vote.

Article 2. Voted, that an appropriation of One Thousand dollars is hereby made by a transfer of the sum of One Thousand dollars from available funds in the treasury, for the purpose of making a study and survey of water distribution system, said survey to include the present system and any needed changes or extensions, also to include a study of the operation of the water department, water rates and related matters, and that the committee hereby appointed and authorized to make said survey, be the members of the Board of Selectmen, members of the Water Commissioners and Mr. Frank N. Houghton, member of the finance committee, said committee is authorized to engage competent engineers to make such survey, and a report of the findings of the survey together with the recommendations of the committee shall be made to the town in such form as the committee shall determine.

A unanimous vote.

Article 3. Voted, that the town release, acting by and through its Board of Selectmen, to the estate of Mabel K. Hobart the land in East Bridgewater bounded and described as follows: Beginning at a point on Bedford, thence Northeasterly by land of estate of Mabel K. Hobart 523.5 feet; thence Northerly by land of said Hobart 17 feet; thence Southwesterly by land of the Town of East Bridgewater 534 feet to Bedford Street; thence Southerly 8.36 feet by Bedford Street to the point of beginning. Containing 3,439 square feet and being Lot B on plan entitled "Plan of Land Belonging to the Town of East Bridgewater," dated November 17, 1949, J. H. Hennessey, Civil Engineer; in consideration of the release to the Town of East Bridgewater by the estate of Mabel K. Hobart of the land in East Bridgewater

bounded and described as follows: Beginning at a point on Bedford Street thence Northeasterly by land of the Town of East Bridgewater 515.9 feet; thence Easterly by land of the Town of East Bridgewater 14.4 feet; thence Southwesterly by land of the estate of Mabel K. Hobart, 534 feet to the point of beginning. Containing 3,413 square feet and being Lot A on said plan.

A unanimous vote.

Article 4. Voted, that the sum of Ninety-Eight dollars and Ninety-Eight cents be raised and appropriated for the purpose of paying a bill of the Highway Department of the fiscal year 1949.

A unanimous vote.

A true copy; Attest.

GEORGE J. FRAHAR,  
Town Clerk.

---

## TOWN MEETING

May 22, 1950

A legal meeting of the voters of the Town of East Bridgewater, qualified to vote was held in the Senior-Junior High School on May 22, 1950, at 8:00 P. M., under a warrant issued by the Selectmen and dated May 13, 1950. Action was taken under the articles in the warrant.

The meeting was called to order by the Moderator Forest W. Cousins and the warrant was read by the Town Clerk George J. Frahar.

Article 1. Motion was made, and voted in the negative, that the town acquire by purchase, for purposes of municipal building, the land with the building thereon now owned by Alice H. Whitney, numbered 175 and 137 Central Street, East Bridgewater, and shown as block 13, page 51, on the assessor's map of the town of East Bridgewater and bounded generally by Central Street, Plymouth Street, land of George W. Allen et ux, James Boland,

Edmund W. Nutter, Walter E. Bordeau, Mitchell J. Gaucher, Jeremiah A. Murphy, Jennie N. King, Merolli Renhold Berquist et ux, Ralph H. Keith, Danny Merolli et ux, by Bedford Street, and by land of the Town of East Bridgewater, and containing about 43.63. acres, or however otherwise said premises may be bounded, measured or described, with all rights and appurtenances thereto, and that there be and hereby is transferred from available funds in the treasury the sum of \$25,000.00 dollars to purchase the same and the Board of Selectmen be authorized to acquire said premises by purchase.

The vote was taken by a show of hands, and the following tellers were appointed, Ernest Thornhill, Bradford Alexander, Wilfred Galland, and Everett Lays.

Yes, 81; No, 53.

The motion was declared not carried by the Moderator as this was not a necessary two-thirds vote.

Article 2. Voted, that the town release, acting by and through its Board of Selectmen, to Alice H. Whitney the land in East Bridgewater bounded and described as follows, Beginning at a point on Bedford Street thence Northeasterly by land of Alice H. Whitney 523.5 feet; thence Northerly by land of said Whitney 17 feet; thence Southwesterly by land of the Town of East Bridgewater 534. feet to Bedford Street; thence Southerly 8.36 feet by Bedford Street to the point of beginning; containing 3439 square feet and being lot B plan entitled "plan of land belonging to the Town of East Bridgewater" dated November 17, 1949, J. F. Hennessy civil engineer; in consideration of the release to the Town of East Bridgewater, bounded and described as follows: Beginning at a point on Bedford Street thence Northeasterly by the land of the Town of East Bridgewater 515.9 feet; thence Easterly by land of the Town of East Bridgewater 14.4 feet; thence Southwesterly by land of Alice H. Whitney 534 feet to

Bedford Street, thence Northerly by Bedford Street 8.36 feet to the point of beginning containing 3413 square feet and being lot A on said plan.

A unanimous vote.

Article 3. Voted, to accept the bequest and legacy of Two Thousand dollars (\$2,000.00) to the East Bridgewater Public Library under Article 2 of the will of Sara E. Curran, late of East Bridgewater, Mass.

A unanimous vote.

Motion made and seconded that the meeting adjourn until June 1, 1950 at 8.00 P. M., which was voted in the affirmative, and counted by tellers by show of hands.

Yes, 83. No, 38.

Motion declared carried by the Moderator.

A true copy; Attest.

## ADJOURNMENT

June 1, 1950.

Meeting called to order by the Moderator, Forest W. Cousins at 8.00 P. M. A total of three hundred and fourteen voters was at the meeting.

Motion was made by Robert H. Hall and seconded and voted in the affirmative that the vote be reconsidered, by which the Town meeting rejected the motion under Article 1, at the Town meeting on May 22, 1950.

The following motion was made and action was taken, as follows:

Article 1. Voted, that the Town acquire by purchase for purposes of a municipal building the land with the buildings thereon now owned by Alice H. Whitney, numbered 175 and 137 Central Street, East Bridgewater and shown as block 13 page 51 on the Assessor's map of the Town of East Bridgewater, and bounded generally by Central Street, Plymouth Street, land of George W. Allen, et ux; James Boland; Edmund W. Nutter; Walter E. Bor-

deau; Mitchell Gaucher; Jeremiah A. Murphy; Jennie N. King; Renhold Berquist et ux; Ralph H. Keith; Danny Merolli et ux; by Bedford Street, and land of the Town of East Bridgewater, and containing about 43.63 acres, or however otherwise said premises may be bounded, measured or described, with all rights and appurtenances thereto, and that there be and hereby is transferred from available funds in the treasury the sum of Twenty-Five Thousand dollars (\$25,000.00) to purchase the same, and that the Board of Selectmen be authorized to acquire said premises by purchase.

The following vote was taken by show of hands and counted by tellers Frank N. Houghton, Charles Eck, Laurence K. Burrell, and Richard Bartlett.

Yes, 230. No, 54.

The motion was declared carried by a two-thirds vote by the Moderator.

Adjourned at 8.47 P. M.

A true copy; Attest.

GEORGE J. FRAHAR,  
Town Clerk.

---

## STATE PRIMARY

Proceeding:

Pursuant to a warrant signed by the Selectmen and dated August 28, 1950, the State Primary was held at the Town Hall on Sept. 19, 1950.

One box said to contain Eight Hundred and Six (806) Democratic ballots and two boxes said to contain Two Thousand and Thirty-One (2,031) Republican ballots were delivered to the ballot clerk and a receipt therefor obtained.

All preliminaries of the law having been complied with, the polls were declared open at 12 noon.

The ballot box was examined and found empty and registered zero. The keys were delivered to the constable, Joseph Rocha.

The following were sworn to the faithful performances of their duties.

Constable, Joseph Rocha.

### BALLOT CLERKS

Seven hundred and seventy-four democratic ballots and one thousand six hundred and eighty-four republican ballots were returned to the Town Clerk as unused.

The total vote cast was thirty-two (32) democrats, and three hundred forty-seven (347) republican, making a total vote cast of three hundred and seventy-nine (379). The check list in and out checked one hundred and eighty-five (185) men and one hundred and sixty-two (162) women (republicans); seventeen (17) men and fifteen (15) women (democrats). Checked as voted.

All ballots used and unused,, records and tally sheets were sealed in open meeting.

Adjourned at 8:50 P. M.

A true copy; Attest.

GEORGE J. FRAHAR,  
Town Clerk.

**RECOUNT OF VOTES FOR THE OFFICE OF  
DISTRICT ATTORNEY, PLYMOUTH COUNTY**

A recount of the votes for the office of District Attorney for Plymouth County was held in the Selectmen's Room, September 26, 1950, by the Board of Registrars, at 4 P. M.

All members of the Board were present, Mr. Russell H. Wheatley was appointed agent for Mr. John R. Wheatley and Mr. DeForrest W. Dickinson was appointed agent for Mr. Basil Winslow Flynn.

The meeting was called to order by the Chairman, Mr. Charles W. Waterman. The ballots were delivered by the Town Clerk, George J. Frahar to the Board of Registrars and counting commenced at 4 P. M.

The final result was announced as follows:

Basil Winslow Flynn	94
Thomas W. Prince	51
Eben G. Townes	88
John R. Wheatley	105
Blanks	9
<hr/>	
Total	347

This count was the same as previously announced with the exception of one ballot which was challenged by Mr. DeForrest W. Dickinson, agent for Mr. Basil Winslow Flynn, against Mr. John R. Wheatley. However, the Board of Registrars decided in favor of Mr. John R. Wheatley.

A certificate of the result of the recount tabulation was signed by the Board of Registrars and filed with the Town Clerk.

All ballots were re-sealed and returned to the Town Clerk.

QUESTION NUMBER 1

Do you favor the adoption of an amendment to the State Constitution providing for the succession to the Governorship in the event the Governor-elect dies before taking office, of the Lieutenant-Governor, Secretary of State, Attorney General, State Treasurer and State Auditor in that order?

Yes, 907; No, 219; Blanks, 525; Total, 1651.

QUESTION NUMBER 2

Do you favor increasing the number of signatures required to place an initiative petition on the ballot from 25,000 to 3 per cent of the total vote cast for Governor at the preceding State Election?

Yes, 826; No, 283; Blanks, 542; Total, 1,651.

QUESTION NUMBER 3

Do you favor a change in the old age assistance laws which would establish a minimum monthly payment of \$75.00 for the needy aged and \$85.00 for blind, deserving persons, lower the eligibility age from 65 to 63, and make aliens eligible for such assistance, and relieve sons and daughters of the responsibility for supporting their parents?

Yes, 693; No, 634; Blanks, 324; Total, 1,651.

QUESTION NUMBER 4

Do you favor a legalized State lottery as a means of raising an estimated \$54,000,000. if Referendum No. 3 is adopted?

Yes, 453; No, 901; Blanks, 297; Total, 1,651.

## QUESTION NUMBER 5

Do you favor uniform compulsory automobile insurance rates for all sections of the State instead of the present system of establishing varying rates for different cities and towns?

Yes, 40; No, 1,505; Blanks, 106; Total, 1,651.

## QUESTION NUMBER 6

Do you favor pari-mutuel betting at horse race tracks in your County?

Yes, 686; No, 735; Blanks, 230; Total, 1,651.

Do you favor pari-mutuel betting at dog race tracks in your county?

Yes, 591; No, 733; Blanks, 327; Total, 1,651.

## QUESTION NUMBER 7

Do you favor the sale in your city or town of hard liquor by the glass?

Yes, 925; No, 532; Blanks, 194; Total, 1,651.

Do you favor the sale in your city or town of beer and wine?

Yes, 895; No, 493; Blanks, 263; Total, 1,651.

Do you favor the sale in your city or town of liquor by the bottle?

Yes, 1,035; No, 403; Blanks, 213; Total, 1,651.

## QUESTION NUMBER 8

Do you favor the extension of rent control in your city or town until next June 30?

Yes, 583; No, 519; Blanks, 549; Total, 1,651.

The total vote cast was one thousand six hundred and fifty-one (1,651); eight hundred women and eight hundred

and fifty-one men, which included fourteen absentee ballots and one war ballot.

All ballots, used and unused, records and tally sheets were sealed in open meeting and returned to the Town Clerk.

Adjourned at 12:05 A. M.

A true copy; Attest.

GEORGE J. FRAHAR,  
Town Clerk.

### TOWN MEETING

#### Proceedings:

A legal meeting of the inhabitants of the town of East Bridgewater, qualified to vote in Town Affairs was held in the Town Hall on Thursday, November 10, 1950 at 7.30 P. M.

The meeting was called to order by the Moderator, Forest W. Cousins and the warrant was read by the Town Clerk, George J. Frahar.

The following action was taken under the articles in the warrant.

Article 1. Voted, to authorize the Selectmen to sell at public auction the Allen School lot on the Easterly side of Central Street.

A unanimous vote.

Article 2. Voted, to authorize the Selectmen to sell at public auction the land and building on the Southerly side of West Street known as the Elmwood side.

Article 3. To see if the town will vote to authorize the Selectmen to sell at public auction a lot of land on the Easterly side of Summer Street and the building thereon known as the Beaver School.

Vote to defer action on this article till some future meeting.

Article 4. Voted, to raise and appropriate the sum of One Thousand dollars for the repairs and equipment for the Town Hall and that to meet said appropriation that a transfer of One Thousand dollars from available funds in the treasury is authorized.

A unanimous vote.

Article 5. Voted, to transfer the sum of Two Hundred Ninety-Two dollars and Ninety-Four cents from the sidewalks, Central Street, to the sidewalks account.

A unanimous vote.

Article 6. Voted, to raise and appropriate the sum of Seven Hundred dollars for the maintenance of the Town Hall and that to meet said appropriation that a transfer of Seven Hundred dollars is authorized from available funds in the treasury.

A unanimous vote.

Adjourned at 7.55 P. M.

A true copy; Attest.

GEORGE J. FRAHAR,  
Town Clerk.

## TOWN MEETING

### Proceedings:

A legal meeting of the inhabitants of the Town of East Bridgewater, qualified to vote in election and town affairs was held in the Town Hall on Thursday, November 30, 1950 at 7.30 P. M.

The meeting was called to order by the Moderator, Forest W. Cousins and the warrant was read by Town Clerk George J. Frahar.

The following action was taken under the articles in the warrant.

The following report on the layout of Pleasant Avenue extension was read by Michael J. McCarthy and Edmund W. Nutter.

East Bridgewater, Mass. November 20, 1950.

We, the undersigned, Selectmen of the Town of East Bridgewater, having heretofore adjudged and determined that the public convenience and necessity required that Pleasant Avenue from the end of the present layout of Pleasant Avenue should be laid out and located as a town way as hereinafter described, having decreed our intention to so lay out and locate said way as aforesaid, did subsequently given written notice of our intention to lay out and locate said Pleasant Avenue from the end of the present layout of Pleasant Avenue, as aforesaid as a Town way, such notice requiring all persons interested to appear before us at our office in the Town office, East Bridgewater, on Monday, November 20, 1950 at eight P. M., and cause such notice to be actually served according to law by a constable of said town at least seven days before the day so appointed for said hearing upon Edward S. and Barbara M. Matthews, 68 Pleasant Avenue, East Bridgewater; Donald A. and Barbara E. Wile, 45 Pleasant Avenue, East Bridgewater; Thomas M. and Lee Hunt, 54 Pleasant Avenue, East Bridgewater; Angelo and Winona Froio, 62 Pleasant Avenue, East Bridgewater, George J. Malouin, Trustee, 230 Pleasant Avenue, East Bridgewater; Holden F. and Dorothy Jackson, Pleasant Avenue, East Bridgewater; Rupert M. and Clare F. Reid, 196 North Quincy Street, Brockton; Vresch and Nevart Odabashian, Pleasant Avenue, East Bridgewater; Joseph A., and Bessie A. Ieronimo, 43 Pleasant Avenue, East Bridgewater; Donald W. and Kathryn L. Setterlund, Pleasant Avenue, East Bridgewater; Harold E. and Jessie A. Packard, 42 Pleasant Avenue, East Bridgewater; Emile J. and Ruth E. Nadeau, West Bridgewater; David W. and Claire E. Norcross, Pleasant Avenue, East Bridgewater; being all the parties known to us who may be interested in the subject matter and gave notice to them and all other persons and corporations if any who may be interested in the subject matter whose names are not known to us by posting up true and attested copies of such notices in three public places in this town seven days at least before the day appointed for said hearing.

Pursuant to such notice, we met at the time and place therein appointed for said hearing and heard the remarks and objections of all persons, if any, who desired to be heard, and having heretofore viewed and examined the route of said way as hereinafter described we do hereby adjudge and determine that the public convenience, necessity and safety require that said way be laid out and located as a town way as aforesaid and as hereinafter described, and we do hereby so lay out and locate said way as a town way according to the several boundaries.

The land over which said way is hereby laid out and located as aforesaid, and which is hereby taken therefor, is described as follows:

**Pleasant Avenue:**

Beginning at a point on the southerly side of Pleasant Avenue at the end of the present street and the end of the Packard development, so called; thence North  $62^{\circ} 44'$  East along the Southerly side line of Pleasant Avenue by land now of Joseph A. Ieronimo and Donald A. Wile et ux 120 ft.; thence on a curved line R-20 by land of Donald A. Wile et ux 31.42 ft.; thence South  $27^{\circ} 16'$  East along the Westerly side line of Pleasant Avenue by land of Donald A. Wile et ux 120 ft.; thence South  $43^{\circ} 02'$  East along the Westerly side line of Pleasant Avenue by land now or formerly of George J. Malouin, Trustee, under a certain declaration of trust dated May 8, 1936 and recorded with Plymouth deeds 1714, pages 110-111, Holden F. Jackson et ux, Rupert Reid, Vresch H. Odabashian et ux 556.58 ft. more or less; thence North  $69^{\circ} 25'$  East by land of Eva A. King and Mary B. Blaisdell 43.21 ft.; thence North  $43^{\circ} 02'$  West along the Easterly side line of Pleasant Avenue by land of Donald Setterlund et ux, Rupert Reid et ux, David Norcross, Louis Angelo, Edward S. Matthews, Angelo Froio et ux 567.29 ft. more or less; thence North  $27^{\circ} 16'$  West along the Easterly side line of Pleasant Avenue by land of Angelo Froio et ux, Thomas M. Hunt and land now or formerly of Harold E. Packard and Abbie J. Packard 174.46 ft.; thence South  $62^{\circ} 44'$  West by the Northerly side line

of Pleasant Avenue by land now or formerly of said Harold E. Packard and Abbie J. Packard 180 ft. thence South  $27^{\circ} 16'$  East by the end of the present layout of Pleasant Avenue 40 ft., to the point of beginning.

For a further identification of this description, location and grade, reference is hereby made to a plan entitled "Plan and profile of Pleasant Avenue, Town of East Bridgewater," dated November 15, 1950, drawn by Hayward & Hayward, Surveyors, approved by us, verified by our signatures and adopted as and made a part of this report, which plan is recorded in the office of the Town Clerk of said Town of East Bridgewater.

The grades of said street hereby laid out and established are shown on said plan and use as a base the elevation of the county bound located on Pleasant Street at the North end of curve from Pleasant Avenue, Elevation 100.

This order and laying out and locating of said Pleasant Avenue is made under the provisions of law authorizing the assessment of betterments.

Believing this laying out and locating to be a benefit to all the abutters, we made no award for damages except as hereinafter stated and we take the land of the following persons:

Edward S. and Barbara M. Matthews	Nothing Awarded
Donald A. and Barbara E. Wile	Nothing Awarded
Thomas M. and Lee Hunt	Nothing Awarded
Angelo and Winona Froio	Nothing Awarded
George J. Malouin, Trustee	Nothing Awarded
Holden F. and Dorothy Jackson	Nothing Awarded
Rupert M. and Clare F. Reid	Nothing Awarded
Vresch and Nevart Odabashian	Nothing Awarded
Joseph A. and Bessie A. Ieronimo	Nothing Awarded
Donald W. and Kathryn L. Setterlund	Nothing Awarded
Emile J. and Ruth E. Nadeau	Nothing Awarded
David W. and Claire E. Norcross	Nothing Awarded

We give the owners of land taken for the laying out and locating of said way fourteen days from the accept-

ance thereof by the town of East Bridgewater in which to take off and remove all trees, fences and buildings and other property which may obstruct the building of said way.

Said way so laid out and located as foresaid is hereby reported to the Town for its acceptances, and when so accepted and allowed shall become and be known as Pleasant Avenue as indicated.

It is hereby ordered that said plan and this record shall be filed in the office of the Town Clerk of East Bridgewater.

Given under our hands at East Bridgewater this twentieth day of November, 1950.

MICHAEL J. McCARTHY,

EDMUND W. NUTTER,

CLARENCE E. ANDERSON,

Selectmen of East Bridgewater, Mass.

Article 1. Voted: That the report of the Selectmen relative to the laying out, locating, and constructions of Pleasant Avenue from the end of the present layout of Pleasant Avenue as a Town way be and the same hereby is accepted, approved, and adopted and that the said laying out and locating of Pleasant Avenue, as aforesaid, with the several boundaries, measurements and grades thereof, as shown by the report and plan on file in the office of the Town Clerk, as read and exhibited at this meeting, be and is hereby accepted and allowed and the Selectmen are hereby authorized to take such rights, titles, and interests as may be necessary to accomplish said locating and laying out.

A unanimous vote.

Article 2. Voted: To raise and appropriate the sum of Seven Hundred dollars (\$700.00) for the purpose of making emergency repairs on Pleasant Avenue extension, so called, accepted as a town way by a vote at a town meeting held on November 30, 1950, and authorize the transfer

of seven hundred dollars (\$700.00) from the surplus reserve account to repairs on Pleasant Avenue extension account to meet said appropriation.

A unanimous vote.

Article 3. Voted: To authorize the town to install three electric lights on Pleasant Avenue extension.

A unanimous vote.

Voted to adjourn at 7:54 P. M.

A true copy

Attest

GEORGE J. FRAHAR,  
Town Clerk.

## TOWN MEETING

December 29, 1950

At a legal meeting of the voters of the Town of East Bridgewater, under a warrant issued by the Selectmen and dated December 21, 1950 a meeting was called by the moderator December 29, 1950, at 7:30 P. M. in the Town Hall. The following action was taken under the articles in the warrant.

Article 1. Voted: To transfer the sum of \$610.00 (six hundred and ten dollars) from the Fire Department Payroll account to the Fire Department Equipment and Repairs account for the purchase and installation of a two-way radio for a vehicle in the fire department.

A unanimous vote.

Article 2. Voted: To transfer the sum of \$1,000.00 (one thousand dollars) from the Veterans' Benefits account to the Town Counsel account.

A unanimous vote.

Article 3. Voted: To transfer the sum of \$238.68 (two hundred and thirty-eight dollars and sixty-eight cents) from the Town Hall Repairs and Equipment account to the Town Counsel account.

A unanimous vote.

Article 4. Voted: To transfer the sum of \$47.00 (forty-seven dollars) from the Damage to Persons and Property account to the Miscellaneous Government Account.

A unanimous vote.

Article 5. Voted: To transfer the sum of \$120.00 (one hundred and twenty dollars) from the Town Hall Maintenance account to the miscellaneous government account.

A unanimous vote.

A true copy

Attest:

GEORGE J. FRAHAR,  
Town Clerk.

#### YOUR ATTENTION IS CALLED TO THE FOLLOWING:

All persons are respectfully requested to examine the following reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who is required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13 as amended.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

#### GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record . . . facts relative to the births . . . in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and . . . shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report . . . if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed . . . A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars . . .

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required . . . shall furnish the same upon request of the clerk of the town . . . or of any person authorized by him. (Penalty for refusing, not more than ten dollars.)

Section 6. Parents within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such a child is born.

## GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish, parents, householders, physicians and registered hospital medical officers applying therefor, with blanks for return of births as required by law.

GEORGE J. FRAHAR,  
Town Clerk.

## OFFICE OF TOWN CLERK

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended:

Definition: "License period," the time between April first and the following March thirty-first, both dates inclusive.

Section 137. A person who at the commencement of a license period is, or who during any license period becomes, the owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed until the end of such license period, and the owner or keeper of a dog so registered, numbered, described and licensed during any license period, in order to own or keep such dog after the beginning of the succeeding license period, shall, before the beginning thereof, cause it to be registered, numbered, described and licensed for such period.

The license shall be in a form prescribed by the director, upon a blank to be furnished,—by the county in which the town is located, and shall be subject to the condition expressed therein that the dog which is the subject of the license shall be controlled and restrained from killing, chasing or harassing live stock or fowls. The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag in a form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue. Such tags shall be furnished in the same manner as the license blanks, and if any such tag shall be lost the owner or keeper of such dog shall forthwith secure a substitute tag from the town clerk.

Section 139. Fees for licenses. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the

operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the town clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the Commonwealth may be accepted as evidence that the said operation has been performed.

GEORGE J. FRAHAR,  
Town Clerk.

## Report of State Auditor

April 3, 1950

To the Board of Selectmen  
Mr. Michael J. McCarthy, Chairman  
East Bridgewater, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1949, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,  
Director of Accounts.

---

Mr. Francis X. Lang  
Director of Accounts  
Department of Corporations and Taxation  
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of East Bridgewater for the fiscal year ending December 31, 1949, the following report being submitted thereon:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined, checked, and verified by comparison with the books kept by the accounting officer. The recorded receipts were compared with the treasurer's books and with the records of the several departments collecting money for the town or committing bills for collection. The records of disbursements

were checked with the treasury warrants and with the payments as shown by the treasurer's books.

The general and appropriation ledgers were analyzed, the appropriations, loan authorizations, and transfers as recorded being checked with the town clerk's record of town meetings and with the records of the finance committee. A trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on December 31, 1949.

The computation of the tax rate by the assessors was checked, and it was noted that the amount of \$16,005.43 voted to be raised in 1949 was not included in the total appropriations used by the assessors in the determination of the tax rate for 1949.

The books and accounts of the town collector were examined and checked in detail. The tax, motor vehicle and trailer excise, departmental, and water accounts outstanding according to the previous examination and all subsequent commitment lists were audited and proved to the warrants issued for their collection. The recorded receipts were checked with the payments to the town treasurer, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the respective controlling accounts in the ledger.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of licenses and permits issued by the selectmen, the town clerk, and the health department were examined and checked, and the payments to the State and to the town treasurer were verified.

In the examination of the paid vouchers on file, it was noted that several vouchers were not sufficiently itemized to enable the accounting officer to determine the correctness of the charges, in which connection it is recom-

mended that no bill or payroll be placed on the warrant for payment unless it is fully itemized and properly approved by the departmental officials authorized to incur liabilities.

The books and accounts in the treasurer's office were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments in which money was collected for the town and with the other sources from which money was paid into the town treasury. The disbursements were checked with the warrants authorizing the treasurer to disburse town funds.

The footings of the cash book were verified, and the cash balance on January 16, 1950, was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of debt and interest were verified by comparison with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust funds were examined and listed, the income being proved and the transfers to the town being verified.

The records of tax titles and tax possessions held by the town were examined. The taxes transferred to the tax title account by the collector were proved, the reported redemptions were checked with the treasurer's receipts, and the outstanding accounts were listed, reconciled with the accounting officer's ledger, and compared with the records in the Registry of Deeds.

The surety bonds of the officials required by law to furnish them were examined and found to be in proper form.

The records of the sealer of weights and measures and of all other departments collecting money for the town or committing bills for collection were examined and recon-

ciled with the town treasurer's receipts and with the records of the accounting officer.

There are appended to this report, in addition to the balance sheet, tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, co-operation was received from all the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

## Report of Highway Surveyor

To the Honorable Board of Selectmen and Voters of the Town of East Bridgewater:

I hereby submit my annual report as highway surveyor for the year ending December 31, 1950.

The following work was accomplished during the year:

All gravel roads were scraped and new gravel placed where needed.

Seal coating placed on Highland, Harvard, Pine, Elm, Plymouth, Washington, Winter, Summer, West Union, Bridge, and Crescent Streets, Thayer Avenue and Robinwood Shores.

New sidewalks from Willow Avenue to Vinton's corner, part of Elm Street and from Maple Avenue to Union Street on Bedford Street were completed and covered with black top mix.

The new layout on Pleasant Avenue was graveled in preparation for seal coating in the spring.

Winter Street was completed from Summer to the Whitman line.

### SUGGESTIONS FOR 1951

Rebuilding and widening of Belmont Street from Elm Street to the top of the hill near Leland's farm with an enlargement of the culvert to care for the flow of water from Jones Pond, also to rebuild Bridge Street from Plymouth to the Bridgewater line.

For a detailed account of the expenditures for 1950 see Auditor's report.

In conclusion I wish to thank the Board of Selectmen, the Finance Committee, and the voters of the Town for their co-operation in 1950.

Respectfully submitted,

ADAM McCORDICK,  
Highway Surveyor.

## Report of the Tree Warden and Moth Superintendent

To the Board of Selectmen and Citizens of East Bridge-  
water:

### Tree Warden

This year we supported the County aerial spraying project and it proved very satisfactory. The trees in town were all trimmed of broken branches and several dead trees were removed because of their danger to public safety. Several new trees have been ordered and will be set out when the weather conditions are correct.

### Moth Work

We co-operated with the County in the aerial spraying and it was very successful. We also worked with the County in computing statistics to point out the value of the project.

EDMUND D. KENNEALLY,  
Tree Warden,  
Moth Superintendent.

## Report of the Librarian

To the Board of Trustees of the East Bridgewater  
Public Library:

I have the privilege of submitting herewith the 66th annual report of the East Bridgewater Public Library, covering the activities and progress of the Library for the year ending December 31, 1950.

Sixty-six years ago what is now the East Bridgewater Public Library began its existence. During that year, 1884, bitter party battles waged and James G. Blaine charged the President with "humiliating this government before the European powers", a dynamite bomb was exploded in Chicago, and the publishing field was characterized by controversial and turbulent clashes of ideas. But the books the Library was calmly lending that year were, "Treasure Island", "Looking Backward", "The Christian's Secret of a Happy Life", and "Ben Hur". And on Bedloe's Island was placed the cornerstone of the Statue of Liberty, where we could write, "I lift my lamp beside the golden door".

Today we live in an age entirely transformed by the magic of inventions, yet human nature and human need have changed but little. In a time of both uncertainty and opportunity the Library is lending, "Kon-tiki", "1984", "A Guide to Confident Living", and "The Greatest Story Ever Told". And Gerald Johnson can say, "Some lights are flickering, yes, but the beacon unto mankind is not extinguished and will not be extinguished while even one group like this flames with the old love of liberty and even in the reign of terror dares to be free".

The work of the Library was strenuous during the past year. There was a decided increase in the use of the reference services; questions involving time and research were answered. To realize the scope of this service, one would need to know the type of questions asked, the persons requesting the information, and its cost to the Library.

The questions varied from fact-finding ones to highly technical ones; the persons—as varied as the questions—students, homemakers, teachers, artists, club members, retired men and women, and puzzle fans.

The children's department became increasingly alive with interesting displays to stimulate reading, story hours for the younger children, and a reading club for the older ones. When the weather was favorable, the summer reading group met in the Outdoor Reading Room. Book Week was observed by displays of new books and special related activities. The importance of library work to the children, both without and within the schools, cannot be over-emphasized since they become the future adult users of the library.

We had an extremely active year in our work with the schools. In addition to weekly visits to the Central School where books were deposited and requests filled, the Library continued its direct service to the Senior-Junior High School. We do not pattern our library work with the schools after the conventional school library. We are endeavoring to give a wider service that will make its influence felt not only where special assignments are given, but also in the personal development of the pupils. It is our hope that they will grow in the recognition of the library as a function of education that has no graduation year.

The circulation of books showed an increase despite prophecies that television would crowd out books and the habit of reading. It must be emphasized, however, that circulation figures do not establish the value of the Library's service to the public. As usual, books not owned by the Library were borrowed from the State Division of Public Libraries or other libraries through the inter-library loan system.

It is a continuing process to build and maintain a book stock and one that must be done by librarians trained in book selection, classifying, cataloging, book discarding, and binding. Books must be selected with the objective of a well balanced book stock that is representative of all fields of

knowledge, and outmoded books that give misinformation must be discarded. In 1950 an inventory of the Library's book stock was made and 1974 obsolete books and worn out books were withdrawn.

The building was used for fourteen meetings of local organizations and for two art exhibits. Book lists, letters, programs, cards, and notices were mimeographed for local clubs, churches, and organizations. The Librarian gave five book talks and conducted a library project for the Senior Girl Scouts of St. John's Church. The eight Girls Scouts traced for re-filing all the catalog cards for the music and art books in the new Fine Arts Room. The project covered the period of six weeks, four days a week, and the Scouts are to be commended for their outstanding contribution to civic service.

It is gratifying to report that all staff librarians have been certified under state law. Members of the staff served on local committees, and attended meetings of professional organizations. Your Librarian is a member of the Librarians' Advisory Council to the United Nations Association, and is Regional Chairman of the Membership Committee of the American Library Association for the New England states.

It is delightful to note the friendliness of the people of East Bridgewater toward the Library. This community interest is evidenced by the gifts of books, magazine subscriptions, pictures, maps and flowers. It is reflected in the friendly relationship existing between borrowers and staff members; it encourages the staff to carry gladly the torch lighted by those who founded the Public Library sixty-six years ago.

The Librarian extends her grateful thanks to the Board of Library Trustees for its interest and never failing support, and to the Staff for its good work in the highest ideals of library service.

Respectfully submitted,

ETHEL B. CHANDLER,  
Librarian.

## Report of the Public Health Nurse

Report of the East Bridgewater Public Health Nursing Association, Inc.

Miss L. Gladys Farren, Nurse

Office hours: 8-9 A. M. and 4-5 P. M.

6 Central Street

Telephone E. B. 111

The East Bridgewater Public Health Nursing Association in making this report to the townspeople on its 30th anniversary, feels that it may be of interest to many to look backward and reminisce for a moment. There are citizens who will read this report who do not remember World War I, nor the men and women in East Bridgewater who devoted their time and energy to war work on the home front during those war years. There were many who helped, faithfully and well, at a building in the centre of town given over as a Red Cross Headquarters. And, it was through the study, the foresight and planning of this group, with the late Mrs. Alice M. Chandler as leader, that the East Bridgewater Red Cross Public Health Nursing Association came into existence on February 1, 1921.

Mrs. Chandler, a woman of keen understanding, courage, integrity and vision, organized the group upon a solid basis, seeing into the future clearly to such an extent that her ideas made the good sound sense that has carried them ever forward. And, the Association has adhered to them during the years that have come and gone. She combined her devotion and effort to the cause of Public Health Nursing Service in East Bridgewater and its systematic organization, with a rare spirit of good-will, helpfulness and kindness. We pay tribute to her, and to those early workers in the Association. We appreciate their clear-sightedness, and we are grateful for their masterful methods of building the firm foundation upon which the service has been growing for 30 years.

Those early years, now history, moved gallantly along, progress written all the way, with new services being estab-

lished regularly. Turning the record pages rapidly, we note how necessary funds were procured. There were movies, tag days, turkey suppers, garden parties with band concerts, food sales, home gatherings that were remunerative, proving that the Ways and Means Committees in those former days kept unusually busy. The purchase of the first car for the use of the nurse was a real event. Baby Clinics were introduced, a major step of progress, and a school nurse was secured (the work having been done previously by the Red Cross Nurse). More milk was added to the school programs, and on and on it goes, interest ever manifested in the betterment of health work in town.

The Association has consistently moved with the times, and yet retains the same ideals of highest health standards, the same spirit of achievement incorporated into the first By-Laws formulated 30 years ago.

The yearly report of the nurse is an excellent record in all branches of the service. It is as follows:

Total visit—1929 to homes, 25 office visits.

Total patients—258.

13 trips to hospitals:

10 to Plymouth County Hospital at South Hanson

2 to Brockton Hospital Clinics

1 to Free Hospital for Women in Boston

2 home deliveries.

Clinics:

1. 9 Well-Child Clinics sponsored by the Nursing Association with a total of 148 babies. Transportation was furnished to these clinics when necessary.
2. 3 Immunization Clinics sponsored by the Board of Health with 253 children.
3. 2 Tonsil Clinics held in June, sponsored by Dr. Alton L. Hurlburt and Dr. Donald B. Bannerman with Dr. Noyes of Brockton, surgeon. 16 children.
4. Pre-School Clinic, conducted by School Nurse. Miss Farren assisted with physical examinations by Dr.

Hurlburt. 75 children registered, 25 examined, all other checked by own physician.

5. Diabetic Survey conducted by all physicians in town. Specimens left at Nurse's office.

Conferences with various agencies and families:

1. To arrange for above clinics.
2. To arrange for blood donors for two patients.
3. To arrange for financial aid for sickness in one family.
4. Collection and distribution of needed clothing.
5. Check on welfare of children in a family while mother was ill in hospital.
6. 3 conferences with State Health Department personnel on Nursing Service programs.
7. Distribution of Thanksgiving baskets, Santa Claus shopping and distribution of Christmas gifts for organizations in town.

Meetings attended, sponsored by State and County Health Agencies:

1. Plymouth County Health Association annual meeting in Hull.
2. M. O. P. H. Nursing Association meeting in Norton.
3. Massachusetts Conference of Social Workers in Brockton.
4. All East Bridgewater Public Health Nursing Association meetings with a special meeting Oct. 25, 1950, with Miss Ethel Grout Brooks of the State Dept. speaker. Subject: "Local Health Units."
5. Annual meeting of Rockland Association. Dr. Miriam Van Waters, speaker.
6. South Shore Hospital meeting. Subject: "Premature Babies."

It would truly be unworthy to pass without words of appreciation to our nurse in this report, and our commendation of the superiority of her fine service among us. In the skillful performance of her work, she achieves:

“Friendship, the basis of confidence”

and confidence is the beautiful basis of her splendid success.

So—to all in the community we make this yearly report of the Nursing Association, with a glimpse of its background that in a remarkable degree has made later accomplishments possible.

And in closing:

“As you have given us of your loyalties, and we have given you of our services, let us consider this then to be a mutual undertaking”

that we build in East Bridgewater a health agency ever helpful, ever progressive and ever doing a fundamental work to accomplish a lasting good.

Signed:

MARIE W. FULLER, Chairman,  
BEATRICE C. HALL, Secretary,  
HELEN R. TRUDEAU, Treasurer.

## Report of the Fire Department

To the Board of Selectmen:

Gentlemen:

Herewith is my report for the year ending Dec. 31, 1950. During this year the department responded to 104 calls, 77 alarms and 27 still or telephone calls.

At the Central Station there is a Maxim Triple Combination Truck of 750-gallon capacity and a Buffalo Triple Combination Ladder Truck with a 250-gallon capacity, one Chevrolet Truck for grass and woods fires and one Dodge Truck for grass and woods fires, one 500-gallon Trailer Pump, one 500-gallon Skid Pump.

At the Elmwood Station there is a Seagraves Triple Combination Truck of 500-gallon capacity.

The department has 4,000 feet of 2½-in. double jacket hose and 1,650 feet of 1½-in. double jacket hose.

ROBERT H. EASTMAN,

Board of Assessors.

## Report of Inspector of Animals

January 1, 1951

To the Board of Selectmen and Citizens of East Bridge-water:

During the past year, I have examined 715 head of interstate cattle.

47 dogs have been quarantined for rabies and all released.

Complete barn inspection was made with most of the barns satisfactory.

It is the first time in several years that no tubercular cattle have been found in the town.

Respectfully submitted,

HARRY W. KINGMAN, M.D.V.,  
Inspector of Animals.

## Report of the Board of Public Welfare

The Board of Public Welfare and Bureau of Old Age Assistance submit the following report for their department for the year 1950.

### OLD AGE ASSISTANCE

Twenty applications were received for Old Age Assistance. Fifteen of these were approved, four were found ineligible and one application was withdrawn. Of the fifteen cases added, ten were new cases, two were opened and three were transferred from other cities and towns.

Seventeen cases were closed during the year, four were transferred to other cities and towns, two to institutions, five by death and in six cases because of increased income from other sources. A total of one hundred four cases received assistance.

Sixty-eight of these cases had an East Bridgewater settlement, sixteen were settled in other cities and towns and twenty were unsettled.

The one hundred and four active cases received \$54,761.08 in cash grants. In addition they received \$6,084.98 for doctors, drugs \$2,950.30, dentist \$70.00, oculist \$60.00, hospitalization \$1,799.78, ambulance service \$59.00, nursing care \$43.45, other services \$60.45 and burial \$82.88.

Other cities and towns received \$2,701.66 for aid rendered by them for seventeen cases having an East Bridgewater settlement.

We received from the Commonwealth, \$24,530.64. From other cities and towns, \$1,013.18 and in Federal grants, \$29,988.97.

### AID TO DEPENDENT CHILDREN

Three applications were received under the Aid to Dependent Children program during the year 1950. Two of these cases were approved and one was denied because of

ineligibility. Two cases were closed making a total of nine cases consisting of twenty-three persons aided during the year.

\$4,782.05 was granted these cases in cash, \$190.80 was paid for medical care, \$79.00 for dental care, \$5.00 for oculist services and \$18.90 for hospital services.

The town received \$2,038.45 for Federal grants and also received reimbursement from the Commonwealth of \$1,798.05.

### GENERAL RELIEF

Nine cases were being aided under General Relief as of January 1, 1950, and during the year eleven new cases were opened and thirteen cases closed leaving seven active cases, December 31, 1950. Nine of these cases had an East Bridgewater settlement, four were settled in other cities and towns and seven were unsettled or State cases. These twenty cases comprised sixty-eight persons.

Aid granted these cases amounted to \$8,342.60. In addition \$2,266.33 was paid to other cities and towns for aid granted by them for five East Bridgewater cases residing in other towns.

\$2,615.83 has been received from other cities and towns for aid granted their cases in East Bridgewater and \$5,480.68 is due from the Commonwealth.

JAMES H. FEENEY,

## Report of the Chief of Police

Honorable Board of Selectmen

Town Offices

East Bridgewater, Massachusetts

Gentlemen:

I wish to offer for your approval the annual report of the Police Department for the year ending December 31, 1950.

### Criminal Offences

Assault and Battery	2
Assault and Battery with a dangerous weapon	1
Assault with intent to commit rape	2
Open and Gross Lewdness	3
Suspicious Persons	-11
Larceny	-121
Drunkenness	4
Boarding Children without being licensed	1
Motor Vehicles reported stolen	3
Larceny of Motor Vehicles	5
Breaking and Entering in the Nighttime	27
Disturbance	-14
Violation of probation	2
Removing Top Soil without a permit	-11
Attempted Larceny of a motor vehicle	1
Malicious Injury to Property	7
Attempted Breaking and Entering in the Nighttime	5
Dumping Rubbish on Private Property	1
A threat to commit a crime against another	1
Breaking and Entering in the Daytime	4
Assault and Battery on a Police Officer	1
Non-support of minor children	3
Forgery	2
Larceny by use of a check	5
Desertion of wife and minor children	1
Promoting indecent entertainment	4
Selling liquor without a permit	1
Truancy	5
Neglect of minor children	1

Abandonment of minor children	1
Bicycles reported stolen	2
Uttering by check	2
Un-natural Acts	1

### Motor Vehicle Offences

Operating after drinking intoxicating liquor	5
Speeding	130
Improper equipment	3
Operating so as to endanger	29
Operating under the influence of liquor	4
Failing to stop at an approved stop sign	3
Operating without a registration in possession	4
Operating without a license in possession	2
Operating an uninsured motor vehicle	2
Operating an unregistered motor vehicle	2
Operating not being licensed	2
Failing to slow at an intersection	1
Violation of the parking laws	36
Leaving the scene of an accident	4
Operating without lights	2
Refusing to produce a license and registration on demand	1
Failing to keep to the right of the middle of the highway	1

### Penalties

Licenses Suspended	107
Registrations Suspended or Revoked	11
Arrests	47
Cases placed on file	15
Cases on probation	13
First offenders released	1
Persons fined by the Court	14
Total fines by the Court	\$480.00
Persons held for the Grand Jury	8
Persons sentenced to the County Jail	5
Persons sent to States Prison	2
Persons making restitution	5
Cases on Suspended Sentences	5
Appeals to Superior Court	4
Boys sent to Lyman School	4

### Miscellaneous

Motor Vehicle Accidents Investigated	31
Ambulance Cases	11
Arrest for Out of Town Police	7
Assists for Out of Town Police	5
Missing Persons Reported	12
Attempted Suicide	1
Amount and value of stolen property recovered	\$1,894.50
Summons served for out of town police	36
Dog complaints	87
Commitments to State Hospital	4
Stolen Cars Recovered	6
Stolen Bicycles Recovered	2

As the result of this authentic report the people of this Town must realize that this department is busy most of the time and many hours beyond the call of duty has been spent in the solving of these various crimes and there are about fourteen cases that are still unsolved on the open files of this office.

We have received the Traffic Safety Award for the year 1949 and again for 1950 we will win the same award and winning such an award along with the routine work that has to be done requires a great deal of time.

Again this year this Department has lost another Police Officer who did have a great deal of experience and has done fine work in the past.

In closing I want to thank all of the people who have done so much to help this department and I might add that the Board of Selectmen have assisted this department a great deal and I do hope that they will continue as their kind of help makes my work somewhat easy and enpoyable.

Again I urge you people of East Bridgewater to continue to offer your valuable assistance to the Police Department so that we can do our work to meet with your approval.

Signed MYRON H. HAYDEN,  
Chief of Police.

East Bridgewater, Massachusetts.

## Report of the School Committee

To the Citizens of East Bridgewater:

Your School Committee has had one of the most outstanding years in the history of our town in its achievements: namely, the dedication of our new Central Grade School on Saturday, June 17, 1950.

The opening of this modern school in September, where we were able for the first time to house all children of the first six grades in town under one roof, was like a dream come true.

We are now able to teach a unified course of study to these first six grades. The opening of this new school made it possible to close all outside, antiquated, two-room schools. This, in itself, is a progressive step in education.

The East Bridgewater Schools were one of the first schools in this state to have had a classroom course in Driver

Education. During the month of June, another rapid step in education was achieved when your Committee accepted as a gift a new Chevrolet car donated through the courtesy of the Blanchard Chevrolet Company, Inc., of Bridgewater. This enabled our teen-aged group to have actual driving experience in the dual-controlled automobile under the able guidance of Mr. Emery S. Loud and Mr. Stanley B. Goldman of our Senior-Junior High School staff.

Our Superintendent of Schools, Dr. John H. Gotschall, this spring attended the meetings of the National Association of Public School Superintendents held at Atlantic City, New Jersey, where he was privileged to meet with leading educators from all over this country, listen to the most noted men in public school life in America and enjoy their talks. We feel that our schools have benefited greatly from Dr. Gotschall's trip and several ideas have already been adopted in our school system.

Our Superintendent of Schools and a committee composed of history and geography teachers made a study of available textbooks in these fields. This study took three months' time and resulted in recommendations being made to the School Committee which enabled us to purchase several sets of new books to be used as replacements in the schools.

The East Bridgewater Public School Teachers' Association discussed salary problems and elected a Salary Committee to study the problem of salary increases and a proposed salary schedule to be adopted at a later date. This year marks the first time a meeting of all teachers has ever been held in a joint session with your School Committee to discuss school problems, financial and otherwise, pertaining to the good of our public schools. We feel that much has been accomplished by such a meeting. A general salary schedule is being studied by your School Committee.

Some improvements and repairs were made during the year at the Senior-Junior High School building. Before the old, defective capstones were replaced with the copper hood,

the water had leaked in so much that it caused the metal lathing to give way so that the plaster was falling. These walls have been relathed, plastered and painted.

Some new equipment has been added to our shop this year. We are trying to keep our shop growing, because it is one of the most practical parts of our educational systems.

A study is being made, at the request of the Committee, to determine whether or not there is a need for classes in remedial reading in the elementary grades. If this study proves that the need exists, it is expected that a program in regard to remedial reading will be adopted.

Now that we have such excellent dental equipment in the health unit at the Central School, your Committee is planning to make available a better and more inclusive type of dental health for all the children, especially in the first six grades. In order to do this, we will need the services of a part-time dental hygienist and more services from our school dentist. According to information received from the State Department of Health, our town and one other town are listed as providing the least dental care of all the towns in Plymouth County. We plan to remedy this situation in 1951.

It is not an indication of complacency to report that East Bridgewater Schools are better than good and merit the respect of the whole community. This assumption is based on visits to other towns and cities, the achievements of those who have gone out from East Bridgewater, and by observations of capable men from elsewhere. In recent years the public schools have received good financial support and have provided excellent educational returns.

The Committee is cognizant of the continued conscientious and effective work being done by our teaching staff, as well as by other employees of the school system.

The activities of the Parent-Teacher Association in bringing the parents and teachers in closer contact continues to prove very beneficial.

Grateful acknowledgment is made to the Commercial Club, the Kiwanis Club, and to all other Societies and Clubs who have donated in any way to the most worthy cause of our public schools. We invite each and every one of you to visit with us in your schools.

Once again your School Committee expresses its sincere thanks and deep appreciation for the interest, good will, and cooperation of every citizen of the Town of East Bridgewater.

Respectfully submitted,

THE SCHOOL COMMITTEE

A. J. Bradford Alexander, Chairman

Ralph G. Bumpus, Secretary

John B. Thorndike

Ida D. Currie

Elizabeth P. Hurd

Philip E. Carey

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of East Bridgewater:

I am happy to submit my thirteenth annual report as superintendent of schools. The year has been one in which a large number of improvements have been made.

### PERSONNEL

During 1950, we had only one resignation from our total list of employees. Miss Grace M. Dunn, our commercial teacher, obtained a better paying position in her home city, Fall River. To this vacancy, we were fortunate to elect Miss Mary I. Tirrell, who graduated from Salem State Teachers College in 1949 and obtained a Master's Degree in Education from Boston University in June, 1950. Due to our increased enrollment and the opening of the Central

School, we found it necessary to obtain three additional grade teachers. Mrs. Christine A. Dowd, a graduate of Bridgewater State Teachers College, 1950, was elected to teach in grade one; Mr. Daniel A. Frumerin, a graduate of Boston University, 1950, was elected to teach in grade five; and Mrs. Miriam D. Leach, one of our former teachers and a graduate of Bridgewater State Teachers College, 1934, was elected to teach in grade seven. I am very well pleased with each of these new teachers and sincerely believe that the entire teaching staff is earnestly trying to provide an excellent education for the pupils.

### SCHOOL FINANCES

The cost of schooling has increased gradually since 1940 all over the country. In 1941, our maximum pay for elementary teachers was \$1,300.00 and for high school teachers it was \$1,600.00. Our maximum pay for all classroom teachers in 1950 was \$2,800.00. In 1941 our total school cost was \$64,305.43 compared with \$149,017.56 in 1950. Our enrollment is much higher, thereby necessitating nine additional teachers. If we look carefully at our school costs in terms of what the schools give the children, I do not believe we can say our school costs are excessive. In 1950, the cost was less than eighteen cents per hour per child, which is considerably less than the prevailing cost of any "baby-sitter". Our finished product, our graduates, certainly bear witness to the splendid caliber of our work. In my opinion, the town spends its money wisely when it provides good schools for the children.

The financial statement of the School Committee Treasurer shows that the department expended \$149,017.56 in 1950. State Reimbursement from all sources (State Aid to Education, Transportation, Tuition) amounted to \$40,285.04 which makes the net cost to the town from local tax \$108,732.52. The State Aid for 1949-50 amounted to \$32,743.56 compared to \$30,731.04 the previous year. Present figures indicate our State Aid for next year will be \$35,611.25.

## HOW ARE WE DOING?

Each year, as the time arrives for me to submit my annual report, I stop to look at our schools in retrospect. I always ask myself whether or not our schools are serving the entire people of East Bridgewater as they should. Our academic achievement is excellent; the number of pupils leaving school before graduation is low; we appear to be teaching the young people good citizenship judged on the basis of our low rate of juvenile delinquency; and our schools appear to have gained a good reputation in the district, judging by the number of families with children who are moving into the town. These are some of the good things about our system that are a pleasure to me, but I always ask myself, "What aren't we doing that we should do?"

In some towns, people not enrolled in the schools are making more use of school facilities than we do here. Evening School is one example. These classes, however, may be impractical in East Bridgewater because of our proximity to Brockton where trade school advantages are greater than we could afford. If anyone has any constructive ideas that would improve our educational program, please let me know or tell some member of the School Committee. We are earnestly trying to serve all the townspeople as best we can.

## HOME STUDY

My thinking about this subject does not change from year to year and yet some people may wonder why I continue to repeat my recommendation. The year that I purposely omitted it, I was obliged to explain many times whether or not I still believed that pupils should do their homework. I believe that doing his home-work and getting at least eight hours of good rest is far better for a child than the amusement he may get watching television until late at night. Some pupils appear to need a bed more than a teacher at school.

Pupils in grades six through twelve should have some home study to do every school day. The length of time

it will take to do this work depends upon the speed with which the pupil can do the work. Unless the child is getting good marks in all his subjects, parents should not accept the alibi that there is no work to be done. A suggested schedule indicating the amount of time that we would like to have spent in conscientious home study on every school day is as follows: Grade six, 45 minutes; grade seven and eight, 60 minutes; grades nine through twelve, 90 minutes, but those preparing for college in these latter grades average 120 minutes in home study. This schedule indicates the average minimum time which may not be enough if there are many interruptions.

### NEW CENTRAL SCHOOL

It is a distinct pleasure to be able to report the completion and occupancy of the new Central School which houses all the pupils in the first six grades. I urge the townspeople who have not, as yet, been in the building, to be sure to go in and look it over. Space will not permit me to tell you all the virtues of the school. The only fault I can find about it is the fact that it is not large enough. If conditions continue as they have in the past five years, (please refer to the school enrollment table) we must provide more rooms by September, 1952. We should start to think now about whether we should re-open the West School in September, 1952, or whether we should plan to build some additional rooms at the Central School. Of course, it will be natural for some to ask why a larger building wasn't built in the first place. My answer to this question is that future needs, whether five or even more years away, are hard to determine and it seemed much more prudent to build what we needed, allowing for reasonable growth, and to design the building so that it could be enlarged when future needs required it. Today, we have eighteen excellent elementary classrooms. In past years, we have had none. Perhaps if we had asked for twenty-four classrooms, we would still have none. Maybe we have made haste too slowly, but we do have eighteen classrooms to show for it.

## APPRECIATION

A number of other Town Departments have given invaluable assistance to the schools during the year. The Tree Warden has removed dead trees from school property and has done much to eradicate the ivy poison around the Central School. The Police Department has been unusually faithful in their duties providing for the safety of children as they go to and from school. The Public Library Personnel have all been most cooperative in giving us excellent library services for both schools. The Fire Department has checked and re-filled all our fire extinguishers and loaned us sufficient fire hose to supply drainage when we needed it. The Highway Department has done its best to keep the street water from flowing onto the Central School lot. The Town Treasurer and Town Auditor have been most cooperative in handling the excessive duties placed upon them by some needless legislation passed by the 1950 legislature.

## GENERAL COMMENTS

I am proud to have done my part in initiating the "Behind-the-Wheel" driver training course this year. I wish to thank Mr. Blanchard of Bridgewater for supplying the car.

It is always a pleasure to announce that our graduates are doing good work in the various colleges. I am unable to recall the failure of a single one whom we have recommended to a college, and we have sent students directly to the very best colleges in the country. Massachusetts Institute of Technology recently sent us the following statement:

"It gives me great pleasure to inform you that the composite record made at the Institute by graduates of East Bridgewater High in recent years has been such as to permit the Committee on Admissions to waive the usual entrance test requirements for any of your students who graduate in the highest fifth of the class and whom you recommend to us for admission on this basis during the coming year.

We are always careful to point out that the schools to which this provision applies do not in any sense constitute an "accredited" list. M. I. T. does not undertake to rate or accredit schools, but simply keeps a factual record of the performance of their graduates here. Waiving the entrance tests does not automatically grant admission but means merely that the evidence on which the Committee bases its judgment need not include tests. Applicants are instructed to take the test program unless specifically excused by written notice."

During the fall months we have had a committee studying history and geography books for grades four through eight. The books recommended by the committee have been submitted to the School Committee and adopted by them. The new books will be distributed to the pupils early in 1951.

In October our schools were visited by A. Russell Mack of the Department of Education. After making his inspection, he submitted the following letter to me which the School Committee asked me to include in my annual report:

"Dear Dr. Gotschall:

This is a brief summary of my recent visit to your school system. In a sentence, I believe that you are to be congratulated upon your leadership, and upon the good work which is being done under your administration.

The new Central School is wonderful, of course, and makes possible a better program for the elementary grades.

I was interested to observe improvements in the High School, not only the addition which I had already seen, but the renovation in lighting and painting of many of the rooms. With an already strong academic program, there is Physical Education, Home Economics, and Industrial Arts, and Driver Education with a car, so that it would seem that the educational needs of East Bridgewater youth are well cared for.

Where there is a close coordination between the High School and the public library across the street, I am inclined to agree with you that the library needs are well met.

As you know, I visited all teachers in both schools, as well as addressing them after school on 'Distinguishing Traits of the Superior Teacher, and Activities in Secondary Education'. You have an excellent staff of teachers, ably administered. It would seem that superlatives apply to program, personnel, and plant at the East Bridgewater Schools.

Sincerely yours,

A. RUSSELL MACK,  
Supervisor of Secondary Education"

### CONCLUSION

Again, I wish to thank the members of the Committee and every member of the school personnel for your thoughtful consideration of all school problems during the year.

Sincerely yours,

JOHN H. GOTSCHALL,  
Superintendent of Schools.

---

### REPORT OF THE VICE-PRINCIPAL OF THE SENIOR HIGH SCHOOL

Dear Dr. Gotschall:

The following report is submitted for the year 1950.

A decline of approximately forty pupils in the population of the top floor has relieved us of much of the congestion and problems of class space. The laboratory and typing rooms are no longer used as home-rooms, which is most fortunate as both rooms were not equipped for the purpose, and the situation had worked considerable hardship on pupils and teachers alike.

We welcome one new teacher to the Senior High School staff. Miss Mary I. Tirrell replaces Miss Grace M. Dunn as teacher of commercial subjects. Miss Tirrell re-

ceived her bachelor's degree in commercial studies from Salem Teachers College and her master's degree in Education from Boston University. She came to us with an excellent record of past teaching experience in Watertown, where she taught commercial subjects in both the day and evening high schools.

A survey of the graduates of last June reveals the following significant items. One-sixth of the class are getting additional training in colleges or vocational schools and unofficial reports of their progress are most satisfactory. Two graduates are taking post graduate work. An additional one-sixth are in military service, a trend which we can expect to increase, in view of the current critical international situation.

A course in behind the wheel Driver Training was successfully inaugurated in September. This course was made possible through the cooperation and generosity of Mr. George A. Blanchard of Bridgewater. The driver training program includes classroom instruction in the theory of motor car operation, driver attitudes, and a thorough study of the motor vehicle laws. In order to be eligible for practice driving, pupils must maintain an 80 average in classwork. The class training is supplemented with films and the use of clinical aids to determine the presence of physical obstacles to proper motor vehicle operation. A final test, prepared by the State Registry of Motor Vehicles, is given and pupils must get a minimum score of 70 points, in addition to the 80 in classwork, in order to qualify for the practical licensing test given by the Registry. This classroom work is given by Miss Anne R. McNally of the high school staff.

The practical training on the highway is given by Messrs. Stanley B. Goldman and Emery S. Loud and includes (1) familiarity with location and use of controls; (2) starting the engine; (3) smooth use of clutch, accelerator and brakes; (4) proper steering; (5) correct left and right turns; (6) turning car around; (7) proper parking and starting on level and on hills; (8) driving in traf-

fic; (9) obedience to highway regulations; (10) good attitude toward other drivers and pedestrians. At the conclusion of this behind the wheel training, which requires from 10 to 25 hours depending on the previous experience and coordination of the pupil, and assuming classroom grades meet the required standard, the pupil is tested by a representative of the State Registry and if successful, receives his or her license. To date fourteen pupils have received licenses and twenty additional are in process of training.

No pupil is allowed to take behind the wheel training without the written consent of the parents. As an additional protective feature, the car is completely and heavily insured to meet every contingency.

The Student's Pen continues to win honors during 1950. The Pen was awarded a First Place Certificate for magazines of its type and class in the 26th Annual Contest of the Columbia Scholastic Press Association. Misses Anne Kenneally and Muriel LeClair, as co-editors, were awarded a first prize for "Best Magazine Make-up" in the Boston Globe Annual High School Publications Competition. The Pen is issued by students of the High School with Miss Marlene L. Andrews, literary adviser; Miss Anne R. McNally, business adviser, and Miss Grace M. Dunn and Miss Mary I. Tirrell as typing advisers.

The Senior Class presented as their annual dramatic production "Melody Jones" by Nathan and Ruth Hale. The play was one of the most successful and best attended in recent years. A second presentation was given for the patients at the Plymouth County Hospital. For this performance, special music was provided by about 32 members of the school band who volunteered their services for the occasion. The quality of performance and conduct of the performers is best illustrated by the following communication received from Dr. Donald A. Martin, hospital superintendent:

"It is with pleasure that I am again writing to thank you and your pupils for putting on such a fine evening of entertainment for our patients. The play itself was thoroughly enjoyed by all who were able to attend and with the addition of your High School orchestra it made a memorable evening.

Mrs. Mandell has asked me to add her thank-you and to congratulate you on the excellent conduct of your play cast and the members of the orchestra. Seldom do we entertain such a large group with so little commotion and so easily."

May I take this opportunity to thank you, the committee, the teaching and supervisory staff, and the student body for the fine spirit of helpfulness and cooperation given me during the past year.

Respectfully submitted,

EMERY S. LOUD,  
Vice Principal.

---

## REPORT OF THE VICE-PRINCIPAL OF THE JUNIOR HIGH SCHOOL AND DIRECTOR OF ATHLETICS

Dear Dr. Gotschall:

It is my pleasure to submit the annual report as Vice-Principal of the Junior High School and Director of Athletics. All of our teachers have returned to their previous positions. Because of the size of the present seventh grade, it was necessary to add a teacher to the faculty. Mrs. Miriam D. Leach, a capable former teacher of ours, was engaged to teach the seventh grade. With an experienced faculty available, the program offerings, both curricular and extra-curricular, were carried on in excellent fashion.

In view of present-day world conditions, we should consider introducing discussions of **atomic fission, means of**

**protection against A bombs, instruction in the principles of democracy and a revision in the teaching of history to bring it up-to-date.**

Concerning our 1950 athletic program, our basketball and baseball teams made fine showings in non-league contests as well as Mayflower League competition.

I can truly report that East Bridgewater athletic teams command respect in the entire South Shore area. Even more gratifying to me is the high esteem other schools hold for us for our high standards of sportsmanship and courtesy. This should serve as a challenge to the personnel of our teams to maintain this excellent reputation for our coach, our school, and our town. In this matter we need the continued support of the parents to have their sons and daughters live up to the training rules set down by our very capable and popular coach, Joseph F. Morey.

The Kiwanis Club of East Bridgewater continued its fitting recognition to our athletic program by sponsoring its annual, excellent Sports Night Program.

The report of the Athletic Accounts is included:

Cash on hand, December 31, 1949	\$259.76	
Basketball Receipts	565.60	
Refreshment machine	21.13	
Tag Day Receipts	110.75	
Athletic Association and Cheer Leaders Dances	87.60	
	<hr/>	
Total Receipts		\$1,044.84

#### Expenses

Basketball:	
Referees	\$144.00
Officer Fees	24.00
Janitor Fees	30.00
Taxes—Admission	86.89
Girls' Basketball	6.00
Equipment	136.70

Transportation (Luddy's Bus)	139.00	
Baseball:		
Equipment	247.79	
Umpires	35.00	
Transportation (Luddy's Bus)	70.60	
Miscellaneous (for Basketball and Baseball)	32.51	
	<hr/>	
Total Expenses		952.49
		<hr/>
Balance on hand, December 31, 1950		\$92.35

Respectfully submitted,

STANLEY B. GOLDMAN,  
Vice-Principal.

---

## REPORT OF THE PRINCIPAL OF THE CENTRAL SCHOOL

Dear Dr. Gotschall:

I am pleased to submit the first annual report of the East Bridgewater Central School.

On June seventeenth, nineteen hundred fifty, the new Central School was formally dedicated. On September sixth, school opened with an enrollment of five hundred thirty-seven pupils.

This number gave us four first grades, four second grades, three third grades, a combination of third and fourth grades, two straight fourth grades, two fifth grades, and two sixth grades.

Our enrollment has unexpectedly and steadily increased. Since the beginning of the school year, fifty-one new children have come in from other towns. At this rate of increase, it will soon be a problem to house all of the grades under this roof. Even now some of the classrooms are

seating more than the maximum number of children planned for the rooms.

When one parent registered her child she said, "We had to leave where we were living. We knew you were building a new school so we found a place to live here." Many others, no doubt, have done the same thing which could account for our increased grade membership.

In October, banking, which had been discontinued for a number of years, became part of the program in each grade. The results have been most gratifying. A large percent of the pupils have banked regularly each week. As a result, for these first three months, we have credited to us at the East Bridgewater Savings Bank the sum of two thousand seventy-three dollars and forty-five cents.

Because of the large number of children who stay at noon, the lunch hour is divided into two periods. A well balanced hot-plate is served each day. Milk and ice cream may be bought also. As many as two hundred eighty-eight pupils have been served in a noon hour quickly and efficiently.

At Thanksgiving time, a full course turkey dinner was served to five hundred ten pupils and teachers who unanimously pronounced it tops.

The lunch room through the noon hour is well supervised. The credit for this goes to the teachers, each one of whom sits at the table with her grade and eats with them.

Besides being used as a lunch room, the auditorium is also used for other purposes.

The Parent-Teacher Association has held its monthly meetings here with a record attendance. Perhaps, in part, this splendid showing of parents and teachers is due to our new and attractive building.

Each Monday afternoon, a dancing class, sponsored by the Parent-Teacher Association, is held in the auditorium. The children taking part range from pre-school age through grade six.

A Brownie group meets here on Tuesday afternoon after school for their regular weekly meeting. So well supervised are both of these projects that neither interferes with our school program.

As Thanksgiving approached, we had our first real school assembly. A fine program appropriate to the Thanksgiving season was in charge of grades four, five and six. The other pupils in the building and parents greatly enjoyed the performance.

Our second assembly was held at Christmas when the program was put on by grades one, two and three with the other pupils and parents as guests. This was a splendid program and exceptionally well carried out by children so young.

Through the kindness of Mrs. George Chandler, our library room has been regularly supplied with books from the East Bridgewater Public Library. This has proved a great help to grades five and six. Books have been supplied also to the rooms of the other grades.

A new project for elementary schools has been started in the Central School. A boys' chorus, consisting of boys from grades four, five and six, has been rehearsing under the able leadership of Mrs. Rose Delano of the faculty.

At this writing they are to make their first public appearance at the January meeting of the Parent-Teacher Association. There are fine voices among this group of boys and we hope they may be heard many times.

Since the beginning of school, many groups of school people from other towns have visited our building. Some of these people come from towns where a new school is being built or from towns where the citizens are contemplating a new building. After they viewed our school, they had nothing but the highest praise for it.

I would like to take this opportunity to express my thanks to you, Dr. Gotschall, and to the entire staff at the Central School for the cooperation and help which has been given to me since the opening of school.

Respectfully submitted,

MARY T. MURRAY,  
Principal.

---

### REPORT OF THE MUSIC SUPERVISOR

Dear Dr. Gotschall:

In making my yearly report on music activities for 1950, I shall omit listing the separate appearances and activities of the various musical organizations. They have been very busy throughout the entire year, including several summer lawn programs by the school band and attendance at the usual spring festivals in which excellent and superior ratings were won. The usual home concerts, assemblies, and parades they participated in, and the whole school joined forces for the annual Minstrel Show.

An important new feature, which recognizes and encourages young musicians, was the adoption through the sponsorship of the Woman's Club of East Bridgewater of the National Arion Award for excellence in music, which is given each spring to that senior who has shown the finest achievement in music and the greatest contribution to the music work of the school. We are grateful to have this award as a stimulus to musical boys and girls.

The recent survey of the musical instruments owned by the school for instructional use in class and band work showed the great need for a financial program to provide for repair, replacement, and addition of instruments. Some are no longer servicable and need to be replaced, many need considerable repair work, and certain other instruments are needed for balanced instrumentation. The first step was

taken by the very reasonable purchase of a pair of much needed kettledrums. The urgency of adopting some such program is greater due to the increasing scarcity of instruments and the fact that very few of ours are still in first class playing condition. Recommendations have already been submitted.

### SENIOR-JUNIOR HIGH SCHOOL

At the Senior-Junior High School several changes have been made. The band now meets entirely during school hours, thereby improving attendance and interest. The junior band meets for its weekly rehearsal during school, which arrangement increases its efficiency. The eighth grade music classes now reach all eighth graders and are taught twice a week instead of once only. Also, providing for a rehearsal room for all vocal groups has improved the scheduling of those classes.

### CENTRAL SCHOOL

At the new Central School, the elimination of multiple grade rooms makes possible more remedial work in the lower grades and improves the songbook material available at each grade level. Recommendations for replacement of the present badly worn song series will be made after further careful study.

For the first time it has become possible to organize an intermediate boys' choir which is doing much to increase the boys' enthusiasm for singing. This group has already made a public appearance.

The new supervising schedule for the eighteen rooms calls for two regular visits per month to supervise the classroom music and one visit to carry on listening and appreciation activities. In this way all children in the first eight grades are broadening their knowledge and understanding of music literature.

Last year's report indicated several areas where improvement was needed. Fulfilment of part of these needs has taken place. Still absent is provision for high school study of music literature and specialized training for those

who should be preparing for college level work in the field of music. I believe there would be much interest in the former area.

The splendid support of teachers and administration has done much to increase the effectiveness of our music work and for this cooperation I am, as Music Supervisor, deeply grateful.

Respectfully submitted,

ROBERT A. SPENCER,  
Music Supervisor.

---

## REPORT OF THE ART SUPERVISOR

Dear Dr. Gotschall:

Art work in the East Bridgewater Schools has made great strides forward, especially in the high school. Here a room has been provided for Art Classes—with water, work tables, and space for materials that is easily accessible during classes. No other classes on Art days interfere with the procession of classes. A great saving of time, both of the teacher and the pupils, is the result. An extra high school class and an extra eighth grade class have had to be added to take care of all the pupils who elected Art. Every pupil in the eighth grade this year elected Art, which is nearly a 75 percent increase.

The main object of the Art in the schools is to instill into the minds of the pupils a love of Art and to make them Art minded. This has been accomplished beyond our hopes. East Bridgewater is unusually Art minded as a town. In doing this, a balance between creative, practical, abstract, and useful Art has been established so that the pupil may get a well rounded development through the years.

There has been an increase in supplies available for work, especially in the crafts. This will bear fruit as these children go out into the community.

The Art courses follow a very modern up-to-date pattern set by the Massachusetts Art Federation, the Art Committee of the New England Council, and the National Art Association.

Respectfully submitted,

ELLA B. HEBBARD,  
Supervisor of Art.

---

## ANNUAL REPORT OF THE SCHOOL NURSE

Dear Dr. Gotschall:

School Nurse's Calendar for 1950.

### January

Work during this month was mostly routine with class-room inspections, first aid care and special attention to ill children. There was no reportable communicable disease, but plenty of sore throats, virus infection and colds.

Vision testing was completed and thirty notices were sent to parents for failures to pass the test and fifty other failures were found, but these defects were under treatment or corrected by glasses.

### February

Virus infections and colds accounted for most of the absenteeism.

All elementary grade pupils were weighed.

During January and February, fifteen pupils were taken to Brockton to various clinics, child guidance, orthopedic, speech, eye and ear.

A list of 75 children eligible to enter school in September, either with or without the achievement tests, was compiled.

## March

Blustery March brought 1 case of diphtheria, 1 of mumps, 3 of scarlet fever and 11 cases of chicken pox.

Over 500 pupils received the pure-tone hearing test, either individually or by groups. Thirty-four failures were found. 14 of whom were seen by an ear specialist and the other 20 were individually seen by the school doctor. From January through June, 2 Senior-Junior High students received lip reading instruction twice weekly. This was financed by a special fund for Plymouth County residents with ear defects. There is now some question as to the availability of this money, so it may become necessary to finance this very important health work some other way.

## April

At the diphtheria immunization clinic, 14 school children received the first of three injections of triple antigen. This is a combined preparation which protects against diphtheria, whooping cough and tetanus. Before the clinics closed in May, 83 school children received booster doses of the same preparation.

## May

Letters and special forms were sent to parents of known children who were entering school in September. This was a new innovation to encourage parents to have their children examined by their family physician and family dentist. The results, which are tabulated below, were very good.

## June

June was a short month, but a busy one. All elementary grade children were weighed and measured. Dr. Hurlburt completed the health examinations for the elementary grades, and notices of defects were sent to parents. Eight school children had tonsils and adenoids removed by Dr. Noyes at the T & A Clinic held at the Public Health Nursing rooms.

The big event of the month was registration day. Assistance was given to Drs. Hurlburt and Fraser and myself by all the elementary teachers and Miss Farren.

Registered	74
Weighed and measured	25
Birth certificates presented	57
Vaccination certificates presented	37
Examined by family physician	46
Examined by school physician at the clinic	25
Going to family physician	3
Examined by family dentist	20
Examined by school dentist at the clinic	40
Going to family dentist	14

## September

September 6th was the Red Letter Day, for that was the day we entered our new school. Our new school now provides all the requirements needed for healthful school living. Classrooms are well lighted and ventilated and all are equipped with bubblers and hand washing facilities. The up-to-date kitchen provides equipment and space for preparing and serving hot lunches to the children. All children do not have the lunch, which is attractively and tastily prepared by Mrs. MacDonald and her helpers. But, all do eat in the spacious, clean, and well-lighted all-purpose room.

The playground is ample but not too satisfactory for young children. The area with its broad west exposure varies from too hot to too cold according to the season. In wet weather, the poorly drained land offers very little dry area for the children to play. The playground equipment is a delight to the children, but in spite of vigilant supervision, it has proved quite hazardous to some children. A program of guided play and physical education would be most beneficial in reducing the number of minor accidents.

The health unit is a busy place. Here all children absent on account of illness are interviewed. First aid care and special attention is given to ill children. The rooms

are well lighted, suitably equipped and enjoyed by all.

From January through June over 200 ill children were transported home. Due to the amount of time involved, with the result of more important health work being neglected, notices were sent home requesting parents not to send ill children to school, also, at the same time alternate addresses were obtained. This procedure has resulted in fewer sick children coming to school and with a appreciable reduction in the number of ill children needing transportation. However, I believe this number could be reduced still more if parents would be extra cautious of their children's physical condition before sending them to school. Perhaps this measure tends to increase absenteeism, but the healthier classroom certainly overbalances this necessary absenteeism.

An interesting feature of September's work showed that all first grade children were vaccinated successfully.

### **October**

Dr. Hurlburt completed physical examinations for all boys in high school, also for girls taking physical education. Besides this group, all students in grades seven and ten were examined. These examinations revealed very few physical defects.

All elementary grade children were weighed and measured.

### **November**

The new and adequately equipped dental office at the Central School aided Dr. Fraser immensely in his annual dental examination. At this examination only 25% of the Central School children were caries-free. The High School and Junior High were only slightly better with a 37½% correction. Re-establishment of dental clinics for the younger children would probably raise this figure.

Virus infection and colds were very prevalent among the Central School group. Reportable communicable disease

was almost nil with only one case of chicken pox and one case of mumps.

## December

The month of December was devoted to screening tests for Visual defects. The Massachusetts Vision Test was given to all pupils in grades 3, 5, 7, 9, 11, and to others needing the test. Notices urging further eye specialists' attention were sent to 45 parents. Other defects were found, but these defects were either under treatment or corrected completely or partially by glasses.

During the year, many interesting meetings were attended, from which much help and assistance was obtained. Interviews with teachers, conferences with health workers, classroom talks to the children and home visits to the parents were also part of the year's work.

A health teaching program with the necessary health books and other essential materials should be considered and instituted for the elementary grades. As stated in last year's report: Health instruction in the elementary grades is the classroom's responsibility and consists in helping children develop desirable habits toward healthful living. Since health is considered one of the first objectives of education the amount of time allotted to health instruction should at least equal that devoted to other major subjects.

In closing this report I wish to express my appreciation for the co-operation I have received from the superintendent, the teachers, the parents and the children.

Respectfully submitted,

RUTH G. EVANS, R.N.,  
School Nurse.

## TEACHERS' DIRECTORY, DECEMBER 31, 1950

## AWARDS

### 1. HORACE T. SMITH ESSAY PRIZE

Awarded to the member of the Junior or Senior Class who submits the best essay on some scientific subject. Annual interest on \$1,000.00

### 2. HORACE T. SMITH SCHOLARSHIP FUND

Given to the graduate of the East Bridgewater Senior-Junior High School who fulfills all the requirements as set down by the will of the late Horace T. Smith. First year's tuition at Massachusetts Institution of Technology.

### 3. THE MICHAEL J. McCARTHY PRIZES

Given annually to two Seniors who exhibit superior knowledge of the United States Constitution or a selected subject in American History.

MURIEL LeCLAIR

MURIEL GRABAU

### 4. THE DICKINSON MEDAL

Given to the graduate who has shown the most improvement in scholarship during his or her four years of High School life.

MILDRED PERKINS

### 5. CLASS OF 1931 AWARD (MEDAL)

Given to the Senior who has fulfilled all the requirements towards being the best citizen of the Class during his or her four years of High School life.

ANNE KENNEALLY

6. THE SYLVANUS COOK PACKARD AND ALUMNI SCHOLARSHIP

Given to the graduate who fulfills all the requirements according to Article 5, Sections 1, 2 and 3 of the By-Laws of this fund, and who stands the highest of all those making application for this scholarship. Annual interest on \$1,500.00.

MURIEL LeCLAIR

7. THE BANNERMAN SCHOLARSHIP

Given to the graduate who has completed the High School Classical Course and who is the highest ranking student in the list of applicants to enter a college on the approved list.

MURIEL LeCLAIR

8. RENSSELAER POLYTECHNIC INSTITUTE SCIENCE AND MATHEMATICS MEDAL

Awarded to the Senior who has attained the highest excellence in the studies of Mathematics and Science throughout his or her High School career.

JULIUS HAYWARD

9. D. A. R. MEDAL

Awarded to the Senior girl elected the best citizen.

ANNE KENNEALLY

10. THE WASHINGTON AND FRANKLIN MEDAL

Awarded to the Senior who has contributed the most and stands the highest in the study of United States History.

MURIEL LeCLAIR

11. BAUSCH & LOMB SCIENCE MEDAL

JULIUS HAYWARD

12. E. E. PARENT-TEACHER ASSOCIATION SCHOLARSHIP

ANNE KENNEALLY

## Report of the Water Survey Committee

This report is submitted in accordance with the provisions of Article 2 of the Special Town Meeting of April 20, 1950, which Article reads as follows:

Article 2. VOTED: that an appropriation of one thousand dollars is hereby made by a transfer of the sum of one thousand dollars from available funds in the treasury, for the purpose of making a study and survey of water distribution system, said survey to include the present system and any needed changes or extensions, also to include a study of the operation of the water department, water rates and related matters, and that a committee hereby appointed be authorized to make said survey be the members of the Board of Selectmen, members of the Water Commissioners and Mr. Frank N. Houghton, a member of the Finance Committee, and said committee is authorized to engage competent engineers to make such survey, and a report of the findings of the survey together with the recommendations of the committee shall be made to the town in such form as the committee shall determine.

That Article calls for a report on the findings of the survey, and for recommendations of the committee.

The report, submitted by the engineers, Whitman & Howard, has been printed and circulated to the townspeople in a separate pamphlet.

The committee has a few remarks to offer, followed by its recommendations. These are given below:

### Remarks

(1) Your Committee has reviewed this report and the basis for it in considerable detail with the engineers, Whitman & Howard, and believes that its suggestions and recommendations are sound.

(2) The present water system of the town does not supply adequate water for fire protection, except in a very few sections.

(3) The system proposed by the engineers would provide adequate water for fire protection for practically all areas of town. This is the principal advantage of the proposed system. There would also be a general improvement in circulation in some areas, and there would be some new mains on streets not now served.

(4) The proposed system is in the general form of a circular or belt system around the town, with cross-links throughout from one section to another, so that at practically any point in the system the water can flow from two directions instead of from one as at present. This doubles the flow to each point.

(5) Consideration has been given to providing our own supply of water from wells driven in some section of town, rather than buying from Brockton as at present. However, the cost of water from Brockton is relatively low even with the recent increase, and the water is of good quality. Furthermore, the cost of our own standpipe and pumping station are estimated by the engineers at over \$200,000, with probability of 3 years at least before delivery and installation could be accomplished as conditions are now.

(6) If we should at some future time decide to provide our own water supply, that will have practically no effect upon the system proposed by the engineers. Our own water supply could tie in effectively with the proposed system at any one of a number of points in the principal 10" main which would surround most of the town.

### **Recommendations:**

(1) That the Town accept the report of the engineers, Whitman & Howard, as the basis for extensions, replacements and improvements in the water system of East Bridgewater which are made from now on. It will be noted that two Articles in the warrant follow recommendations

of specific items in the survey report. One of these Articles relates to the extension on Pleasant Avenue, and the other to installing a large meter at Brown's Crossing.

(2) That the changes listed under Priority 1 and Priority 2 of the report be done at the same time rather than separately, and that Priorities 3 and 4 be done some years later than Priorities 1 and 2. The reasons for this recommendation are given in the report.

(3) That these changes be not approved for this year, but that they be deferred until 1952 at the earliest, and perhaps until later, according to conditions at the time. Reasons for this recommendation are:

- (a) The town is now paying off the Central School loan and two other smaller loans. It seems unwise to add to this burden a loan which will be larger than all of these other loans combined.
- (b) The increase in tax rate for doing Priorities 1 and 2, as stated in the report, will be about \$6 per year, running for 15 years and falling to about \$5 at the end of that time. With the expected considerable increase in town taxes and State and Federal taxes during 1951 and for the indefinite future, we do not believe that the town is in a position to take on this extra burden at the present time.
- (c) Availability and prices of materials are uncertain, and so are deliveries. Quality of materials generally falls in times like these.

(4) That the improvements recommended by the engineers should nevertheless be given a high priority, and should be undertaken before any other major projects.

FRANK N. HOUGHTON  
EDMUND W. NUTTER  
CLARENCE E. ANDERSON  
JOHN J. CLARITY  
CHARLES L. LELAND  
MICHAEL J. McCARTHY  
CECIL W. HOYT

**Additional Statement**

We agree with the foregoing report, but believe further that opportunity should be given to the voters to decide at the annual town meeting the question of voting on the matter of proceeding with the project as outlined in the engineers' report and on the question of authorizing a bond issue to meet the expenses of the project.

JOHN J. CLARITY  
CHARLES L. LELAND  
CECIL W. HOYT

## Report of Traffic Survey Committee

Through action under Article 23 of the annual Town Meeting of 1950 a vote was passed authorizing the appointment of a special committee to study and make recommendations on traffic and off-street parking, a copy of the vote authorizing the appointment is herein included.

“Article 23. To see if the town will vote to authorize the appointment of a special committee to include the members of the Board of Selectmen and five persons appointed by the Moderator to make a study of motor vehicle traffic in this town and parking, including off-street parking and instruct said committee to make a report at a future town meeting.”

In accordance with the above article a committee was appointed consisting of the following members: Clarence E. Anderson, Ralph H. Keith, C. Robert Lindquist, L. Norris Luddy, Michael J. McCarthy, Edmund W. Nutter, Arnold C. Swanson and Carl R. Edson. At an organization meeting held January 13, 1950, L. Norris Luddy was elected chairman and Carl R. Edson clerk.

At the early meetings of the committee, exchanges of ideas and reports of members who had visited parking areas in nearby towns were helpful in bringing into focus the parking problem as it exists in our town.

At later meetings, the matter of parking specifically as it relates to East Bridgewater was considered. In view of our relatively narrow streets, which make diagonal parking in most places impractical it became apparent that some provision for “off-street parking” would be necessary. The first step in this direction was to determine a location for an adequate parking area near the business section.

The cross-sectioned area of the map shown on the last page of the Town Report indicates the proposed parking lot which would take care of approximately 160 cars and which would have entrances on both Central and West Union Streets.

Having decided that this would be the most desirable location, invitations were issued to owners of the land to meet with the committee. At a meeting held January 24, 1950, three of the land owners expressed a spirit of cooperation; other land owners were later approached, and all found to be in sympathy with the project.

Because of present conditions and expenditures, it was felt that no appropriation should be requested for another year. However, it is agreed that the problem should be given thorough study and consideration, and preparations made so that action may be taken at the earliest possible date.

The committee expresses its willingness to continue the work with this and other aspects of the traffic problem if it is the pleasure of the Town.

Respectfully submitted,

L. NORRIS LUDDY, Chairman  
CARL R. EDSON, Clerk  
EDMUND W. NUTTER  
MICHAEL J. McCARTHY  
CLARENCE E. ANDERSON  
ARNOLD C. SWANSON  
RALPH H. KEITH  
C. ROBERT LINDQUIST

## Report of the Board of Selectmen

1950 has been a year of many and varied problems for the town and the board. Their consideration has been facilitated by the kind and cooperative assistance from town boards and officers and the interest displayed by many citizens of the town who made very helpful suggestions.

In June the new consolidated 18-room school building was dedicated providing accommodations for pupils in Grades 1 to 6, inclusive. We believe that the citizens feel justly proud of this addition to our community. The town acquired by purchase the Hobart estate, intended to be available for future development. A survey of the water distribution system was authorized, traffic and off-street parking is being studied, and attention is being focused on developments for the future.

Many citizens have discussed the formation of a town planning board and the development of a zoning system for the general benefit of property owners. We feel that the adoption of such a plan would be of general benefit to all.

### Purchase of Hobart Estate

At a town meeting last summer a vote was passed appropriating \$25,000.00 for the purchase of the Hobart estate on Central Street. We commend the purchase as an exercise of vision. The estate includes two dwellings and 43½ acres of land with frontage on Central and Bedford streets. The acquisition of this property provides the opportunity for a long-range municipal planning program. You might envision this property as the site for a new high school, when such a project becomes necessary or the construction of a new town hall, for the development of a central playground or athletic field or any other community activity which might be endorsed by the town.

We believe that both buildings on the property should be put to public use. Plans are now well developed to

transform the larger building into a town office building. A recommendation as to the amount of money needed for this purpose and the plan will be presented to the annual town meeting this year. We intend to preserve the gardens and planting on the grounds undisturbed. In the proposed office building only a few minor changes will be recommended before it is ready for occupancy by town departments. The major cost will be for the installation of vaults for the safe storage of records. Town vital statistic records and other records must not be jeopardized, they should always be deposited in a place secure from fire or other destructive forces. We have engaged an architect to plan for our needs in this respect. Two vaults will be needed, one with entrance on the first floor for the active records used daily and a storage vault on the basement level for the storage of official papers which must be retained for a definite period before they can be destroyed and for other records not in current use. We hope that if an appropriation is granted for this work that it may be completed in time to have the town departments move into the building sometime this year.

The smaller building on the estate will eventually be needed for municipal purposes. The director of civilian defense has indicated to the selectmen that as the local civilian defense program is expanded he intends to request that this building shall be made available for divisions of the civil defense and for training.

### **Loam Removal By-Law**

Under legislation enacted by the General Court in 1949, Chapter municipalities were authorized to amend existing by-laws by the addition of a section regulating or prohibiting the removal of loam, top soil, sand or gravel from land in the municipality except under a permit issued by the selectmen.

Many requests were received from townspeople that such a by-law be adopted. Therefore the board called a special town meeting on October 5, 1949, where the by-law

was adopted by unanimous vote. Under the provisions of the by-law if the owner desires to remove soil, loam, gravel or sand from the land, he must file a petition for a permit with the selectmen. Notice of a hearing on this petition is given by publication in a newspaper stating the date of the hearing.

Several petitions have been received and public hearings held thereon. Public interest in the petitions has been genuine as indicated by the number of persons who have attended these hearings.

In one instance pending the hearing, an applicant removed loam and was summoned into the District Court for violation of the by-law. Fines were levied by the District Court.

There has also been a bill in equity brought against the town testing the validity of the by-law. No decision has been rendered as yet by the court, but indications are that the matter will eventually reach the Supreme Court. This involves an expense to the town which must be met if the people desire to have this by-law.

The preservation of the available loam and soil in our town, we regard as a conservation measure. If the fertile loam from a farm is removed for the purpose of grading lawns and grounds elsewhere and generally transported to other municipalities, the land stripped here becomes unfit for agricultural purposes and practically valueless. Many towns in Plymouth County have adopted or are about to adopt similar by-laws. Our defense of our by-law in the courts is of vital interest to every community in the Commonwealth which has adopted such a by-law. We intend to continue the court cases until a final decision is reached unless instructed otherwise by the town.

## **Chapter 90 Highway Recommendations**

We believe that a progressive Chapter 90 highway program should be continued. This year the board is to make the following recommendations to the annual town

meeting. For the continuation of the reconstruction of Spring Street started in 1950, an appropriation by the town of \$2,500.00 which, with an allocation of \$5,000.00 by the state and \$5,000.00 by the county, will make \$10,000.00 available for this project this year. Completion of the reconstruction of this street will establish a direct route to West Bridgewater by the way of Route 106 which is a connecting route for points in the central part of the state. The second recommendation will be for the continuation of the resurfacing program started last year. This year the proposed work is to commence on Pleasant Street, near the Union Congregational Church, and extend from there to North Central Street and we hope that if favorable prices are secured that the resurfacing may reach the railroad crossing on North Central Street. It is proposed to request an appropriation of \$1,500.00 by the town with the allocations by the state and county making \$6,000.00 available for this project. Both projects mentioned herein are to be done by contract.

Under Chapter 90 maintenance an appropriation of \$1,000.00 will be requested which, with state and county money, will make \$3,000 available for this work. It is proposed to use this fund to widen the traveled way on West Street (Route 106) near Elmwood Center. At present the traveled way is narrow and dangerous. All three projects mentioned have been approved and allocations of funds granted by the state and county. The maintenance project on West Street would be done by town forces.

### **Town Hall**

The town hall was returned to public use in mid-summer after being used exclusively for school purposes during the shortage of classroom space following the destruction of the Allen School by fire. The town hall is not self supporting from fees for its use, but nevertheless the community must maintain such a building for certain public functions and general use in certain categories.

A substantial sum of money was expended in putting

the building in condition again for public use, some of this expense to meet the rigid safety regulations now in effect. Emergency lighting has been installed as approved by the state inspector and the stage has been made available for certain types of use. Owing to the expense of the installation of an asbestos curtain, a requirement if scenery is used, the hall cannot be leased for the presentations of plays or any type of entertainment where scenery is used. Attention must be called to the law which prohibits the use of any decorations other than those treated with fireproofing coating. Under no conditions can any pine, evergreens or other inflammable material be used. This would result in the revocation of the license granted the town to use the hall and the manager of the hall is instructed to cancel the lease for use of the hall instantly and not permit its use if there is failure or unwillingness to comply with the safety laws. Henry Tsika has been appointed manager of the town hall and his work has been outstanding and the board has been pleased with the favorable comments received regarding his work and co-operation with those who have used the hall.

The scale of prices established for use of the hall is as follows:

#### PRICE SCHEDULE

Evenings, 7:30 to 12	\$15.00
Additional hour	5.00
Afternoon meetings (without panitor service)	5.00
All day meeting to 6 P. M.	10.00
Business meeting evening 7:30 to 10:30	10.00
Rehearsals	3.00
Two days and evenings—consecutive	25.00
Lower hall, evenings 7:30 to 11	5.00

Heat is provided October to April 1. Lights provided. Manager is in attendance in evenings, but not provided for in schedule for day meetings. Any additional work re-

quired by parties engaging the hall which require extra services, will be paid for in addition to the above schedule at the cost of such services to the town.

Authorization for the leasing of the town hall is vested in the town hall manager, except in certain requests for use of the hall which must be referred to the selectmen for their approval.

### **Civil Defense**

With unsettled conditions in the world and the uncertainty now prevailing, the possibility of war is recognized. War in its modern concept is not a far distant happening. Through the development of science, the use of potent bombs from air-carriers, all realize that the horrors of destruction may strike any community.

With this knowledge and in anticipation of the necessity of having the civil population trained to protect itself from such attacks and give aid to his neighbor, a civil defense program has been established. Mindful of the need for a civil defense agency which is a legal function of the government the General Court in 1949 established a civil defense program for community training. The federal government in December, 1950, created such an agency by legislation. It is fundamental that in such a setup the most important efforts must be made at the community level. This setup will be coordinated through state and federal assistance in planning, information and instruction. In January Michael J. McCarthy, appointed director of local civil defense by the board of selectmen, was approved in this appointment by John F. Stokes, state director. The local organization for training is being blue-printed and will be announced shortly. It is a program in which everyone in town will be requested to take part. Our motto will be, "No hysteria, I am doing this in order to be able to protect myself in event of disaster and to aid my fellow citizen." An appropriation will be requested at the annual town meeting for the civil defense program. The amount which may be needed has not been determined yet.

### **Perambulation of Town Lines**

The Massachusetts statutes require that the boundary lines of the town be perambulated every five years for an examination of the lines and corner stones. The perambulation is conducted with the designated officers of the municipalities adjacent. In 1950 the lines were perambulated with officers of the towns of Bridgewater and West Bridgewater and the City of Brockton. No notice of perambulation was received from two of the bordering towns and hence this matter is pending. In the perambulation of the line between East Bridgewater and Whitman, one corner stone was found broken and an appropriation will be requested this year to replace it.

### **Town Dump**

The maintenance of the town dump is one of the most distressing problems with which the board has to cope. Carelessness on the part of the users has contributed to the problem. Dumping should be done only in the designated area. The unauthorized use of the dump by persons from outside town has also been noted as increasing. Three times in the last two years the caretaker's shack has been destroyed by fire. These fires have undoubtedly been of incendiary origin. The board hereby declares that it will pay \$50.00 to anyone who can present evidence to prosecute and convict any person or persons responsible for these incendiary acts of the past or in the future. The use of the dump does not permit the dumping of garbage. This year the board proposes to erect new signs at the dump with certain information and also to issue rules and regulations relative to the use of the dump.

### **Traffic and Off-Street Parking**

A special committee of which the selectmen are members has studied traffic problems and off-street parking during the year. Their report printed this year deserves careful consideration for the future.

### **Water Survey Committee**

The board members have served during the year on the special committee appointed to make a survey of the water distribution system of the town. Here again we find that their report should be of high value to the town in providing a basic plan for the improvement of the water system and for added fire protection.

### **Revision of Town By-Laws**

Two members of the board were appointed by the Moderator to the committee authorized to report on a revision of the town by-laws. No action of a definite nature was taken this year, pending definite knowledge of two important matters, one the final adjudication on certain phases of the by-law relating to loam and top soil removal and the other is to await any action which might be taken by the annual town meeting in 1951 on a favorable vote to authorize the election of a planning board and the consideration of protective zoning by-laws. We understand that a petition to place the question of a planning board before the town this year is to be presented for consideration by a group of interested citizens.

### **Disposal of Town Property**

During 1950 the board has requested and received from a town meeting authority to sell at public auction certain properties formerly in use for school purposes. Of the four authorizations given by the town meeting three of the pieces of property have been sold, each at public auction. The land and building formerly known as the Pond School was bid in at \$1,150.00; the Allen School lot on Central Street bid in at \$1,050.00 and the land and building formerly the Elmwood School was bid in at \$1,350.00. Deeds were given to each of the successful bidders and the amount bid received by the town. The board has authorization to sell at public auction the land and building formerly known as the Beaver School. Interest has been expressed in the purchase of this property

by two groups as well as some individuals. It was decided to defer action on the sale of this property until after the town meeting in 1951 when the matter may be discussed again. The Northville School property still remains to be disposed of.

### **Fire Radio Broadcast**

We are now able to avail ourselves of the important service afforded by the forest fire radio broadcast service. This fall through a transfer of funds money was provided to equip one of the forest fire trucks with this equipment. Funds have been included in the estimate for the fire department for this year to provide similar equipment for the other forest fire truck. We recommend that this be done.

The board expresses its appreciation for the help and cooperation which it received in 1950 from boards and officers and townspeople.

MICHAEL J. McCARTHY, Chairman  
EDMUND W. NUTTER, Clerk  
CLARENCE E. ANDERSON,  
Selectmen.

## REPORT OF THE SCHOOL BUILDING COMMITTEE

At the dedication on June 17, 1950, the building was formally turned over to the town by the building committee and from the town to the school committee for management. We believe that the building erected meets the needs of the town for an elementary school in conformity with the best standards of education. The committee is pleased that it adhered in the selection of a conventional type of building which will in our opinion always be in style. To the committee this colonial type of structure was best suited to the area where it was built. The committee has always been of the opinion that the town will feel more satisfied with this building than with the types of experimental buildings being constructed in many communities.

Early this fall one defect appeared in a partial failure of the waste disposal system to function properly. After a study by the architects and the special engineer who designed the system, with the approval of the state board of health, changes were made which we have been assured will be adequate.

The Central School which we dedicated is the result of constructive planning and a studied effort to provide for the town a modern and adequate school plant. This building has been undertaken with a view of the possible growth of the town and the future development of other structures which may be erected to meet the needs of an expanding enrollment.

This building is a logical step in the important planning program which it is hoped the town will follow. It brings into reality for the first time a consolidated program. The building is designed to bring within one school all pupils in grades one to six inclusive. The committee envisions the future expansion of this building by the addition of classrooms as the need develops.

The majority of the members of the committee have served since the authorization of a school building commit-

tee at the annual town meeting on March 11, 1941. They have been through various stages to determine the most appropriate action to take and, they have had opportunity to study the question of suitable housing with a broad long range program in mind. In doing this they have held conferences with the leading architects in the state, visited schools built immediately before the war and considered recommendations of educational school planners. This committee was appointed to study the needs of the town in the matter of planning an enlarged elementary school building.

The original recommendation of this committee was of temporary character and provided for an addition of two rooms to the Allen School. Before the special meeting to consider this recommendation, however, a structural defect discovered at the Allen School made this plan unsound and the committee recommended instead that temporary repairs as recommended by the engineers be made. This recommendation was accepted and a committee was appointed and authorized "to make a study of the needs for a new elementary school building and have prepared suggested plans for a new elementary school building." An architect was selected and the preliminary work done on plans for such a school building. However, with the advent of World War II building operations were seriously curtailed and the committee felt that it was not a proper time to proceed with the erection of a building.

As the war ended it was hoped that building conditions might become more favorable. Therefore the committee recommended the purchase of the Calliendo property on Central street as the site for the school. At a town meeting on October 29, 1945, it was voted to purchase this property. The site contains 6.2 acres and meets the requirements for a satisfactory site for a school of 500 to 600 pupils as advocated by leading school planners.

The committee presented a report to the annual town meeting in 1946 and the vote passed at the meeting authorized the committee to secure an architect and prepare

plans. It was voted to have the school building committee apply for federal assistance in the expenses of planning. An allocation of \$7,000.00 was granted by the Federal Bureau of Community Facilities of which one half, \$3,500.00, was immediately available. The balance was due when the plans and specifications were completed. The second part of the allocation was not requisitioned and with the approval of the present building plans the town repaid to the federal government the amount received as an allocation. At a town meeting on August 26, 1946, the sum of \$5,000.00 for architectural and engineering expenses was voted and at the annual town meeting on March 1, 1948, a transfer of \$19,000.00 from the Allen School Fire Insurance Reserve was voted as additional funds for architectural planning. The destruction of the Allen School by fire made the need for expansion serious and necessitated overcrowding at the Senior-Junior High School, the exclusive use of the Town Hall for school purposes, and the re-opening of the Beaver School to care for grade school pupils.

The committee selected Perry Shaw and Hepburn, Kehoe and Dean, of Boston, as architects, a firm with an outstanding record in the design and construction of buildings. The committee feels that the present structure justifies the selection. After the purchase of the site in 1945 the committee had in mind the type of structure needed to meet the requirements of the elementary grades. This was developed most satisfactorily by our architects. The committee decided to await the actual start of construction until the time when contracting prices seemed favorable. Late in 1948 it was considered that we were approaching such a period. The architects were directed to have working drawings and specifications made ready. The recommendation for the present building was made to the town meeting on March 7, 1949, and the town, by a unanimous vote, authorized the construction under the plan presented by the committee.

Bids on the proposed construction were publicly opened on May 5, 1949, at the Senior-Junior High School auditorium. The contract for the construction was awarded to

Clark & Smith, Inc., of Quincy, the low bidder. The ground breaking was held at the site with informal exercises on May 20, 1949.

The annual town meeting on March 6, 1950, voted to name this building Central School

The committee considers the building an ideal arrangement for the needs of an elementary school and superior to many which were viewed. The building, designed in colonial type of architecture with landscaped grounds and recreational areas for pupils, gives the town a school in which it may take justifiable pride.

The committee expresses its appreciation to the architects, contractors, subcontractors, school committee and all citizens who have made constructive suggestions which have aided the committee.

It is our sincere belief that the new building is a fitting addition to the educational facilities of our town. We have attempted to have in our town a school fully equipped to meet the needs of modern education and we trust that it will prove to be an incentive to teachers, pupils, and the community to achieve further results in education and in community planning.

### **General Description**

The general design of the exterior of this school building is of colonial character. The sloping lot has given the advantage of having two ground floors, no pupil is more than one floor above the ground. The class room window areas are oriented to southeast and southwest sides of the building, which has proved to be the best for natural lighting of class rooms. The cupola on the roof exhausts air from the class rooms and also houses the yard gong of the school. The school is accessible from both Bedford and Central streets for use of school buses and cars. Suitable parking area has been allotted for cars and also bicycle racks with a shelter. A playground has been designed in the rear for out-door activities, the lower grades of the

school have access to the playground directly from their class rooms.

The interior design and plans are based on the latest teaching methods. Allotment of areas and rooms for various activities has been made to conform to sound teaching practices.

The eighteen classrooms are designed for flexibility, the teacher has ample room for activity groups. Every room has a stainless steel sink and drinking fountain. There are individual cubicles for the storage of the work of pupils under the windows, with a linoleum counter top at window sill height for the display of pupils' work.

The class rooms are ventilated and heated by unit ventilators which are individually and automatically controlled in each class room. The green chalk boards ease the glare and strain on the pupils' eyes. Cork tack board strips above the chalk boards are for pin up of pupils' work and picture plates. Map rails are provided for hanging of charts, etc.

The movable pupils' desks, made by the American Seating Company, have adjustable tops,  $20^{\circ}$  slope for reading, writing and drawing,  $10^{\circ}$  less slope when needed for other work, and a level for clay modeling, block arrangements, etc.

The All Purpose Room has been designed with economy in mind for the following functions:

For Auditorium purpose, folding chairs, with fixed hardware which can be readily stored under stage. Seating 300 pupils.

For Lunch Room purpose, 10 recessed tables and benches which pull down, seating 200 pupils. The Serving Kitchen with equipment to serve light lunches. There is a roll down wall for concealing the kitchen when not in use. This room also used as play area in cold and inclement weather.

The Medical Unit is designed to accommodate the most modern program for the supervision of the health of the pupils.

A complete dentist unit is installed where the teeth of the children may be given proper care and where parents may receive suggestions for improving the oral hygiene of the children.

The Library is designed for storage of books and also a branch of the main Town Library for the lending of children's books.

There is ample storage room in the ground floor and attic for use of the school and school department.

A sprinkler system has been installed in all rooms, and fireproof fire stairs are located at the end of each corridor for the safety of the pupils.

The lighting throughout the building has been designed by expert lighting engineers. Full advantage is taken of natural daylight by a generous use of glass areas. The class room artificial lighting provides 25 foot candles per square foot at the desk line.

A generating unit operated by illuminating gas will provide power for operation of oil burners as well as emergency lighting in event of a power failure.

A sound system with controls in the principal's office connects to all rooms in the school so that special programs, announcements, etc., may be broadcast.

## Statistics

### 18 CLASS ROOMS

Size 32 x 22 feet.

Maximum seating, 35 pupils.

Activity area in rear.

Stainless steel sink and counter.

Wood cubicles under windows for storage.

Wardrobes and storage closets.

## ALL-PURPOSE ROOM WITH STAGE

Size 66 x 40 feet.

Auditorium seating 300 pupils.

Lunchroom seating 200, with serving kitchen.

Play area.

## ADMINISTRATION ROOMS

Principal's office with toilet.

General Office.

Waiting Room.

Library.

## MEDICAL DEPARTMENT

Nurses' Room.

Doctors' Room.

Dentists' Room (complete equipment).

## TEACHERS' ROOM.

## BOILER ROOM

2 Boilers.

## HEATING SYSTEM

Low pressure continuous flow steam system.

Automatic oil burner (2 boilers).

Unit ventilators in class rooms.

BOYS' AND GIRLS' TOILETS on each floor.

AREA OF SCHOOL SITE—Approximately 6 acres.

AREA OF BUILDING—12,695 square feet.

VOLUME OF BUILDING—545,000 cubic feet.

## TYPE OF CONSTRUCTION

Concrete Foundations.

Brick Bearing Walls.

Wood Framed Floors on Steel Frame, with Asphalt Tile Flooring.

Wood Framed Roof with Slate Covering.

All Purpose Room and Stairs Fire Proof Construction.

Sprinkler System Throughout Building.

### **Gifts Received**

The following gifts to the Central School were acknowledged at the dedication exercises:

UNITED STATES FLAG—Presented by the Hostess Group of World War II.

STATE FLAG OF MASSACHUSETTS—Presented by the Kiwanis Club of East Bridgewater.

PLAYGROUND EQUIPMENT — East Bridgewater Commercial Club.

DONATION OF MONEY FOR THE PURCHASE OF PLAYGROUND EQUIPMENT — Woman's Club of East Bridgewater.

DONATION OF MONEY FOR THE PURCHASE OF PLAYGROUND EQUIPMENT — Parent-Teachers' Association.

PRESENTATION OF PICTURES FOR THE TEACHERS' ROOM—Mrs. Walter B. Bannerman.

PRESENTATION OF SHOVEL USED IN THE GROUND-BREAKING EXERCISES—Michael J. McCarthy.

### Recapitulation of Contract Expenditures

Clark & Smith, Inc., General Contract . . .	\$477,330.76
Perry Shaw and Hepburn, Kehoe and Dean, Architect fees and expenses . . . . .	37,925.97
Expenses: Clerk of Works, Etc. . . . .	5,136.88
Bay State Nurseries, Inc., landscaping . . .	5,900.00
Equipment and Furnishings . . . . .	22,448.90

The committee plans to present a statement of expenditures in detail in the 1952 town report. This has been deferred until final adjustment has been made on the allocation of the state building assistance grant. The committee desires that it be continued as a unit until this final report is presented.

## Report of the Board of Health

---

Board of Selectmen,  
East Bridgewater, Mass.

Gentlemen:

Report of Board of Health for year 1950 is as follows:

Routine inspections and duties were conducted as usual during the year.

Immunization clinic was held for pre-school as well as school children.

At Plymouth County Hospital there were four cases of pulmonary tuberculosis from this town—two cases were discharged after treatment.

Expenses of Board of Health have been increased only by care of premature infants which by State Law comes under the health department of town and cities in the Commonwealth.

Respectfully submitted,

PUTNAM STEELE,  
Clerk.
